Pistols and Petticoats Erika Janik, 2017-02-28 A lively exploration of the struggles faced by women in law enforcement and mystery fiction for the past 175 years In 1910 Alice Wells took the oath to join the all male Los Angeles Police Department She wore no uniform carried no weapon and kept her badge stuffed in her pocketbook She wasn't the first or only policewoman but she became the movement's most visible voice Police work from its very beginning was considered a male domain far too dangerous and rough for a respectable woman to even contemplate doing much less take on as a profession A policewoman worked outside the home walking dangerous city streets late at night to confront burglars drunks scam artists and prostitutes To solve crimes she observed collected evidence and used reason and logic traits typically associated with men And most controversially of all she had a purpose separate from her husband children and home Women who donned the badge faced harassment and discrimination It would take more than seventy years for women to enter the force as full fledged officers Yet within the covers of popular fiction women not only wrote mysteries but also created female characters that handily solved crimes Smart independent and courageous these nineteenth and early twentieth century female sleuths including a healthy number created by male writers set the stage for Agatha

Christie's Miss Marple, Sara Paretsky's V.I. Warshawski, Patricia Cornwell's Kay Scarpetta and Sue Grafton's Kinsey Millhone as well as TV detectives such as Prime Suspect's Jane Tennison and Law and Order's Olivia Benson. The authors were not amateurs dabbling in detection but professional writers who helped define the genre and competed with men often to greater success. *Pistols and Petticoats* tells the story of women's very early place in crime fiction and their public crusade to transform policing. Whether real or fictional investigating women were nearly always at odds with society. Most women refused to let that stop them paving the way to a modern professional life for women on the force and in popular culture.

The Wife of Bath Marion Turner, 2024-03-05 From the award-winning biographer of Chaucer, the story of his most popular and scandalous character from the Middle Ages to MeToo. Ever since her triumphant debut in Chaucer's *Canterbury Tales*, the Wife of Bath, arguably the first ordinary and recognisably real woman in English literature, has obsessed readers from Shakespeare to James Joyce, Voltaire to Pasolini, Dryden to Zadie Smith. Few literary characters have led such colourful lives or matched her influence or capacity for reinvention in poetry, drama, fiction and film. In *The Wife of Bath*, Marion Turner tells the fascinating story of where Chaucer's favourite character came from, how she related to real medieval women and where her many travels have taken her since the fourteenth century from Falstaff and Molly Bloom to MeToo and Black Lives Matter. A sexually active and funny working woman, the Wife of Bath, also known as Alison, talks explicitly about sexual pleasure. She is also a victim of domestic abuse who tells a story of rape and redemption. Formed from misogynist sources, she plays with stereotypes. Turner sets Alison's fictional story alongside the lives of real medieval women from a maid who travelled around Europe, abandoned her employer and forged a new career in Rome, to a duchess who married her fourth husband, a teenager, when she was sixty-five. Turner also tells the incredible story of Alison's post-medieval life from seventeenth-century ballads and Polish communist pop art to her reclamation by postcolonial Black British women writers. Entertaining and enlightening, funny and provocative, *The Wife of Bath* is a one-of-a-kind history of a literary and feminist icon who continues to capture the imagination of readers. as Theory in Postmodern Speculative Fictional Narratives Angélica Cabrera Torrecilla, Francisco Sáez de Adana, 2024-11-15

The Multiverse as Theory in Postmodern Speculative Fictional Narratives considers the concept of the multiverse beyond the immediacy of being merely an excuse or scenario for the development of stories instead positioning the multiverse as a theoretical method in which speculative fiction narratives can explore diverse issues to bridge ideas across cultural social and philosophical analysis Taking a cross cultural approach the book centres around the critical engagements that literary and media texts have with the representations of the multiverse beyond considering this subject as a mere rhetorical flourish or a passing fad A diverse and international team of authors engage with the multiverse from the point of view of other worlds understanding it not as the appearance of another independent world but as the collision of two or more different worlds into one of them From this key finding the multiverse encourages us to pay attention to the influence that fiction exerts on narratives and world building providing possible frameworks to rethink critical aspects of temporality space self society and culture in contemporary times This pioneering work will interest students and scholars working in the areas of media and cultural studies comparative literature popular culture studies speculative fiction and transmedia studies

The Storyworld Accord Erin James, 2015-07-01 Storyworlds mental models of context and environment within which characters function is a concept used to describe what happens in narrative Narratologists agree that the concept of storyworlds best captures the ecology of narrative interpretation by allowing a fuller appreciation of the organization of both space and time by recognizing reading as a process that encourages readers to compare the world of a text to other possible worlds and by highlighting the power of narrative to immerse readers in new and unfamiliar environments Focusing on the work of writers from Trinidad and Nigeria such as Sam Selvon and Ben Okri *The Storyworld Accord* investigates and compares the storyworlds of nonrealist and postmodern postcolonial texts to show how such narratives grapple with the often collapsed concerns of subjectivity representation and environment bringing together these narratological and ecocritical concerns via a mode that Erin James calls econarratology Arguing that postcolonial ecocriticism like ecocritical studies has tended to neglect imaginative representations of the environment in postcolonial literatures James suggests that readings of storyworlds in postcolonial texts helps narrative theorists and ecocritics better consider the ways in which culture ideologies and social and environmental issues are articulated in narrative forms and structures while also helping postcolonial scholars more fully consider the environment alongside issues of political subjectivity and sovereignty
