The Golf of Your Dreams Robert J. Rotella, Dr. Bob Rotella, 1997-11-07 Fifteen years ago the average American male golfer s handicap was 16 2 The average female golfer s handicap was 29 Today the average American male golfer s handicap is 16 2 and the average female golfer s is 29 American golfers have not gotten any better World renowned performance consultant and sports psychologist Dr Bob Rotella author of the best selling books *Golf Is Not a Game of Perfect* and *Golf Is a Game of Confidence* has written *The Golf of Your Dreams* for the golfer who is determined to get better but hasn t figured out how to go about it Building on his success with golfers Dr Rotella now teaches and details a plan for lowering your handicap ensuring your improvement if you follow his plan His program for success in playing the golf of your dreams is based on strategies found to be successful with tour players such as Tom Kite Brad Faxon

Pat Bradley and Davis Love III and is similar to approaches used by Rotella's other clients who are top athletes in a variety of different sports. Whereas *Golf Is Not a Game of Perfect* and *Golf Is a Game of Confidence* covered the mental aspects of the game, *The Golf of Your Dreams* offers a programmatic guide for getting down to scratch or single digits. It is an approach that Dr Rotella and his clients have tested for over twenty years, one that has been proven to work consistently with all levels of golfers. Dr Rotella knows that if you want to play your best golf ever, you must admit to yourself that you want to be good and that you have the necessary talent to play well. But that's not all. You must commit yourself to a process that will improve your game. In *The Golf of Your Dreams*, Dr Rotella provides tips on how to Choose the right teacher, professional Communicate your dreams and goals to your teacher, Get your teacher to teach you as a student serious about improving, Make a plan for improvement with your teacher and stay committed, Sustain and honor your commitment, Break old habits and develop new ones, Practice efficiently and effectively so you can take your learning from the practice area to the golf course. Dr Rotella also discusses a piece of very good news for any golfer: Great physical ability is not required in order to play exceptional golf. Rotella demonstrates how characteristics such as desire, patience and persistence more than physical talent enable golfers to improve their performance dramatically. When these characteristics are combined with a proven plan for success, modest talent is more than enough. Dr Rotella will reveal why despite the billions of dollars they have spent on new golf clubs, balls and lessons, average American golfers' skills are stagnant and their performance is lackluster year after year. Dr Rotella knows above all that simply reading a book or watching a video will not make anyone a better golfer. But reading *The Golf of Your Dreams* will make you keenly aware of what you have to do in order to play the kind of golf you've always sensed you were capable of playing.

The Right Start: Build Your Brand to Survive and Thrive in Corporate America David Harrison, Simon Heart, 2020-06-12. Finally, a book for the corporate newbie that sheds light on the strange and mysterious world of Corporate America. Often the difference between the hot shot brand builders who rise to corporate success and the brand burners who crash and burn early in their careers is seldom about intelligence or even hard work. That would be too straightforward. Corporate survival and ultimate success are more often about who understands the Unwritten Rules of Corporate America. Who knows how to play the game properly, What stupid mistakes to avoid, When to raise their hand at the right time and in the right way to claim that shining brand building opportunity. With 70 years of combined corporate experience, Harrison and Heart share their stories of success and failure in order for the rest of us corporate newbies and anyone who could use a primer on corporate culture to best navigate around the common pitfalls and stumbling blocks of the early corporate years.
