Whats So Great About Christianity By Dinesh Dsouza:

What's So Great About Christianity Dinesh D'Souza, 2008-11-04 Is Christianity true Can educated thinking people really believe the Bible Or do the athiests have it right Has Christianity been disproved by science and discredited as a guide to morality Best selling author Dinesh D Souza What s So Great About America approaches Christianity with a skeptical eye but treats the skeptics with equal skepticism The result is a book that will challenge the assumptions of doubters and affirm that there really is indeed something great about Christianity **Dinesh D'Souza's What's So Great About America** Harold Palmer, 2016-04-15 Is America a nation like any other with a past marked by injustice and oppression Or is America a shining city on a hill marked by exceptionalism one where the lamp of liberty and democracy burns brightly Dinesh D Souza has written What s So Great About America to respond to America s critics who deny that there is anything unique about America These critics include multiculturalists who allege historical racism and the oppression of minorities Western leftists who see America as a force of evil Third World intellectuals who deplore the legacy of colonialism and Islamic fundamentalists who view America as culturally decadent and morally corrupt In answering these critics D Souza argues that America is not only good but that it is great indeed it is the embodiment of freedom s ideal D Souza makes a strong case for America arguing that it is a free and prosperous society with unlimited opportunity for those seeking a better life Yet despite his enthusiasm for America his treatment of America s sins is unsatisfactory one sided and does not result in the vindication of America from the claims of her critics In his response to Dinesh D Souza s What s So Great About America Harold Palmer highlights America s three great sins i the oppression of the Native Americans ii slavery and iii historic discrimination of African Americans and other minorities Mr Palmer argues that D Souza fails to adequately respond to the accounts of America s critics with respect to any of these great sins or to the views of cultural conservatives who deplore America as culturally decadent and morally degenerate Finally in this volume Mr Palmer argues that D Souza fundamentally misunderstands the meaning of greatness In his constant repetition of the fact that America permits for economic opportunity D Souza forgets that greatness is not about material prosperity but about virtue temperance and justice Notwithstanding D Souza s incessant focus on wealth greatness can only ever be an attribute of a virtuous and upright society regardless of its material prosperity *What's So Great about God* Dinesh D'Souza, 2013-09-13 For a lot of people the biggest question about God is not surprisingly enough whether He exists Instead it is about whether God is truly good Dinesh D Souza in his debates with leading atheists quickly realized that many of those debates revolved around the question of evil in this world how God could create a world that allowed such suffering and evil In What s So Great about God Dinesh D Souza takes these questions head on Does God act like a tyrant Is God really responsible for the evil in this world Why is there suffering in the world For the first time ever Dinesh D Souza approaches this apologetic topic with historical and scientific proof and presents to the reader why God is truly worthy of our worship and love Previously published as *Godforsaken Christianity's Dangerous Idea* Jonas E. Alexis, 2010 Today many in

Hollywood and the media have declared open warfare on the family education and Christianity in general Intellectuals have labeled religion particularly Christianity as mere wish fulfillment or a virus of the mind something to be eradicated at all costs In Christianity s Dangerous Idea Jonas Alexis picks up where he left off in his previous books and continues to examine the ideological fallacies that have been fabricated in order to attack Christianity and the people who promote those fallacies This latest book is a tour de force of rigorous logic and testable evidence for the Christian worldview from history science experience common sense and final destiny More importantly Alexis subjects the rivals of Christianity to the same rigorous testing Christianity s Dangerous Idea clearly demonstrates the destructive nature of popular atheistic and anti Christian philosophies spread throughout Western culture by such famous people as Friedrich Nietzsche Sigmund Freud Carl Jung David Cronenberg Steven Spielberg Alan Moore William S Burroughs Philip K Dick Bruce Lee Ayn Rand Bart D Ehrman Richard Dawkins and many more In a scholarly yet readable fashion Alexis shows that what the ancient Greeks often referred to as the cult of Dionysus has become mainstream in our modern age

God: the Evidence Ronald W. Larsen PhD, 2022-09-19 The holy grail of physics is quantum gravity often called the theory of everything But any scientific theory will be incomplete without the God of the Bible Physicists claim the cosmos began with a big bang created from nothing But the word nothing is meaningless in physics Furthermore the big bang is an impenetrable barrier to whatever preceded it In addition a finite cosmos cannot contain within itself an explanation for its own existence To claim we are here by accident explains nothing and leads to a logical dead end The cause of the universe is information in

the form of mathematical laws left behind for science to discover The fundamental properties of these laws have the same attributes as the Supreme Lawgiver of Genesis An intelligible cosmos is unmistakable evidence the Creator is an Intelligent Mind The Creator's Voice is a valid scientific theory confirming the truth of Genesis God spoke the laws creating the universe out of nothing creatio ex nihilo The foundation of the universe is ethereal cosmic waves which interact according to the laws to create and sustain the illusion of reality we experience Space time energy and matter are made from quantum information nothing else is needed By a process of elimination God is the only possible explanation for everything we know The human mind is evidence consciousness is endemic to the cosmos Cosmic waves interact with the human mind in mysterious ways The cosmos relates to humans more like a great Mind than a mindless machine The god like nature of the human mind is evidence we are made imago Dei Even if God is included in a scientific theory it means little unless it can be shown God is a real Being alive present in the world and relevant to our lives **Is God Just a Human Invention?** Sean

