Benjamin Graham's Net-Net Stock Strategy

Evan Bleker, 2020-07-14 IN 1975 legendary value investor Benjamin Graham wrote that his net net stock strategy worked so well that he had renounced all other value investing strategies In his 2014 shareholder letter Warren Buffett wrote that he earned the highest returns of his career employing this cigar butt approach to investing And despite the widespread assumption that net net stocks are a relic of the past Graham's net net stock strategy is just as viable today for small private investors as it was for Buffett's superinvestors during their early careers Net net investing remains the most powerful value

investing approach a small investor can adopt This book is your ultimate practical guide to implementing it and reaping the rewards in today s markets Evan Bleker has spent ten years studying Graham s strategy to uncover its real world performance how to employ it and why it works He s also dug deeply to identify additional criteria to boost returns and ensure a greater number of winners In this book Evan defines the strategy for investors then walks readers through the strategy s philosophy as well as academic and industry studies assessing the framework and its implementation by world class value investors such as Benjamin Graham Warren Buffett and Peter Cundill He also compiles selection criteria into a practical checklist for investors and documents how the strategy works in today s markets with exclusive detailed case studies
