Journey to Enlightenment Susan Lightwater,2000-04-28 Journey To Enlightenment is a book for the truly sincere individual in search of spiritual progression It comes from a true source remembered from counselors on a higher level who are interested in teaching mankind to not get so attached with the illusions on this plane That we are only living in a shadow of a shadow of reality That we can come to truths not by listening to others but by going within our own God Self for the answers and getting in tune with our intuition The journey into enlightenment is magical but not gained by magic It takes hard work and a deep commitment towards that aim It takes the understanding that the hardest thing to overcome is also within The ego is the part of us that wants control and we freely give it full reign It is not until we can control our thoughts learn to live in the silence and accept what is our life that we will come to our true selves
