Stand Your Ground Law Essay:

Stand Your Ground Caroline Light, 2017-02-14 A history of America's Stand Your Ground gun laws from Reconstruction to Trayvon Martin After a young white gunman killed twenty six people at Sandy Hook Elementary School in Newtown Connecticut in December 2012 conservative legislators lamented that the tragedy could have been avoided if the schoolteachers had been armed and the classrooms equipped with guns Similar claims were repeated in the aftermath of other recent shootings after nine were killed in a church in Charleston South Carolina and in the aftermath of the massacre in the Pulse nightclub in Orlando Florida Despite inevitable questions about gun control there is a sharp increase in firearm sales in the wake of every mass shooting Yet this kind of DIY security activism predates the contemporary gun rights movement and even the stand your ground self defense laws adopted in thirty three states or the thirteen million civilians currently licensed to carry concealed firearms As scholar Caroline Light proves support for good guys with guns relies on the entrenched belief that certain bad guys with guns threaten us all Stand Your Ground explores the development of the American right to self defense and reveals how the original duty to retreat from threat was transformed into a selective right to kill In her rigorous genealogy Light traces white America's attachment to racialized lethal self defense by unearthing its complex legal and social histories from the original castle laws of the 1600s which gave white men the right to protect their homes to the brutal lynching of criminal Black bodies during the Jim Crow era and the radicalization of the NRA as it transitioned from a sporting organization to one of our country's most powerful lobbying forces In this convincing treatise on the United States unprecedented ascension as the world's foremost stand your ground nation Light exposes a history hidden in plain sight showing how violent self defense has been legalized for the most privileged and used as a weapon against the most vulnerable

Stand Your Ground Douglas Brown, Kelly, 2015-05-05 The 2012 killing of Trayvon Martin an African American teenager in Florida and the subsequent acquittal of his killer brought public attention to controversial Stand Your Ground laws The verdict as much as the killing sent shock waves through the African American community recalling a history of similar deaths and the long struggle for justice On the Sunday morning following the verdict black preachers around the country addressed the question Where is the justice of God What are we to hope for This book is an attempt to take seriously social and theological questions raised by this and similar stories and to answer black church people's questions of justice and faith in response to the call of God But Kelly Brown Douglas also brings another significant interpretative lens to this text that of a mother There has been no story in the news that has troubled me more than that of Trayvon Martin's slaying President Obama said that if he had a son his son would look like Trayvon I do have a son and he does look like Trayvon Her book will also affirm the truth of a black mother's faith in these times of stand your ground

The Ethics of Self-defense Christian Coons, Michael E. Weber, 2016 The fifteen new essays collected in this volume address questions concerning the ethics of self defense most centrally when and to what extent the use of defensive force especially lethal force can be justified

Scholarly interest in this topic reflects public concern stemming from controversial cases of the use of force by police and military force exercised in the name of defending against transnational terrorism. The contributors pay special attention to determining when a threat is liable to defensive harm though doubts about this emphasis are also raised. The legitimacy of so called stand your ground policies and laws is also addressed. This volume will be of great interest to readers in moral political and legal philosophy.

The Ethics of Policing Ben Jones, Eduardo Mendieta, 2021-07-20 Top scholars provide a critical analysis of the current ethical challenges facing police officers, police departments and the criminal justice system. From George Floyd to Breonna Taylor the brutal deaths of Black citizens at the hands of law enforcement have brought race and policing to the forefront of national debate in the United States. In *The Ethics of Policing* Ben Jones and Eduardo Mendieta bring together an interdisciplinary group of scholars across the social sciences and humanities to reevaluate the role of the police and the ethical principles that guide their work. With contributors such as Tracey Meares, Michael Walzer and Franklin Zimring this volume covers timely topics including race and policing, the use of aggressive tactics and deadly force, police abolitionism and the use of new technologies like drones, body cameras and predictive analytics, providing different perspectives on the past, present and future of policing with particular attention to discriminatory practices that have historically targeted Black and Brown communities. This volume offers cutting edge insight into the ethical challenges facing the police and the institutions that oversee them. As high profile cases of police brutality spark protests around the country *The Ethics of Policing* raises questions about the proper role of law enforcement in a democratic society.

Law and Society Matthew Lippman, 2014-09-12 *Law and Society* offers a contemporary yet concise description of the structure and function of legal institutions along with a lively discussion of both criminal and civil law as well as basic legal doctrine. This practical and invigorating text provides readers with a better understanding of the connection between law and society and the impact recent literature on crime, justice, international human rights and law has had to promote that connection.

Part 1 introduces readers to his life and theological legacy. Part 2 includes four important writings of Ahn Byung Mu: *Jesus and Minjung in the Gospel of Mark*, *Minjung Theology in the Gospel of Mark*, *The Transmitters of Jesus*, *Event Tradition and Minjok*, *Minjung and Church*. Part 3 contains a collection of articles from international scholars who evaluate and engage Ahn's *ochlos* minjung theology in their own fields and formulate critical readings of minjung theology. Responses include postcolonial, black theology, and feminist perspectives.

