**God Is Calling You** Rev. Naresh K. Malhotra, 2021-01-25. God has a unique calling for every individual that fits His special plan and purpose for your life. This calling is the way you are to live on the earth and encompasses all your being and doing. Essentially, calling refers to belonging to Christ and participating in His redemptive work in the world in the special way He has called you. The two books in this series will help you to discern your calling from God and then pursue that calling with passion and obedience, relying on the Lord Jesus Christ to fulfill the calling by doing His work in you and through you. In the process, you will experience miracles from God all to the glory of the Lord Jesus Christ. You will benefit by getting to know God in a personal way, deepening your daily walk with Him, and fulfilling your calling. By discerning, responding, and fulfilling your calling, you will experience the abundant life God intends you to have. John 10:10. In his books, Dr. Naresh Malhotra thoroughly explains the various callings of God with great insight from the Scriptures. Whether you are trying to discern and respond to the calling of God on your life, I encourage you to read both books, starting with *God is Calling You: Discerning the Calling of God* and following it up with his second book, *God is Calling You: Responding to the Calling of God*. Dr. Charles Stanley, Senior Pastor, First Baptist Church Atlanta, Founder and President of In Touch Ministries. These powerful and compelling volumes will not only inspire and challenge you to greater Christian living but could very well bring spiritual renewal and revival to the Christian Church. Dr. J. Gerald Harris, Pastor and retired editor of *The Christian Index*.

*The Book Review Digest*, 2004. Before and After Avicenna

David Colum Reisman, 2003-06-01 This volume contains the proceedings of the first meeting of the Avicenna Study Group. Each of the papers presents the most recent research conclusions in its respective topic. These conclusions include new insights into Avicenna's revision of Aristotle and Plotinus; specific areas of his theories of psychology and metaphysics; his intellectual interaction with the theologians of his period; the historical and social context in which Avicenna worked; the reception of his thought among Syriac writing authors, among later Ishraqi philosophers, and in Shi'ite peripatetic philosophy. These insights range from new interpretations of his extant corpus to compelling theories on the factors contributing to his philosophical innovations. In many cases, these papers present hitherto unexamined textual evidence that will contribute greatly to a new methodology in Avicenna studies and Arabic Islamic philosophy in general.
