where pattern is set on the warp, the threads of which are laid bare in the upper part of the illustration.

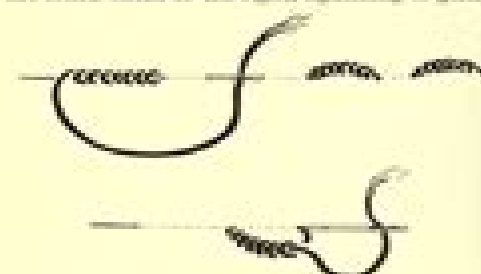

It is on just such upright lines of warp that all tapestry, properly so called, is worked—whether with the shuttle or with the needle makes no matter—and there is good reason, therefore, for the name of "tapestry stitch" to describe needlework upon the warp threads only of a material usually woven from which some of the web threads have been withdrawn.

The only difference between true tapestry and drawn work, an example of which is here given, is, that the one is done on a warp that has not before been woven upon, and the other on a warp from which the web threads have been withdrawn.

12. TAPESTRY WORK.

holding the coils under your left thumb, your thread to the right, draw your needle and thread through; and, dropping the needle, and catching the thread round your little finger, take hold of the thread with your thumb and first finger and draw the coiled stitch to the right, tightening it gently
