The Scholars of Night John M. Ford,Charles Stross,2025-10-16 John M Ford s The Scholars of Night is an extraordinary novel of technological espionage and human betrayal weaving past and present into a web of unbearable suspense Nicholas Hansard is a brilliant historian at a small New England college He specializes in Christopher Marlowe But Hansard has a second secret career with The White Group a consulting agency with shadowy government connections There he is a genius at teasing secrets out of documents old and new to call him a code breaker is an understatement When Hansard s work exposes one of his closest friends as a Russian agent and the friend then dies mysteriously the connections seem all too clear Shaken Hansard turns away from his secret work to lose himself in an ancient Marlowe manuscript Surely a lost 400 year old play is different enough from modern murder He is very very wrong At the Publisher s request this title is being sold without Digital Rights Management Software DRM applied
