Political Corruption in Africa Inge Amundsen, 2019 Analysing political corruption as a distinct but separate entity from bureaucratic corruption this timely book separates these two very different social phenomena in a way that is often overlooked in contemporary studies Chapters argue that political corruption includes two basic critical and related processes extractive and power preserving corruption

The Oxford Handbook of Electoral Systems Erik S. Herron, Robert Pekkanen, Matthew Soberg Shugart, 2018 No subject is more central to the study of politics than elections Electoral systems the rules about how voters preferences are translated into election results profoundly shape important political outcomes including party systems candidate selection and policy choices This volume provides an in depth exploration of the origins and effects of electoral systems

Inside the Political Mind Greg Power, 2024-02-15 Why have efforts to strengthen quality of governance so often failed in some of the world s most troubled states Because they almost always ignore the human side of politics Drawing on his experience of working with hundreds of politicians in more than sixty countries Greg Power explores how social norms public expectations and the personal interests of MPs influence the path of political development Where states are weak politicians solve problems by going around the state From Tanzania and Nepal to Iraq and Ukraine voters actually want MPs who can find informal fixes and a reciprocal logic holds the system in place But this also means that weak institutions tend to stay weak Combining insights from behavioural economics change management and comparative politics this fascinating book argues for a different approach to political reform one concerned less with institutional design and more with the existing logic of human behaviour One that starts inside the political mind and works outwards from there

Clients and Constituents Jennifer Bussell, 2019-05-01 This book provides a theoretical and empirical examination of constituency service in developing countries The predominant view of distributive politics in patronage democracies emphasizes the partisan targeting of pork and clientelism In contrast this book demonstrates that high level legislators in India and other contexts often provide direct non partisan assistance to individual constituents

Pork Barrel Politics Andrew H. Sidman, 2019-08-06 Conventional wisdom holds that legislators who bring pork federal funds for local projects back home to their districts are better able to fend off potential challengers For more than four decades however the empirical support for this belief has been mixed Some studies have found that securing federal spending has no electoral effects at best or can even cost incumbent legislators votes In *Pork Barrel Politics* Andrew H Sidman offers a systematic explanation for how political polarization affects the electoral influence of district level federal spending He argues that the average voter sees the pork barrel as an aspect of the larger issue of government spending determined by partisanship and ideology It is only when the political world becomes more divided over everything else that the average voter pays attention to pork linking it to their general preferences over government spending Using data on pork barrel spending from 1986 through 2012 and public works spending since 1876 along with analyses of district level outcomes and incumbent success Sidman demonstrates the rising power of polarization in United States elections During periods of low polarization pork barrel spending has little impact but when polarization is high it affects primary competition campaign spending and vote share in general elections *Pork Barrel Politics* is an empirically rich account of the surprising repercussions of bringing pork home with important
