

SHORT STORY - ANALYSIS QUESTIONS -NAT NAKASA'S JOHANNESBURG JOHANNESBURG

1. Explain the title. In what way is it suitable to the story?

Titles which authors choose and give to their works, whether its poetry or novels or short stories, are almost in all instances suitable because these encapsulate or sum up or hint at the main thematic issues that are dealt with inside the text. Nat Nakasa's story is no exception to the above; in his case, Johannesburg as a city and what used to happen during the author's time when he lived there is what the story is about.

2. What is the predominant element in the story - plot, theme, character, setting... *The predominant elements in Nakasa's story are theme, character and setting which are closely related. The chief character or auto / homo-diegetic narrator (who we can presume to be Nat Nakasa) shares the traumatic experiences of Black people during the apartheid era in South Africa, especially in Johannesburg. In doing above, Nakasa, like most African writers, is concerned with political, social, and economic realities which people faced in their lives because of colonialism and apartheid in South Africa's case rather than issues of narrative structure and stylistics / aesthetics.*

3. Who is the single main character? Around whom is the story centred? *The single main character is the narrator (in this case, the auto / homo- diegetic narrator who could be presumed to be Nakasa himself). Here it is important to remember that the story is a memoir that is based on personal experiences of the author.*

4. What sort of conflict confronts the leading characters? external? internal? *Whereas external (outer/ surface) conflict comes through or from apartheid / segregation laws, racism, discrimination, landlessness / homelessness, dispossession internal (inner/ inside) conflict comes from the external which leads to the internal, spiritual, and emotional wellbeing of the narrator and the rest of his fellow black brothers and sisters.*

5. How is the conflict resolved? *The conflicts in the story are never resolved because their cause in the form of apartheid / segregation laws, racism, discrimination, landlessness / homelessness, dispossession continues to exist and to create unending problems as well as misery for Black people.*

6. How does the author handle characterization? By description? Conversation of the characters? Actions of the characters? Combination of these methods? Who tells the story? Narration!!! What point of view is used? First person? Third person? Omniscient? [THESE TWO QUESTIONS ARE ALMOST THE SAME] *In terms of the narrative modes which Nakasa uses in his story, these mainly entail the combination of a vacillation between the first person and third person narrative modes. In the case of the first-person narrative mode, Nakasa specifically utilizes what could be characterized as the auto diegetic or homo diegetic narrative mode.*
