witness and the imagination interconnect The narrators represent a broad variety of public actions as theatrical included are instances of assault and assassination petition clerical interrogation dissent preaching play and display the performance of identity and the spectatorship of tourism Varying influences of personal experience oral tradition and existing written record colour the narratives Discernible also are those rhetorical and generic forms which witnesses employ to give a comprehensible shape to events Narratives of theatricality prove central for understanding early Scottish culture since they record moments of contact between those in power and those without it they show how participants aimed to influence both present spectators and the witness of history they reveal the contested nature of ambiguous public genres and they point up the pleasures and responsibilities of spectatorship McGavin demonstrates that early Scottish culture is revealed as much in its processes of witnessing as in that which it claims to witness Although the book s emphasis is on the early modern period its study of chronicle narratives takes it back from the period of their composition predominantly 15th and 16th century to earlier medieval events

Dying Words K. Patrick Conner,2012-06-26 For the past eleven years San Francisco Chronicle reporter Graydon Hubbell has been assigned to write obituaries working in a corner of the newsroom known as Section Eight long occupied by the paper s most cantankerous and often impolitic reporters Initially Hubbell regarded writing obituaries as a morbid and thoroughly distasteful assignment but he now considers himself a master of the genre as capable of writing a final salute to the rich and powerful as of composing a simple farewell for the eccentric and notorious Then Hubbell learns he has cancer He is determined to defy the disease and work at the paper for as long as he can but as his career implodes through a series of increasingly absurd mishaps confrontations and mistakes the obituary writer must come to terms with the fact that his own life is coming to an end Written with humor and pathos Dying Words is a novel about mortality and remembrance the story of an aging newspaper reporter less afraid of dying than of being forgotten
