Intimate Merton Thomas Merton, 1999-11-03 Perhaps the Book of Life in the end is the book one has lived If one has lived nothing one is not in the Book of Life I have always wanted to write about everything That does not mean to write a book that covers everything which would be impossible but a book in which everything can go A book with a little of everything that creates itself out of nothing That has its own life A faithful book I no longer look at it as a book Thomas Merton July 17 1956 In this diary like memoir composed of his most poignant and insightful journal entries *The Intimate Merton* lays bare the steep ways of Thomas Merton's spiritual path Culled from the seven volumes of his personal journals this twenty nine year chronicle deepens and extends the story Merton recounted and made famous in *The Seven Storey Mountain* This book is the spiritual autobiography of our century's most celebrated monk the wisdom gained from the personal experience of an enduring spiritual teacher Here is Merton's account of his life's major challenges his confrontations with monastic and church hierarchies his interaction with religious traditions east and west and his antiwar and civil rights activities In *The Intimate Merton* we engage a writer's art of confession and witness as he searches for a contemporary authentic and global spirituality Recounting Merton's earliest days in the monastery to his journey east to meet the Dalai Lama *The Intimate Merton* reveals a life lived in continuous pursuit of meaning equanimity and love *The Intimate Merton* captures the essence of what makes his life journey so perennially relevant My best writing has always been in journals Thomas Merton

Thomas Merton Thomas Merton, 2015 This volume gathers together twelve essays that Thomas Merton wrote for various journals between 1947 and 1952 the years that saw the publication of his best selling autobiography *The Seven Storey Mountain* his ordination to the priesthood and his initial appointment as spiritual and intellectual guide of the young monks at the Abbey of Gethsemani The essays most of which have never been reprinted focus above all on aspects of the contemplative life but also consider the spiritual dimensions of literature and the social implications of Christian life Issued to coincide with the one hundredth anniversary of his birth this collection brings to

fruition at long last Merton's own original plan of publishing these essays as a group and so makes available a previously little recognized and underutilized resource for understanding and appreciating a crucial transitional phase in his life as both monk and writer **Thomas Merton's Encounter with Buddhism and Beyond** Jaechan Anselmo Park, 2019-03-07

Thomas Merton recognized the value and possibility of contemplative dialogue between monastics and contemplatives of other religious traditions and hoped that through such dialogue monastics would strive for inter monastic communion and a bonding of the broader spiritual family He held out hope that this bond would demonstrate the fundamental unity of humanity to a world that was becoming ever more materialistic and divided Among other themes and topics this book explores Thomas Merton's role as a pioneer of Buddhist Christian dialogue and monastic interreligious dialogue It delves into the process of Merton's self transformation through contemplative experiences explores his encounter with Zen and Tibetan Buddhists and his pioneering engagements in Buddhist Christian dialogue and presents and responds to the criticisms of those who raise questions about Merton's understanding of Buddhism Fr Jaechan Anselmo Park OSB articulates and analyzes the influences of Buddhist theory and practice on Thomas Merton's contemplative spirituality and shows how Merton's legacy has influenced and continues to inspire interreligious and inter monastic dialogue particularly in an Asian monastic context **Thomas Merton** Samuel Willard Crompton, 2013 A biography of the famous monk writer and religious thinker

