satisfy her In the end she has the chance to enter a new world and a relationship defined by equality The way Angela Carter represents the female characters in *The Magic Toyshop* is indicative of the turbulence of the times In order to properly assess analyse and interpret these representations it is necessary to take account of the historical cultural and political circumstances of the late 1960s and the theorists who have written about Carter Combined they allow the modern reader to properly contextualise and understand *The Magic Toyshop* Remarkably Carter seemed to be ahead of her time analysing and criticising the traditional representations of femininity that society imposed on women It was a time when they still belonged to the private sphere embodying the roles of mothers or housewives even though many women already were active in the work force Men continued to prevail in the public sphere enforcing patriarchal structures These socially cons

Once Upon a Time in Angela Carter's Magic Toyshop Alina Elisabeta Bughesiu,2012-04 The present research tries to draw a parallel between Carter s second novel *The Magic Toyshop* and the world of fairy tales their narrative patterns as defined by Vladimir Propp common characters the imaginary worlds they describe the aesthetical issues they display and the effects they trigger By using fairy tales as subversive tools the novel presents certain peculiarities in its portrayal of the heroine a teenager as well as in its development of the narrative as a succession of functions Special attention is paid to the use of names in the novel as symbols and as markers of power relationships that exist between the characters in *The Magic Toyshop* While aiming to establish the coordinates of the magical realist manoeuvres employed and thereby to draw attention to the grotesque dimension of the novel along the line of M Bakhtin s carnivalesque grotesque I also deal with the issue of perspective from the viewpoint of phenomenology Edmund Husserl Maurice Merleau Ponty and of Michel Foucault s critique of the analytical discourse on knowledge in order to highlight Carter s demythologising creed [The World of Angela Carter](#) Dani Cavallaro,2014-09-24 Angela Carter a prolific author who worked in numerous genres remains one of the most important British writers of the last century She was particularly renowned for her investigation of cultural mythologies which shape our lives but which we often leave unexamined This text explores a selection of Carter s novels and short stories supplemented with her perspectives on politics society and aesthetics and her attempts to redefine popular genres such as the fairy tale This critical work is a strong addition to the scholarship on this important but often overlooked writer

indeed raise and confront us with important questions concerning our own identity and subjectivity I would like to exemplify this by comparing the importance of doppelgänger figures in Daphne du Maurier's *Rebecca* and Angela Carter's *The Magic Toyshop* in relation to gender identity and would like to investigate in particular how the trope of the double phantom might call into question gender role expectations shed light on their constructedness and ultimately play an important role in overcoming social and sexual limitations

Straight Writ Queer Richard Fantina, 2006-09-27 The advent of gay and lesbian studies as an academic field opened the door for a new exploration of sexuality in literature Here works generally considered heterosexual are re examined in the light of queer theory The notion of homosexuality is viewed as a social construction that emerged during the 19th century with a definitive difference between biological sex and gendered behavior Heterosexuality is determined by whether sexual performance conforms to society designated gender roles From this wider perspective this book examines literature previously viewed as straight in a search for alternative manifestations of desire and performance relationships that contain an apparent disconnect between gender and desire With broad coverage of many periods authors and genres the 17 essays identify inherently queer heterosexual practices and critique the idea of heteronormativity blurring the line

between homo and heterosexuality Topics discussed include sodomy and chastity Victorian literature the relationship between sex gender and desire and the instability in literary portrayals of gender and sexuality George Eliot George Meredith Ernest Hemingway and Rider Haggard are among the many authors discussed **In Words and Deeds** Zenón Luis-Martínez, 2021-11-15 Departing from earlier studies which regarded incest as a literary topos or dramatic metaphor foregrounding political social or legal issues **Words and Deeds The Spectacle of Incest in English Renaissance Tragedy** argues that the presence of incest on the Renaissance stage is a strategy for the enactment of the spectator's tragic experience Incest is explored neither as a sin nor as a crime but as an unspeakable experience filtered through dramatic words and deeds The incitement of desire visual pleasure and unconscious fantasy as well as traumatic rejection pain and horror are all aspects of this paradoxical and uncanny experience Aristotelian theory of tragedy Freudian and Lacanian psychoanalysis and Michel Foucault's notions of the deployment of sexuality and alliance concur in the analysis of plays where incest is a central or a secondary motif Ford's *Tis Pity She's a Whore* Beaumont and Fletcher's *Cupid's Revenge* Webster's *The Duchess of Malfi* and others where incest is an effect of language and *mise en scène* Sackville and Norton's *Gorboduc* Shakespeare's *King Lear* The variety of topics and the combination of critical perspectives makes *In Words and Deeds* an attractive book for students and teachers of Renaissance drama as well as for those with a special interest in psychoanalytic and other new theoretical approaches to the literary text *Asymmetric Splendour* Anne Sophie Pedersen, 2005 *Horror Fiction* Gina Wisker, 2005-07-13 This is a series of introductory books about different types of writing One strand of the series focuses on genres such as Science Fiction Horror Romance and Crime and the other focuses on movements or styles often associated with historical and cultural locations Postcolonial Native American Scottish Irish American Gothic Authors covered in this volume include William Peter Blatty Ira Levine Bram Stoker Shirley Jackson Angela Carter Mary Shelley Stephen King Anne Rice and Washington Irving