McDowell, Jonathan Morrow, 2011-03-24 Sean McDowell and Jonathan Morrow have penned an accessible yet rigorous look at the arguments of the New Atheists Writing from a distinctively Christian perspective McDowell and Morrow lay out the facts so that the emerging generation can make up their own mind after considering all the evidence **Scoffing at Scripture**

Frank Bolger Kelly, 2011-02 A former Roman Catholic Frank Bolger Kelly has long wondered why thinking humans as a whole in the 21st century have not yet been able to disenthral themselves from the demonstrable falsehoods and sectarian nonsense of organized religion A few years ago Kelly decided to sit down with the sacred scriptures of several of the world's major religions the alleged bedrocks of these various creeds in a last ditch effort to achieve holy inspiration Instead he became wholly disenchanted and Scoffing at Scripture A Commoner Reads the World's Holy Writ and Rejects Traditional Religion is the result Far from representing that all elusive Word of God creedal scripture the world over it seems to Kelly merely cloaks the tribal agendas and cultural designs of the world's priestly and virtually allmale elites With the general reader in mind the author has grouped together a series of compact discussions of religion and scripture for cross cultural comparative reference Kelly's intent is to facilitate critical analysis of the world's holy writ and in particular to encourage younger skeptical readers of a secular mind to confront the doctrinal scriptural and ritual absurdities of those faiths into which they were born and continue to be indoctrinated Frank Bolger Kelly grew up in an Irish Catholic family in the Bronx New York matriculated to a noted Jesuit college in New England and subsequently did time at a prestigious non sectarian institution of higher learning in the Midwest It was during his enlightening time at the latter that Kelly first began seriously to question not only his own religious upbringing but the scriptural bases of all the world's major religions Kelly was quickly convinced that the vast majority of the faithful the world over commoners like himself just might reconsider their religious roots and motivations in a new light if they actually bothered to immerse themselves for a time in their own sacred scriptures rather than merely fake familiarity with them Actually to read scripture in all its antiquated tendentious sectarian absurdity

Kelly reasoned is to take a first giant step in renouncing irrational creeds of all kinds Thus was born *Scoffing at Scripture A Commoner Reads the World s Holy Writ and Rejects Traditional Religion* a book from which the author hopes the open minded reader will draw a secularly pure spiritual sustenance

You Will Be Made to Care Erick Erickson,Bill Blankschaen,2016-02-22 Religious liberty is under attack in America Your freedom to believe may not last much longer To all those who say they don t care about the culture war Erick Erickson has only one response The Left will not let you stay on the sidelines You will be made to care Now the former Editor in Chief of RedState com joins with Christian author Bill Blankschaen to expose the war in America on Christians and all people of faith who refuse to bow to the worst kind of religion secularism one intent on systematically imposing its agenda and frightening doubters into silence The book features first hand accounts from Christians who ve been punished for their beliefs and the perspectives of concerned thought leaders to make the case that Americans of faith can t afford to ignore what s happening not anymore You Will Be Made to Care offers hope for preserving freedom of conscience with practical steps that believers families pastors church leaders and citizens can take to resist tyranny and experience a resurgence of faith in America

Morality Without God? Walter Sinnott-Armstrong,2009-07-02 Walter Sinnott Armstrong argues that God is not only not essential to morality but that our moral behavior should be utterly independent of religion

The Case Against Moral Atheism Ken Wheeler,2014-09-26 What if you decided today that God did not exist Would that change your morality Would you still turn in an honest tax return Why If you are a single mother having a difficult time making ends meet would you steal from the cash drawer at work to buy food for your baby Why not If an adult decided to prey on young children why would that be morally different than a crocodile feasting on a baby monkey at the watering hole in the jungle Why has the law of the jungle changed just because the jungle is now Wall Street and the Internet If humanity evolved from primordial slime pools who gets to declare that the pedophile is a criminal and the croc is just functioning according to his evolved DNA Why should a person adopt moral values if he believes a Creator God does not exist Does the Chaos Theory provide an answer to that question or is it just an attempt by the Atheist to fill in the blank with anything but God while avoiding the obvious and logical challenges produced by the concept of a Godless morality The Case Against Moral Atheism challenges anyone who does not believe in a moral law giver above mankind to consider why they should live moral lives if this life is all there is

