sophisticated blend of stylistic and historical analyses Deppman brings much needed nuance to current conversations about the politics of gender class and race in the work of the most celebrated Chinese writers and directors Her pioneering study will appeal to all readers general and academic who have an interest in Chinese literature cinema and culture Chinese Femininities/Chinese Masculinities Susan Brownell, Jeffrey N. Madancy, 2020-03-23 In 1908 a very public crusade against opium was in full swing throughout China and the provincial capital and treaty port of Fuzhou was a central stage for the campaign This the most successful attempt undertaken by the Chinese state before 1949 to eliminate opium came at a time when according to many historians China's central state was virtually powerless This volume attempts to reconcile that apparent contradiction The remarkable albeit temporary success of the anti opium campaign between 1906 and 1920 is as yet largely unexplained How these results were achieved how that progress was squandered and why China's opium problem proved so tenacious are the questions that inspired this volume The attack on this social problem was led by China's central and provincial authorities aided by reformist elites and seemingly supported by most Chinese The anti opium movement relied on the control and oversight provided by a multilayered state bureaucracy the activism and support of unofficial elite led reform groups the broad nationalistic and humanitarian appeal of the campaign and the cooperation of the British government The extent to which the Chinese state was able to control the pace and direction of the anti opium campaign and the evolving nature of the

political space in which elite reformers publicized and enforced that campaign are the guiding themes of this analysis *Liu Zaifu: Selected Critical Essays* Zaifu Liu, 2021-06-17 Liu Zaifu is a name that has already been ingrained within contemporary Chinese literary history This landmark volume presents Anglophone readers with Liu's profound reflections on Chinese literature and culture at different times The essays collected here demonstrate Liu's historical experience and trajectory as an exiled Chinese intellectual who persistently safeguards the individuality and the autonomy of literature refusing to succumb to political manipulation Liu's theory of literary subjectivity has opened ways for Chinese writers to thrive and innovate His panoramic view not only unravels the intricate interplay between literature and politics but also firmly regards the transcendental value of literature as a significant ground to subvert revolutionary dogmatism and criticize Chinese modernity Rather than drawing upon the existing paradigm he reinvents his own unique theoretical conceptions in order to exile the borrowed gods
