True History of the Kelly Gang Peter Carey, 2000 Out of nineteenth century Australia rides a hero of his people and a man for all nations in this masterpiece by the Booker Prize winning author of *Oscar and Lucinda* and *Jack Maggs* Exhilarating hilarious panoramic and immediately engrossing it is also at a distance of many thousand miles and more than a century a Great American Novel This is Ned Kelly's true confession in his own words and written on the run for an infant daughter he has never seen To the authorities this son of dirt poor Irish immigrants was a born thief and ultimately a cold blooded murderer to most other Australians he was a scapegoat and patriot persecuted by English landlords and their agents With his brothers and two friends Kelly eluded a massive police manhunt for twenty months living by his wits and strong heart supplementing his bushwhacking skills with ingenious bank robberies while enjoying the support of most everyone not in uniform He declined to flee overseas when he could bound to win his jailed mother's freedom by any means possible including his own surrender In the end however she served out her sentence in the same Melbourne prison where in 1880 her son was hanged Still his country's most powerful legend Ned Kelly is here chiefly a man in full devoted son loving husband fretful father and loyal friend now speaking as if from the grave With this mythic outlaw and the story of his mighty travails and exploits and with all the force of a classic Western Peter Carey has breathed life into a historical figure who transcends all borders and embodies tragedy perseverance and freedom

, *The Layers of the Text* Richard Hunter, 2021-10-25 This volume collects the most recent essays of Richard Hunter one of the world's leading experts in the field of Greek and Latin literature The essays range across all periods of ancient literature from Homer to late antiquity with a particular focus not just on the texts in their original contexts but also on how they were interpreted and exploited for both literary and more broadly cultural purposes later in antiquity Taken together the essays sketch a picture of a continuous tradition of critical and historical engagement with the literature of the past from the period of Aristophanes and then Plato and Aristotle in classical Athens to the rich prose literature of the Second Sophistic Richard Hunter's earlier essays are collected in *On Coming After Berlin* 2008

Cultural Encounters in Translated Children's Literature Helen Frank, 2014-04-08 *Cultural Encounters in Translated Children's Literature* offers a detailed and innovative model of analysis for examining the complexities of translating children's literature and sheds light on the interpretive choices at work in moving texts from one culture to another The core of the study addresses the issue of how images of a nation locale or country are constructed in translated children's literature with the translation of Australian children's fiction into French serving as a case study Issues examined include the selection of books for translation the relationship between children's books and the national and international publishing industry the packaging of translations and the importance of titles blurbs and covers the linguistic and stylistic features specific to translating for children intertextual references the function of the translation in the target culture didactic and pedagogical aims euphemistic language and explication and literariness in translated texts The findings of the case study suggest that the most common constructs of Australia in French translations reveal a preponderance of traditional Eurocentric signifiers that identify Australia with the outback the antipodes the exotic the wild the unknown the void the end of the world the young and innocent nation and the Far West Contemporary signifiers that construct Australia as urban multicultural Aboriginal worldly and inharmonious are seriously under represented The study also shows that French translations are conventional conservative and didactic showing preference for an exotic rather than local specificity with systematic manipulation of Australian referents betraying a perception of Australia as antipodean rural exoticism The significance of the study lies in underscoring the manner in which a given culture is constructed in another cultural milieu especially through translated children's literature

Ewa Kęłowska-Ławniczak,Dominika Ferens,Katarzyna Nowak-McNeice,Marcin Tereszewski,2023-12-22 This interdisciplinary collection explores the diverse relationships between the frequently ignored and inherently ambiguous hinterlands and their manifestations in literature and culture Moving away from perspectives that emphasize the marginality of hinterlands and present them as devoid of agency and cultural currency this collection assembles a series of original essays using various modes of engagement to reconceptualize hinterlands and highlight their semiotic complexity Apart from providing a reassessment of hinterlands in terms of their geocultural significance this book also explores hinterlands through such concepts as nostalgia heterotopia identity formation habitation and cognitive mapping with reference to a wide geographical field Literary and filmic revisions of familiar hinterlands such as the Australian outback Alberta prairie and Arizona desert are juxtaposed in this volume with representations of such little known European hinterlands as Lower Silesia and Ukraine and the complicated political dimension of First World War internment camps is investigated with regard to Kapuskasing Ontario Rural China and the Sussex Downs are examined here as writers retreats Inner city hinterlands in Haiti India Morocco and urban New Jersey take on new meaning when contrasted with the vast hinterlands of megacities like Johannesburg and Los Angeles The spectrum of diverse approaches to hinterlands helps to reinforce their multilayered and multivocal nature as spaces that defy clear categorization
