A Family Divorce Gil Ben David:

The Oxford Handbook of Jewish Studies Martin Goodman, Jeremy Cohen, David Sorkin, 2002 This volume on Jewish studies presents surveys of today's interests and directions in the humanities and social sciences. It covers the main areas taught and researched as part of Jewish studies in universities throughout the world especially in Europe, the US and Israel.

Karaite Judaism Meira Polliack, 2016-07-18 Karaism is a Jewish religious movement of a scripturalist and messianic nature which emerged in the Middle Ages in the areas of Persia, Iraq and Palestine and has maintained its unique and varied forms of identity and existence until the present day, undergoing resurgent cycles of creativity within its major geographical centres of the Middle East: Byzantium, Turkey, the Crimea and Eastern Europe. This Guide to Karaite Studies contains thirty-seven chapters which cover all the main areas of medieval and modern Karaite history and literature, including geographical and chronological subdivisions and special sections devoted to the history of research, manuscripts and printing as well as detailed bibliographies, index and illustrations. The substantial volume reflects the current state of scholarship in this rapidly growing sub-field of Jewish Studies as analysed by an international team of experts and taught in various universities throughout Europe, Israel and the United States.

Karaite Marriage Contracts from the Cairo Geniza Judith Olszowy-Schlanger, 2021-10-11 This book is the first comprehensive study of legal, historical and economic aspects of marriage as practised during the Middle Ages in Egypt and Palestine by members of a distinct Jewish movement known as Karaism. This study is based on original mediaeval manuscripts written in Hebrew and recovered from the famous Cairo Geniza. Sixty-five manuscripts, most of them previously unpublished, are edited and translated in the second part of the book. The detailed and accessible analysis of their contents, language, formulation and palaeography sheds a new light on Karaite legal and linguistic tradition and provides a unique source for our understanding of early Karaism and of Mediaeval Jewish History in general.

The Early Karaite Tradition of Hebrew Grammatical Thought Geoffrey Khan, 2017-07-03 One of the earliest Karaite grammatical texts that have come down to us from the Middle Ages is the *Diqduq* by Ab Ya'qob Yusuf ibn Nofal of Jerusalem. It is a grammatical commentary on the Hebrew Bible. This volume presents a critical edition of a large section of that Hebrew grammatical text together with an annotated English translation and a detailed analysis of its contents. The analysis concerns the tradition of Hebrew grammatical thought that was developed in the Middle Ages by grammarians belonging to the Karaite movement of Judaism. The work is an important contribution to the study of the history of Hebrew grammar and to the study of medieval Jewish thought in general. It brings to light for the first time one of the major Hebrew grammatical texts from the tenth century which predates most of the works of the Spanish school of Hebrew grammar.

Concepts of the Other in Near Eastern Religions Ilai Alon, Ithamar Gruenwald, Itamar Singer, 1994 This text examines the philosophical concept of other in the Near Eastern religions. It contains essays that are divided into three sections: the Ancient Near East, Judaism and Christianity, and Islam and India.

Global Intelligence Oversight Zachary K. Goldman, Samuel James Rascoff, 2016 *Global Intelligence Oversight* is a comparative investigation of how democratic countries can govern their intelligence services so that they are effective but operate within frameworks that are acceptable to their people in an interconnected world The book demonstrates how the institutions that oversee intelligence agencies participate in the protection of national security while safeguarding civil liberties balancing among competing national interests and building public trust in inherently secret activities It does so by analyzing the role of courts and independent oversight bodies as they operate in countries with robust constitutional frameworks and powerful intelligence services

Karaite Judaism and Historical Understanding Fred Astren, 2004 Examines the changing relationship of this Jewish sect to rabbinic Judaism and the influence of Muslim and Christian environments Notions of history and the past contained in literature of the Karaite Jewish sect offer insight into the relationship of Karaism to mainstream rabbinic Judaism and to Islam and Christianity *Karaite Judaism and Historical Understanding* describes how a minority sectarian religious community constructs and uses historical ideology It investigates the proportioning of historical ideology to law and doctrine and the influence of historical setting on religious writings about the past In the present volume Fred Astren discusses modes of representing the past especially in Jewish culture and then poses questions about the past in sectarian particularly Judaic sectarian contexts He contrasts early Karaite scripturalism with the literature of rabbinic Judaism which embodying historical views that carry a moralistic burden draws upon the chain of tradition to suppose a generation to generation transmission of divine knowledge and authority Karaites in the medieval Islamic world eschewed historical thinking in concert with their rejection of the rabbinic concept of tradition One important medieval Karaite al Qirqisani however constructed a sophisticated historical argument as part of his philosophical exposition of Karaism demonstrating theological and philosophical strategies common in Islam and Christianity The center of Karaism shifted to the Byzantine Turkish world during the twelfth through sixteenth centuries when a new historical outlook unoblivious of the past accommodated legal developments influenced by rabbinic thought *Reconstructing Karaite historical*

expression from both published works and previously unexamined manuscripts Astren shows that Karaites relied on rabbinic literature to extract and compile historical data for their own readings of Jewish history which they recorded in an encyclopedic literature similar to contemporary Byzantine Christian Orthodox writing Astren documents how as the Karaites moved toward a concept of tradition and echoed rabbinic historical formulations they developed a version of the chain of tradition to link archaic biblical history to their own community During the seventeenth and eighteenth centuries Karaite scholars in Poland and Lithuania collated and harmonized historical materials inherited from their Middle Eastern predecessors Astren portrays the way that Karaites with some influence from Jewish Renaissance historiography and impelled by features of Protestant Catholic discourse prepared complete literary historical works that maintained their Jewishness while offering a Karaite reading of Jewish history **Did It!