Islam and Postcolonial Discourse Esra Mirze Santesso, James McClung, 2017-01-27 Largely though not exclusively as a legacy of the 2001 attack on the World Trade Center, Islamic faith has become synonymous in many corners of the media and academia with violence, which many believe to be its primary mode of expression. The absence of a sophisticated recognition of the wide range of Islamic subjectivities within contemporary culture has created a void in which misinterpretations and hostilities thrive. Responding to the growing importance of religion, specifically Islam, as a cultural signifier in the formation of a postcolonial self, this multidisciplinary collection is organized around contested terms such as secularism, Islamopolitics, female identity, and Islamophobia. The overarching goal of the contributors is to facilitate a deeper understanding of the full range of experiences within Islam, as well as the figure of the Muslim, thus enabling a new set of questions about religion's role in shaping postcolonial identity.

Stony the Road We Trod Cain Hope Felder, 2021-11-30 The publication of *Stony the Road We Trod* thirty years ago marked the emergence of a critical mass of Black biblical scholars, as well as a distinct set of hermeneutical concerns. Combining sophisticated exegesis with special sensitivity to issues of race, class, and gender, the authors of this scholarly collection examine the nettling questions of biblical authority, Black and African people in biblical narratives, and the liberating aspects of Scripture. The original volume reshaped and redefined the questions, concerns, and scholarship that determine how the Bible is appropriated by the church, the academy, and the larger society today. To the original eleven essays, this expanded edition adds a new introduction by Brian K. Blount and three new chapters by Kimberly D. Russaw, Shively T. J. Smith, and Jennifer T. Kaalund. Not only does Blount's new introduction assess the impact of the first edition, but the new contributions extend the implications of Cain Hope Felder's vision for the book.

Philosophy of Force Christopher J Finlay, 2025-05-06 The Philosophy of Force presents a highly original republican theory of just war Taking its inspiration from historic wars against slavery and colonialism it offers an account of the ethics of defensive violence shaped around the perspective of those oppressed by empire and other forms of social and political domination Whereas the most intuitive cases of just war are often thought to be those fought against mass killing more can be learnt about the ethics of violence by focusing on wars against mass domination wars like the slave revolt in Saint Domingue that gave birth to Haiti and the American Civil War s emancipation of enslaved people By contrast with liberal cosmopolitan ethics this book argues that the right analytical starting point for thinking about war and political violence is the use of lethal force to defend against enslavement not the defence of lives against attempted murder Enslavement highlights the importance of dominating power as a facet of all violent threats and illuminates more fully than other types of threat the intimate relationships between violence vulnerability and social domination Building a republican account of war ethics around this insight helps identify distinctively political dimensions of violence that are otherwise apt to be overlooked It provides a compelling basis for understanding the legitimacy of armed defence against a wide range of threats some lethal some not

Trayvon Martin, Race, and American Justice Kenneth J. Fasching-Varner, Rema E. Reynolds, Katrice A. Albert, Lori L. Martin, 2014-11-04

Trayvon Martin Race and American Justice Writing Wrong is the first comprehensive text to analyze not only the killing of Trayvon Martin but the implications of this event for the state of race in the United States. Bringing together contributions from a variety of disciplines and approaches, this text pushes readers to answer the question: In the wake of the killing of Trayvon Martin and the acquittal of his killer, how post-racial can we claim to be? This collection of short and powerful chapters is at times angering and at times hopeful but always thought-provoking, critical, and poignant. This interdisciplinary volume is well suited for undergraduate and graduate students as well as faculty in sociology, social work, law, communication, and education. This book can also be read by anyone interested in social justice and equity through the lens of race in the 21st century. This text is an invitation to a rebellion, the inevitable insurgency of Black youth brewing right now across the land, as the descendants of enslaved workers step up to exercise their agency and at that moment become agents of liberty and actors in history.

William Ayers, Distinguished Professor from the University of Illinois Chicago, the authors offer incisive and vivid examinations of the contours of white supremacy today, inviting readers into a much-needed discussion of moral questions surrounding the very foundation of life in the U.S.

Christine Sleeter, Professor Emerita, California State University Monterey, Trayvon Martin Race and American Justice Writing Wrong is a powerful assemblage of voices that speak to the salience of race, gender, and their intersection. Collectively, the authors provide us with poignant reminders of the multiple forces that rail against Black males in our society. Each chapter grabs our attention, ignites our activism, and encourages us to remain steadfast in the struggle toward a true democracy for all Americans, a society where Black males' lives are valued and they no longer face daily threats to their humanity.

Yolanda Sealey Ruiz, Assistant Professor, Teachers College, Columbia University. While motivated by Trayvon Martin's unfortunate and tragic death, this impressive collection serves as a one-of-a-kind tribute to Martin and will help to keep his legacy alive. The contributions are evocative and accessible, and while the focus is on Martin, the contributions also call attention to mundane, severe, and systemic racial wrongdoings, biases in existing research, colorblindness, and white privilege, and erasures of history and failures of memory.

Tony E. Adams, Professor at Northeastern Illinois University and NCA book award winner. The editors and contributors have taken a tragic topic and presented it in a way that is engaging, effective, and surprisingly optimistic. There is a style for everyone here, making it a great text for multiple audiences and classrooms. A truly superb addition to any classroom and a great read for those interested in social justice in today's world.

U. Melissa Anyiwo, Professor and Coordinator of African American Studies, Curry College. Trayvon Martin Race and American Justice Writing Wrong is true to its title; it focuses attention through critical writing on the pernicious, pervasive, and persistent violence waged against Black men, especially Black male youth in American society. Using the still-unpunished, premeditated murder of Trayvon Martin as a highly emblematic example of this violence, the editors and authors use carefully crafted and sequenced poetry and prose to write
