Mi María: Surviving the Storm Ricia Anne Chansky, Marci Denesiuk, 2021-09-04 When Hurricane Maria made landfall in Puerto Rico in September 2017 it left no part of the archipelago unscathed The hurricane triggered floods and mudslides washed out roads destroyed tens of thousands of homes farms and businesses caused the largest blackout in US history knocked out communications led to widespread food drinking water and gasoline shortages and caused thousands of deaths The seventeen oral histories collected in Mi Maria: Surviving the Storm share stories of surviving the storm and its long aftermath as people waited for relief and aid that rarely arrived Zaira and her husband floated on a patched air mattress for sixteen hours while floodwaters rose around them The road washed out in front of Emmanuel as he desperately tried to drive his pregnant wife who had begun labor to the hospital Luis and his father anxiously counted the days that the dialysis clinic remained closed and lifesaving treatment was unavailable while Miliana's mother was sent home from the hospital undiagnosed only to fall critically ill in her own home Weaving together long form oral histories and shorter testimonios the book offers a multivocal people's history of disaster that fosters a greater understanding of the failures of governmental disaster response and the correlating perseverance of the people impacted by these failures highlighting the colonial relationship between Puerto Rico and the United States Ultimately the ways in which these oral histories demonstrate the strength of community response to disaster in Puerto Rico are pertinent to other parts of the world that are being impacted by our current climate emergency

Capitalism in the Platform Age Sandro Mezzadra, Niccoló Cuppini, Mattia Frapporti, Maurilio Pirone, 2024-02-28 This open access book provides an overview of urban digital platforms such as Airbnb and Deliveroo which along with Amazon Google Facebook and other IT companies constitute by now the infrastructures for other businesses to operate on and for our social life to go on These platforms serve as standards based techno-economic systems that simultaneously capture cooperation through remote coordination and organize labor via algorithm management

Based on a three years research project this contributed book outlines a general theory of platform capitalism that conceives these platforms not only as technical devices but as generative engines that operate at the interface of several aspects such as digitalization of forms of social cooperation algorithm based management of labor and participation and private and vertical appropriation of profits These elements are somehow iconic of the capitalist evolution of the last decades and they open up a reflection on new forms of primitive accumulation in particular regarding data on the mechanisms used to capture and extract social surplus value and on the logistic financial dimensions of capital Finally in light of the transformations associated with the COVID 19 pandemic the authors examine how platforms can evolve into hegemonic organizational structures Assuming we are all already living in the age of the platform this book takes a multifaceted approach combining sociology with urban studies and political sciences with economics to grasp the challenges our societies face in terms of ensuring fair economic growth adequate social protections and labor rights It will appeal to anyone interested in digital platforms and how they are changing the organization of labor urban spaces and forms of governance

Breedlove, 2022-08-23

When Hearing the Story Isn't Enough: The student-run Eyewitness News in downtown Portland has a lot of balls in the air: a series on homelessness, a new look at why downtown is so empty, an investigation into the man who tried to kill some of the staff, and a whole host of other stories. Plenty to keep them all busy, the news editor thought. And now what? A war in Ukraine. How was she supposed to cover that? Still reeling from the recent events, the staff gears up to try to do the story justice. But J.J. Jones wants to do more than provide a Portland angle; more than give context from the scholars who study the region or the students who have lived there. He wants to go see for himself. Just like previous generations of war correspondents. And he thinks he's found a way. This is the 18th book in Newsroom PDX, book 3 of year 3. Join the staff as they struggle to provide the news people need in downtown Portland while dealing with the issues of their personal lives. Foul language, some sex, lots of politics. It's Portland after all. And Cage and Emily are getting married. And you all are invited. If Ryan can manage to find a judge, a dress for Emily, and a mother of the bride. We're good. **Airbnb Course: How To Make A Million Dollars A Year With Airbnb** Brian Smith, 2024-06-30