The Surge Pete Briscoe, 2010 Are you a church leader struggling to engage your congregation in global outreach and missions to the nations Are you a Christian who feels spiritually tired and thirsty Do you sometimes feel like giving up You re not alone In The Surge author Pete Briscoe calls this time in history Dry Lands and we re stranded in it But a flood of the power of God is coming Are you and your church ready **Apologetics for the Twenty-first Century** Louis Markos, 2010 Using the work of C S Lewis as a starting point Markos examines the key popular apologists and arguments that shape the intellectual defense of the Christian faith today **Black Damage** Femi Akomolafe, 2016-07-04 Africa and black communities across the world are undoubtedly poor and dysfunctional Political and economic experts have attributed Africa s problems to factors such as corruption and the absence of strong institutions The dysfunctionalities in African diaspora are usually attributed to broken family structure This book demonstrates however that these factors are not the causes of Africa s and its diasporas woes but are symptoms of more fundamental problems Using empirical and qualitative studies Black Damage highlights the origins of the endless socio economic miseries of Africa and global black communities It shows that the plight of Africa and its diasporas are interwoven hence it addresses them concurrently Based on more than ten years of research and insight as an African living in the UK diaspora Femi Akomolafe takes readers through 500 years of history to uncover the root causes of the current predicaments of black communities across the globe Solutions are provided **The Grace Effect** Larry Alex Taunton, 2011-11-15 Simply defined the grace effect is an observable phenomenon that life is demonstrably better where authentic Christianity flourishes What does Christianity give us beyond televangelists potlucks and bad basketball leagues Not much according to the secular Left The world they say would be a better place without it Historian and Christian apologist Larry Taunton has spent much of his career refuting just this sort of thinking but when he encounters Sasha a golden haired Ukranian orphan girl whose life has been shaped by atheistic theorists he discovers an unlikely champion for the transforming power of grace Through the narrative of Sasha s redemption we see the false promises of socialism the soul destroying influence of unbelief and how a society cultivates its own demise when it rejects the ultimate source of grace We see in short the kind of world the atheists would give us a world without Christianity cold pitiless and graceless And yet as Sasha shows us it is a world that is not

beyond the healing power of the grace effect Occasionally infuriating often amusing but always inspiring The Grace Effect will have you cheering for the courageous little girl who shamed the academic elitists of our day This highly readable book is a collection of powerful insights into the long term consequences of spiritual indifference and above all a remarkable example of how to conquer it Dr Olivera Petrovich research psychologist University of Oxford What would a world without Christianity look like We don t have to guess because such a world does exist it exists in the current and former Communist bloc Through the inspiring story of a little girl born in Eastern Europe and now living in America Larry Taunton draws a sharp contrast between the life giving influence of Christianity and the worn out theories of atheism and radical secularism The effect The Grace Effect is nothing less than powerful and moving Dinesh D Souza former White House policy analyst fellow of the Hoover Institute at Stanford University and current president of Kings College *Losing Our Religion* S. E. Cupp, 2010-04-27 The press has become a tool of oppression politicized self aware self motivated and power hungry In short these people can no longer be trusted From S E Cupp s *Losing Our Religion* It s time to wake up and smell the bias The go to commentator for such programs as Fox News s Hannity and CNN s Larry King Live and Reliable Sources S E Cupp is just that a reliable source for the latest news trends and forecasts in young bright conservative America Savvy and outspoken when shattering left leaning assumptions as she did in *Why You re Wrong About the Right* Cupp now takes on the most pressing threat to the values and beliefs held and practiced by the majority of Americans the marginalizing of Christianity by the flagrantly biased liberal media From her galvanizing introduction you know where S E Cupp stands She s an atheist A non believer Which makes her the perfect impartial reporter from the trenches of a culture war dividing America and eroding the Judeo Christian values on which this country was founded Starting at the top she exposes the unwitting courtship of President Obama and the liberal press which consistently misreports or downplays Obama s clear discomfort with or blatant disregard for religious America from covering up religious imagery in the backdrop of his Georgetown University speech to his absence from events surrounding the National Day of Prayer to identifying America in his inaugural address as among other things a nation of non believers She likens the calculated attacks of the liberal media to a class war a revolution with a singular purpose to overthrow God and silence Christian America for good And she sends out an urgent call for all Americans to push back the leftist propaganda blitz striking on the Internet radio television in films publishing and print journalism or invite the tyrannies of a mainstream media set on mocking our beliefs controlling our decisions and extinguishing our freedoms Now discover the truth behind the war against Christmas and how political correctness keeps the faithful under wraps the one sided analyses of Prop 8 and the gay marriage debate the media pot shots at Sarah Palin s personal faith the politicization of entertainment mainstays such as American Idol and the Miss USA Pageant and much more Also included are her penetrating interviews with Dinesh D Souza Martha Zoller James T Harris Newt Gingrich Kevin Madden and Kevin Williamson of National Review delivering must read analyses of the latest stunning lowlights from the liberal media **50**

The New Atheism, Myth, and History Nathan Johnstone,2018-06-11 This book examines the misuse of history in New Atheism and militant anti religion It looks at how episodes such as the Witch hunt the Inquisition and the Holocaust are mythologized to present religion as inescapably prone to violence and discrimination whilst the darker side of atheist history such as its involvement in Stalinism is denied At the same time another constructed history that of a perpetual and one sided conflict between religion and science rationalism is commonly used by militant atheists to suggest the innate superiority of the non religious mind In a number of detailed case studies the book traces how these myths have long been overturned by historians and argues that the New Atheism s cavalier use of history is indicative of a troubling approach to the humanities in general Nathan Johnstone engages directly with the God debate at an academic level and contributes to the emerging study of non religion as a culture and an identity