Thomas Merton **Thomas Merton** Patrick F. O'Connell, 2013 Thomas Merton the Trappist monk who died in 1968 was one of the great spiritual writers of the twentieth century His published works include a hundred volumes in many genres But it was perhaps in the essay that he found his natural element Especially in the last decade of his life Merton showed in his essays an increasing willingness to dispense with pre fabricated conclusions bringing his deeply spiritual profoundly Catholic sensibility to bear on matters beyond the usual religious and monastic milieu This volume is the first to provide a broad cross section of Merton's work as an essayist collecting pieces that reflect characteristic examples of his astonishing output and the fantastic breadth of his interests The 33 essays collected here range from interreligious dialogue to racial justice from the wisdom of the desert fathers to the novels of Faulkner and Camus from the nuclear threat to the philosophy of solitude and throughout the centrality of the Christian mystery to authentic human identity *Through a Glass Darkly* Holly Faith Nelson, Lynn R. Szabo, Jens Zimmermann, 2011-01-19 Suffering the sacred and the sublime are concepts that often surface in humanities research in an attempt to come to terms with what is challenging troubling or impossible to represent These intersecting concepts are used to mediate the gap between the spoken and the unspeakable between experience and language between body and spirit between the immanent and the transcendent and between the human and the divine The twenty five essays in *Through a Glass Darkly* Suffering the Sacred and the Sublime in Literature and Theory written by international scholars working in the fields of literary criticism philosophy and history address the ways in which literature and theory have engaged with these three concepts and related concerns The contributors analyze literary and theoretical

texts from the medieval period to the postmodern age from the works of Chaucer Shakespeare Donne and Herbert to those of End Sh saku Alice Munro Annie Dillard Emmanuel Levinas and Slavoj i ek This book will be of particular interest to scholars of religion and literature philosophy and literature aesthetic theory and trauma studies **Thomas Merton's Poetics of Self-Dissolution** Sonia Petisco, 2017-07-26 This book includes a collection of essays on the poetry of Thomas Merton 1915 1968 one of the most relevant spiritual masters of the twentieth century These scholarly inquiries are all glimpses which accurately represent his poetics of dissolution the dissolution of the old corrupt world in favour of an apocalyptic vision of a new world Este libro incluye una colecci n de ensayos sobre la poes a de Thomas Merton 1915 1968 uno de los maestros espirituales m s relevantes del siglo XX Todas estas investigaciones acad micas dejan entrever lo que representa exactamente su po tica de desintegraci n la descomposici n del viejo mundo corrupto a favor de una visi n apocal ptica de un nuevo mundo categorizaciones abstractas de lo sobrenatural que dan paso a una experiencia ntima y m s din mica de lo sagrado en el hogar y en el mundo Walking with Thomas Merton Robert G. The Living Church, 2000-07 *Mystics* William Harmless, 2008 In *Mystics* William Harmless S J introduces readers to the scholarly study of mysticism He explores both mystics extraordinary lives and their no less extraordinary writings using a unique case study method centered on detailed examinations of six major Christian mystics Thomas Merton Bernard of Clairvaux Hildegard of Bingen Bonaventure Meister Eckhart and Evagrius Ponticus Rather than presenting mysticism as a subtle web of psychological or theological abstractions Harmless's case study approach brings things down to earth restoring mystics to their historical context

Demythologizing Celibacy William Skudlarek, 2017-06-15 When St Benedict compiled his Rule for Monasteries in the early decades of the sixth century the Buddhist monastic code had already been in existence for about nine hundred years Since monastic life is shaped by spiritual practices that are very similar across different religious traditions it should not be too much of a stretch to suggest that Christians can learn from the accumulated wisdom of Buddhist monasticism For Buddhists celibacy accompanied by skillful reflection on their personal reactions to it is a means of letting go of attachment to sensory pleasure Buddhist monks do not marry they strive to relinquish the desire for sexual pleasure because this form of gratification obstructs the one pointed stillness that leads to insight For Christians celibacy like marriage is ultimately about love responding to God's love for us and expressing selfless love for others In light of the Christian understanding of marriage as an authentic indeed the ordinary path to holiness Skudlarek proposes a demythologized view of celibacy presenting it as an alternate and equally valid spiritual practice for those who choose not to accept the demands of a committed sexual relationship Drawing on the monastic interreligious dialogue Skudlarek considers the Buddhist view of celibacy which is not mythologized as a response to a divine call or as a superhuman way of life He examines their regard for it as simply and profoundly a path to freedom peace and happiness As Christians become aware of the benefits of celibacy for monks who observe it without reference to the Gospel they may be able to appreciate all the more its importance and value for those who wish to follow Christ as celibates and in this way come to share in the freedom of the children of God
