Language, Crime and Courts in Contemporary Africa and Beyond Russell H. Kaschula, Monwabisi K. Ralarala, Georgina Heydon, 2023-09-08 The research represented in this volume and in the series as a whole is intended to provide critical analyses and findings that can underpin the development of language policies, practice guides and other resources that support a fair and accessible legal system. However, this will also require well-developed teaching and research programmes so it is our intention that this volume will continue to support the growth of forensic linguistics in Southern African universities and nurture the next generation of scholars dedicated to forensic and legal linguistics. This aim will be supported by the newly formed African Association of Forensic and Legal Linguists (AAFL) which will help to coordinate the study of forensic linguistics in Africa. This book series, *Studies in Forensic and Legal Linguistics in Africa and Beyond*, Volumes I, II, III and IV, continues to play an important role in bringing African forensic linguistic scholarship to a wider audience while simultaneously promoting the field amongst academic and legal institutions in Africa.
