Governing the Firm Gregory K. Dow, 2003-02-17 This book provides case studies of worker controlled firms and surveys available evidence on their behavior *The Origin of the Capitalist Firm* Weiying Zhang, 2017-08-13 The book addresses the entrepreneurial origin of the capitalist firm and its asymmetric contractual relationships between capitalists workers managers and entrepreneurs and explains the origin of the firm by focusing on entrepreneurship A hidden action model shows how assigning residual claim to entrepreneurs can provide a better overall incentive a hidden information model demonstrates that capitalists are given priority and have authority to select the management because capital can signal entrepreneurial ability and a general equilibrium entrepreneurial model shows that the equilibrium relationships between different members of the firm depend on the joint distribution of ability wealth and risk attitudes in the population Overall the book reveals that the capitalist firm is more efficient not only because it provides better incentives but also because it ensures that the most entrepreneurial people control the firm **Resource-Based and Evolutionary Theories of the Firm** Cynthia A. wished someone had taught him before he started his own law firm Some lawyers have the courage to open a solo practice law firm Other lawyers start a law firm with one or two other lawyers they know and trust There is strength in numbers It is appealing to young lawyers in particular to have a law school classmate or fellow associate nearby for support Others establish an affiliation with an existing firm Sometimes a lawyer needs another lawyer to brainstorm and bounce ideas around Deciding whether to start a law firm is a tough decision You gain the freedom described above but you lose the security of working for an established firm as an associate But is that freedom In the short run a young lawyer likes the security of knowing a paycheck is coming twice a month But all private practice lawyers ultimately realize that they eat what they kill Therefore the early shelter and protection offered by an established firm is lost after a few years when the developing lawyer is required to either leave the firm or develop a pool of clients that generate sufficient profits for the firm to justify the lawyer s salary In essence the lawyer has to develop the lawyer s own profit center or the lawyer s own solo firm within the firm Either way the lawyer has to know how to start a practice and thrive This book will help striving lawyers get on the path to success Testing Your Entrepreneurial Spirit Answer the questions below to determine if you have what it takes to start a law firm Lawyers who want to start their own firm should answer affirmatively to most of the questions below or should partner with another lawyer who answers affirmatively to most questions 1 Do you have a passion to do something great with your career 2 Do you want to build a business to create wealth for yourself and not someone else 3 Can you visualize your definition of success 4 Do you have the determination and resolve to achieve your definition of success 5 Are you an independent person 6 Are you self confident despite the humiliation of law school 7 Are you ambitious 8 Are you self motivated 9 Are you a self starter 10 Are you decisive after studying the pros and cons of an issue 11 Are you a problem solver 12 Do you have effective communication skills 13 Can you set timetables and stick to them without procrastinating 14 Do you have a dream to be your own boss 15 Do you have a passion to help clients 16 Are you cognizant of your strengths and weaknesses 17 Do you know when it is time to seek guidance from a more experienced attorney 18 Are you resilient to temporary setbacks 19 Are you flexible when a course correction is recognized 20 Can you view a temporarily setback as an opportunity for improvement 21 Are you able to convince strangers that you know what you are talking about 22 Do you have the desire to continuously study a particular substantive area of law 23 Are you looking to build your future instead of looking for something to do until you can find another job 24 Do you want to start a law firm by yourself classmate colleague or more senior attorney
