The Little Sister Raymond Chandler, 2021-08-31 In *The Little Sister* Raymond Chandler masterfully weaves a complex narrative that explores the dark underbelly of 1940s Los Angeles Set against a backdrop of Hollywood glamour and seedy undercurrents the novel follows private detective Philip Marlowe as he navigates a labyrinth of deceit and murder Chandler employs his signature hard-boiled style characterized by sharp dialogue vivid imagery and a tone that oscillates between cynicism and a deep sense of humanity The novel not only showcases Chandler's pioneering contributions to the noir genre but also reflects the post-war disillusionment permeating American society Raymond Chandler a pivotal figure in 20th-century detective fiction drew from his own experiences in a rapidly changing world Born in Chicago and raised in California Chandler was deeply influenced by the social dynamics of urban life particularly the stark contrasts between affluence and corruption His personal struggles including a tumultuous career in corporate writing and a passionate love for literature laid the groundwork for his distinctive voice making Marlowe a cultural

icon of resilience amidst moral ambiguity Readers will find *The Little Sister* an indispensable addition to their literary collection Its intricate plot and rich characterizations invite both casual and scholarly examination offering insight into human nature and the complexities of justice Chandler's ability to blend suspense with a keen observation of societal flaws makes this novel a timeless classic resonating with anyone drawn to the allure of noir narratives

Politics, Desire, and the Hollywood Novel Chip Rhodes, 2008-09 The story of what happens when a serious writer goes to Hollywood has become a cliché the writer is paid well but underappreciated treated like a factory worker and forced to write bad formulaic movies Most fail become cynical drink to excess and at some point write a bitter novel that attacks the film industry in the name of high art Like many too familiar stories this one neither holds up to the facts nor helps us understand Hollywood novels Instead Chip Rhodes argues these novels tell us a great deal about the ways that Hollywood has shaped both the American political landscape and American definitions of romance and desire Rhodes considers how novels about the film industry changed between the studio era of the 1930s and 1940s and the era of deregulated film making that has existed since the 1960s He asserts that Americans are now driven by cultural rather than class differences and that our mainstream notion of love has gone from repressed desire to abnormal desire to finally strictly

business Politics Desire and the Hollywood Novel pays close attention to six authors Nathanael West Raymond Chandler Budd Schulberg Joan Didion Bruce Wagner and Elmore Leonard who have toiled in the film industry and written to tell about it More specifically Rhodes considers both screenplays and novels with an eye toward the different formulations of sexuality art and ultimately political action that exist in these two kinds of storytelling

Power and the Pursuit of Peace: Theory and Practice in the History of Relations Between States F. H. Hinsley, Francis Harry Hinsley, 1967-10 In the last years of the nineteenth century peace proposals were first stimulated by fear of the danger of war rather than in consequence of its outbreak In this study of the nature and history of international relations Mr Hinsley presents his conclusions about the causes of war and the development of men s efforts to avoid it In the first part he examines international theories from the end of the middle ages to the establishment of the League of Nations in their historical setting This enables him to show how far modern peace proposals are merely copies or elaborations of earlier schemes He believes there has been a marked reluctance to test these theories not only against the formidable criticisms of men like Rousseau Kant and Bentham but also against what we have learned about the nature of international relations and the history of the practice of states This leads him to the second part of his study an analysis of the origins of the modern states system and of its evolution between the eighteenth century and the First World War

Booze and the Private Eye Rita Elizabeth Rippetoe, 2015-01-24 The hard bitten PI with a bottle of bourbon in his desk drawer it s an image as old as the genre of hard boiled detective fiction itself Alcohol has long been an important element of detective fiction but it is no mere prop Rather the treatment of alcohol within the works informs and illustrates the detective s moral code and casts light upon the society s attitudes towards drink This examination of the role of alcohol in hard boiled detective fiction begins with the genre s birth in an era strongly influenced and affected by prohibition and follows both the genre s development and its relation to our changing understanding of and attitudes towards alcohol and alcoholism It discusses the works of Dashiell Hammett Raymond Chandler Mickey Spillane Robert B Parker Lawrence Sanders Marcia Muller Karen Kijewski and Sue Grafton There are bibliographies of both the primary and critical texts and an index of authors and works

