As The United States Goes So Goes The World:

As China Goes, So Goes the World Karl Gerth, 2025-10-16 In this revelatory examination of the most overlooked force that is changing the face of China the Oxford historian and scholar of modern Asia Karl Gerth shows that as the Chinese consumer goes so goes the world While Americans and Europeans have become increasingly worried about China's competition for manufacturing jobs and energy resources they have overlooked an even bigger story China's rapid development of an American style consumer culture which is revolutionizing the lives of hundreds of millions of Chinese and has the potential to reshape the world This change is already well under way China has become the world's largest consumer of everything from automobiles to beer and has begun to adopt such consumer habits as living in large single occupancy homes shopping in gigantic malls and eating meat based diets served in fast food outlets Even rural Chinese long the laggards of consumerism have been buying refrigerators televisions mobile phones and larger houses in unprecedented numbers *As China Goes So Goes the World* reveals why we should all care about the everyday choices made by ordinary Chinese Taken together these seemingly small changes are deeper and more profound than the headline grabbing stories on military budgets carbon emissions or trade disputes

Let the Righteous Many Step Out Samuel Sako, *Let the Righteous Many Step Out* is a bold call for 21st century Christian involvement in politics especially in the area of political leadership a subject considered taboo in some Christian circles Jesus taught a lot on public affairs and His teachings and principles in this area are more than those of any philosopher or thinker These profound Kingdom driven principles influenced the very foundational values of the free and democratic world The aim of this author is twofold 1 To prod every righteous man reading this book to come to terms with getting involved in politics and or rising up to political leadership without self demonization 2 To persuade the political leadership especially in the free world to rethink the present policies of distancing democracy from Christian values that assault the heart and conscience This book will bring out the evangelical vote and catapult many Christians and christian leaders into electoral positions in all growing christian democratic societies It is also a good manual on good governance from an American and a Judaeo Christian worldview Due to the lack of education about the events leading to the founding of America a single phrase by Jefferson has been far perverted from its original meaning by him and the original intention of the founding fathers of Christian democratic America by modern day humanists and atheists That is the famous wall of separation between Church and state We have endeavoured to clarify public and political opinion on the subject from a biblical perspective using the actual wording by those from that time There is a spirit in these few pages to give every serious Christian a vision in politics to stir you up out of the armchair of an observer and discard indifference and resignation dictated by fear or defeat to take a step ordered by the Lord to get involved and correct the moral decay in our society from inside the system

The Business of War James A. Tyner, 2006 The Business of War considers the myriad ways in which transnational labour migration intersects with the occupation of Iraq and examines the role of the USA in the Middle East The book places the war on terror within the practices of neoliberalism but also links this with migration issues and argues that it is all part of a larger business of conflict
