The Five People You Meet in Heaven Mitch Albom, 2003 THE FIVE PEOPLE YOU MEET IN HEAVEN is a wonderfully moving fable that addresses the

meaning of life and life after death in the poignant way that made TUESDAYS WITH MORRIE such an astonishing book. The protagonist is an elderly amusement park maintenance worker named Eddie who while operating a ride called the Free Fall dies while trying to save a young girl who gets in the way of a falling cart that hurtles to earth. Eddie goes to heaven where he meets five people who were unexpectedly instrumental in some way in his life. While each guide takes him through heaven, Eddie learns a little bit more about what his time on earth meant, what he was supposed to have learned, and what his true purpose on earth was. Throughout there are dramatic flashbacks where we see scenes from his troubled childhood, his years in the army, in the Philippines jungle, and with his first and only love, his wife Marguerite.

THE FIVE PEOPLE YOU MEET IN HEAVEN is the perfect follow up to TUESDAYS WITH MORRIE. Its compellingly affecting themes and lyrical telling will fascinate Mitch Albom's huge readership.

spiritual growth With this premise at the heart of her book Connie Wineland includes her own story of conversion to Christianity by way of reading fiction During her late twenties and early thirties particularly while in graduate school Wineland became immersed in literary and rhetorical studies while also practicing an Eastern form of religion as well as Native American spirituality However despite all her training in literary theory her readings in Romantic Victorian modern and postmodern literature which she explains as well as her personal interest in mythology and world religions kept her questioning the existence of God and the possible nature of God Then as a relatively new convert to Christianity she faced several challenges at a small Christian college where she taught literature and writing courses Eventually wanting to reach beyond the academic community Wineland began a local Christian readers group which she ran for four years She includes in this book resources and materials such as sample syllabi and study guide questions useful Web addresses and plenty of how to information for starting and running your own book club Also included is an extensive list of annotated titles of recommended reading to get anyone started

The Life We Claim Rev. James C. Howell, 2011-07-01 Using the Apostles Creed as the primary text this book explores what we believe as Christians and how those beliefs are relevant today The author s goal is to help pastors educate and transform members of their congregations He examines the Creed phrase by phrase in brief sections suitable for congregational study or for emailing to the congregation For each phrase in

the Creed a deeper reflection provides material for preaching a 13 sermon series or for further congregational study A detailed appendix includes recommendations of hymns and songs related to each phrase in the Creed the suggestions are keyed to several hymnals and songbooks **Undiscovered Country** Peter S. Hawkins, 2009-02-01 Why do most contemporary Christians pull a blank when it comes to imagining a life with God after death Although the Bible is largely silent on the issue our world is completely riveted by the up to date visions of heaven and hell that stock bookstore shelves and are found everywhere on the Internet But what are believers to think and to say about the undiscovered country that is the life to come from the pulpit at the hospital or in our daily lives Peter Hawkins offers a fresh way to pose these questions along with an imaginative framework for answering them He challenges all of us not just preachers to think of Dante's drama of the afterlife heaven hell and purgatory as a true story describing the lives we are living now To this end Hawkins uses the Divine Comedy to help us imagine what happens when we die as he works his way through Christian tradition contemporary culture a rich array of literature and his own personal experience *Never Saw It Coming* Karen A. Cerulo, 2008-09-15 People especially Americans are by and large optimists They're much better at imagining best case scenarios I could win the lottery than worst case scenarios A hurricane could destroy my neighborhood This is true not just of their approach to imagining the future but of their memories as well people are better able to describe the best moments of their lives than they are the worst Though there are psychological reasons for this phenomenon Karen A Cerulo in *Never Saw It Coming* considers instead the role of society in fostering this attitude What kinds of communities develop this pattern of thought which do not and what does that say about human ability to evaluate possible outcomes of decisions and events Cerulo takes readers to diverse realms of experience including intimate family relationships key transitions in our lives the places we work and play and the boardrooms of organizations and bureaucracies Using interviews surveys artistic and fictional accounts media reports historical data and official records she illuminates one of the most common yet least studied of human traits a blatant disregard for worst case scenarios *Never Saw It Coming* therefore will be crucial to anyone who wants to understand human attempts to picture or plan the future In *Never Saw It Coming* Karen Cerulo argues that in American society there is a positive symmetry a tendency to focus on and exaggerate the best the winner the most optimistic outcome and outlook Thus the conceptions of the worst are underdeveloped and elided Naturally as she masterfully outlines there are dramatic consequences to this characterological inability to imagine and prepare for the worst as the failure to heed memos leading up to both the 9/11 and NASA Challenger disasters for instance so painfully reminded us Robin Wagner-Pacifici Swarthmore College Katrina 9/11 and the War in Iraq all demonstrate the costliness of failing to anticipate worst case scenarios *Never Saw It Coming* explains why it is so hard to do so adaptive behavior hard wired into human cognition is complemented and reinforced by cultural practices which are in turn institutionalized in the rules and structures of formal organizations But Karen Cerulo doesn't just diagnose the problem she uses case studies of settings in which people effectively anticipate and

deal with potential disaster to describe structural solutions to the chronic dilemmas she describes so well *Never Saw It Coming* is a powerful contribution to the emerging fields of cognitive and moral sociology Paul DiMaggio Princeton University *Fatherless Sons* Jonathan Diamond, Ph.D.,2006-08-28 Praise for *Fatherless Sons* Research shows that most men now are better fathers than their own fathers were to them A generation of men are making it up giving to their children more than they received No one describes the poignancy and hope of contemporary fatherhood better than Jonathan Diamond's heartfelt and insightful new book For every man who had a father and who wants to be one Terrence Real author of *I Don't Want to Talk About It* *Overcoming the Secret Legacy of Male Depression* and *How Can I Get Through to You* Closing the Intimacy Gap Between Men and Women Diamond's moving account of his relationship with his father is a nuanced exploration of mourning and its aftermath Publishers Weekly This is a powerful and beautiful book written with warmth humor and generosity of spirit *Fatherless Sons* guides us through the complex journey of grief helping to transform pain and anguish into hope and healing Dr Dusty Miller author of *Your Surviving Spirit* and *Women Who Hurt Themselves*