Perplexing Plots David Bordwell, 2023-01-17 Nominated 2024 Edgar Allan Poe Award in the category of best critical biographical Mystery Writers of America Shortlisted 2024 Agatha Awards Best Mystery Nonfiction Malice Domestic Posthumous Winner 2023 IFCA Book Prize International Crime Fiction Association Narrative innovation is typically seen as the domain of the avant garde However techniques such as nonlinear timelines multiple points

of view and unreliable narration have long been part of American popular culture. How did forms and styles once regarded as difficult become familiar to audiences? In *Perplexing Plots*, David Bordwell reveals how crime fiction plays and films made unconventional narrative mainstream. He shows that since the nineteenth century detective stories and suspense thrillers have allowed ambitious storytellers to experiment with narrative. Tales of crime and mystery became a training ground where audiences learned to appreciate artifice. These genres demand a sophisticated awareness of storytelling conventions; they play games with narrative form and toy with audience expectations. Bordwell examines how writers and directors have pushed, pulled, and collaborated with their audiences to change popular storytelling. He explores the plot engineering of figures such as Raymond Chandler, Agatha Christie, Dashiell Hammett, Patricia Highsmith, Alfred Hitchcock, Dorothy Sayers, and Quentin Tarantino and traces how mainstream storytellers and modernist experimenters influenced one another's work. A sweeping kaleidoscopic account written in a lively conversational style, *Perplexing Plots* offers an ambitious new understanding of how movies, literature, theater, and popular culture have evolved over the past century.

Thrillers, Chillers, and Killers Frank Krutnik, 2025 *Thrillers, Chillers, and Killers* is the first book to explore in detail noir storytelling in cinema and on radio. Arguing that radio's noir dramas were a counterpart to influence on or a spin-off from the noir films, this scrupulously researched yet accessible study challenges conventional understandings of noir as well as shedding new light on a medium that was cinema's major rival.

Strong Poison Dorothy L. Sayers, 2022-08-16 In *Strong Poison*, Dorothy L. Sayers crafts a meticulously plotted detective novel that marries an intricate whodunit with profound explorations of morality, gender, and societal expectations in the early 20th century. This work introduces Lord Peter Wimsey, a beloved figure in detective fiction who delves into the complexities surrounding the murder of a prominent author, culminating in a gripping courtroom drama. Sayers's literary style is characterized by rich characterization, sharp dialogue, and a keen eye for detail, reflecting the broader literary context of her time where crime fiction began to evolve beyond mere entertainment into a vehicle for social commentary. Dorothy L. Sayers was not just a writer of thrillers; she was also a prominent scholar and a pioneer in the mystery genre. Educated at Somerville College, Oxford, Sayers drew from her own experiences as a woman in a male-dominated society. Her keen insights into human nature and her advocacy for women's rights inform the complexities of her characters and the moral dilemmas they face, making *Strong Poison* a reflection of both her intelligence and her commitment to social issues. For readers seeking a compelling blend of suspense and intellectual rigor, *Strong Poison* is an indispensable work that not only entertains but also invites reflection on the ethical quandaries that define humanity. This novel is essential for fans of classic detective fiction and those interested in an examination of early 20th-century societal mores.

The Capacity for Ethical Conduct David P. Levine, 2013 This book explores how the qualities of character and personality either make ethical conduct possible for the individual or foster ethical failure.

Creatures of Darkness Gene D. Phillips, 2014-07-11 More than any other writer, Raymond Chandler (1888-1959) is responsible for raising detective stories

from the level of pulp fiction to literature Chandler's hard-boiled private eye Philip Marlowe set the standard for rough brooding heroes who managed to maintain a strong sense of moral conviction despite a cruel and indifferent world Chandler's seven novels including *The Big Sleep* 1939 and *The Long Goodbye* 1953 with their pessimism and grim realism had a direct influence on the emergence of film noir Chandler worked to give his crime novels the flavor of his adopted city Los Angeles which was still something of a frontier town rife with corruption and lawlessness In addition to novels Chandler wrote short stories and penned the screenplays for several films including *Double Indemnity* 1944 and *Strangers on a Train* 1951 His work with Billy Wilder and Alfred Hitchcock on these projects was fraught with the difficulties of collaboration between established directors and an author who disliked having to edit his writing on demand *Creatures of Darkness* is the first major biocritical study of Chandler in twenty years Gene Phillips explores Chandler's unpublished script for *Lady in the Lake* examines the process of adaptation of the novel *Strangers on a Train* discusses the merits of the unproduced screenplay for *Playback* and compares Howard Hawks's director's cut of *The Big Sleep* with the version shown in theaters Through interviews he conducted with Wilder Hitchcock Hawks and Edward Dmytryk over the past several decades Phillips provides deeper insight into Chandler's sometimes difficult personality Chandler's wisecracking Marlowe has spawned a thousand imitations *Creatures of Darkness* lucidly explains the author's dramatic impact on both the literary and cinematic worlds demonstrating the immeasurable debt that both detective fiction and the neo noir films of today owe to Chandler's stark vision
