We All Fall Down, by Robert Cormier Mika Rodic, 2000 **All Fall Down** Megan Hart, 2011-12-27 In the midst of a chaotic midnight assembly, Sunshine is forced outside into the darkness. Holding a scrap of paper scrawled with a stranger's name and address, Sunny grasps the hands of her three small children and begins her escape. Liesel Albright has dreamed of starting a family. She never bargained on inheriting one already in progress or one so deeply damaged. When nineteen-year-old Sunshine appears on the Albrights' doorstep claiming Liesel's husband, Chris, is her father, all they can think to offer is temporary shelter. The next day they're stunned by the news that the Family of Superior Bliss, led by a charismatic zealot, has committed mass suicide. Sunny and her children haven't just left the compound; they've been left behind. Now, instead of a baby of her own, Liesel must play mother to the four survivors while Chris retreats into guilt and denial. For Sunny, however, a lifetime of teachings is not easily unlearned. No matter how hard she tries to forget, an ominous catechism echoes in her mind, urging her to finish what the Family started.

Girls Fall Down Maggie Helwig, 2008 The 2012 One Book Toronto title. Shortlisted for the Toronto Book Award. A girl faints in the Toronto subway. Her friends are taken to the hospital with unexplained rashes; they complain about a funny smell in the subway. Swarms of police arrive, and then the hazmat team. Panic ripples through the city, and words like poisoning and terrorism become airborne. Soon people are collapsing all over the city in subways and streetcars and malls. Alex was witness to this first episode. He's a photographer of injuries and deaths for his job at the hospital and of life in his evening explorations of the city. Alex's sight is failing, and as he rushes to capture his vision of Toronto on film, he encounters an old girlfriend, the one who shattered his heart in the eighties while she was fighting for abortion rights and social justice, and he was battling his body's chemical demons. But now Susie Paul is in the midst of her own crisis: her schizophrenic brother is missing, and the streets of Toronto are more hostile than ever. Maggie Helwig, author of the critically lauded *Between Mountains*, has fashioned a novel not of bold actions but of small gestures showing how easy and gentle is the slide into paranoia and how enormous and terrifying is the slide into love. The depth of her understanding fills this book with moving scenes and striking perceptions. *The Globe and Mail* about *Between Mountains*: With pitch-perfect prose, Helwig shows huge
