Censorship A World Encyclopedia presents a comprehensive view of censorship from Ancient Egypt to those modern societies that claim to have abolished the practice For each country in the world the history of censorship is described and placed in context and the media censored are examined art cyberspace literature music the press popular culture radio television and the theatre not to mention the censorship of language the most fundamental censorship of all Also included are surveys of major controversies and chronicles of resistance *Censorship* will be an essential reference work for students of the many subjects touched by censorship and for all those who are interested in the history of and contemporary fate of freedom of expression A Companion to Herman Melville Wyn Kelley, 2015-08-17 In a series of 35 original essays this companion demonstrates the relevance of Melville s works in the twenty first century Presents 35 original essays by scholars from around the world representing a range of different approaches to Melville Considers Melville in a global context and looks at the impact of global economies and technologies on the way people read Melville Takes account of the latest and most sophisticated scholarship including

postcolonial and feminist perspectives Locates Melville in his cultural milieu revising our views of his politics on race gender and democracy Reveals Melville as a more contemporary writer than his critics have sometimes assumed What Really Happened in the Garden of Eden? Ziony Zevit,2013-11-26 A provocative new interpretation of the Adam and Eve story from an expert in Biblical literature The Garden of Eden story one of the most famous narratives in Western history is typically read as an ancient account of original sin and humanity's fall from divine grace In this highly innovative study Ziony Zevit argues that this is not how ancient Israelites understood the early biblical text Drawing on such diverse disciplines as biblical studies geography archaeology mythology anthropology biology poetics law linguistics and literary theory he clarifies the worldview of the ancient Israelite readers during the First Temple period and elucidates what the story likely meant in its original context Most provocatively he contends that our ideas about original sin are based upon misconceptions originating in the Second Temple period under the influence of Hellenism He shows how for ancient Israelites the story was really about how humans achieved ethical discernment He argues further that Adam was not made from dust and that Eve was not made from Adam's rib His study unsettles much of what has been taken for granted about the story for more than two millennia and has far reaching implications for both literary and theological interpreters Classical Hebrew in the hands of Ziony Zevit is like a cello in the hands of a master cellist He knows all the hidden subtleties of the instrument and he makes you hear them in this rendition of the profoundly simple story of Adam Eve the Serpent and their Creator in the Garden of Eden Zevit brings a great deal of other biblical learning to bear in a surprisingly light hearted book Jack Miles author of *God A*

Biography **The 1980s: A Decade of Contemporary British Fiction** Philip Tew,Emily Horton,Leigh Wilson,2014-02-27 How did social cultural and political events in Britain during the 1980s shape contemporary British fiction Setting the fiction squarely within the context of Conservative politics and questions about culture and national identity this volume reveals how the decade associated with Thatcherism frames the work of Kazuo Ishiguro Martin Amis and Graham Swift of Scottish novelists and new diasporic writers How and why 1980s fiction is a response to particular psychological social and economic pressures is explored in detail Drawing on the rise of individualism and the birth of neo liberalism contributors reflect on the tense relations between 1980s politics and realism and between elegy and satire Noting the creation of a heritage industry during the decade the rise of the historical novel is also considered against broader cultural changes Viewed from the perspective of more recent theorisations of crisis following both 9/11 and the 21st century financial crash this study makes sense of why and how writers of the 1980s constructed fictions in response to this decade's own set of fundamental crises

Killer Bodies Joseph Crawford, 2025-12-09 Killer Bodies offers a history of the single most critically derided subgenre in American superhero comics the bad girl comics of the 1990s which chronicled the blood soaked adventures of barely dressed and improbably proportioned action heroines for an audience of adolescent boys While not in any way attempting to rehabilitate the genre which for the most part amply deserved its reputation as sexist and

borderline pornographic this book situates it within its original cultural context as the result of a matrix of influences that included third wave feminism neopaganism girl power the rise of the internet the growing popularity of manga supermodel beauty ideals and the mainstreaming of pornography It explores why and how the figure of the antiheroic physically aggressive sexually objectified heroine arose within American comics culture and the commercial and ideological factors that led to the genre's rapid rise and equally rapid decline amidst the crisis racked comics industry of the mid 1990s
