Labour Conditions for Construction Roderick Lawrence, Edmundo Werna, 2009-06-29 This authoritative guide promotes safe healthy and non-exploitative working conditions for the construction industry It combines theoretical analysis and case studies from around the world offering recommendations for best practice The book results from a project funded by the Geneva International Academic Network with staff from the International Labour Office and the University of Geneva It presents and discusses the challenges and potential of local authorities to promote decent work in construction Existing literature on decent work focuses mainly on the roles and responsibilities of actors in the private sector but the contribution of the public sector should not be ignored Local authorities play a crucial role in economic development through a range of policies and programmes in the construction sector and related services

Labour Conditions for Construction decent work

building cities the role of local authorities includes a methodology that combines quantitative and qualitative information. It defines and validates a set of criteria to evaluate the capacity of local authorities combining criteria about decent work in the construction sector and the policies and programmes of the local authority in each case study city. The book fills an important gap in focussing on the role of local authorities in creating and promoting decent work and will be of interest to managers and policy makers in construction health and safety and labour relations as well as to researchers and students in construction management.

International Women's Rights Cases Robyn Emerton, Kirstine Adams, Andrew Byrnes, Jane Connors, 2016-09-17 The last two decades have seen major advances in the legal protection of the human rights of women around the world. A series of international and national court cases has developed an important body of jurisprudence that has been relied on by courts and advocates in many countries to support women's claims for equality and the full enjoyment of human rights and fundamental freedoms. Growing out of a series of judicial colloquia organized by the Commonwealth Secretariat, this compilation brings together a selection of over fifty significant cases from international and national courts. The cases are grouped by theme and presented in full text or edited format. Together they highlight the way in which courts have used international human rights norms and national constitutional standards to contribute to women's equality. A detailed introduction provides a summary of the significance of the cases and references further material available on women's human rights. Cases decided under United Nations human rights treaties, the European and American Conventions on Human Rights and other international instruments as well as cases decided by national courts in Asia, Africa, Europe, Australasia and North America are all included. The compilation will be of interest to all those with an interest in the advancement of the human rights of women, especially equality advocates, lawyers and judges, scholars and students.

Enslaved Innocence Shakti Kak, Biswamoy Pati, 2012 *Enslaved Innocence: Child Labour in South Asia* explores the historical economic and social factors surrounding the issue of child labour. It is often argued that child labour is the result of underdevelopment, large families or cultural practices. This volume attempts to highlight the structural factors in capitalist societies that have made such exploitation possible and to place the issue of child labour in a theoretical framework relating to capitalist modes of production and the need for the generation of surplus for capital accumulation. Extremely exploitative labour processes bring out the supply and demand factors of child labour. The persistence of child labour in an era of high growth and high unemployment levels amongst adult men and women points to an economic system based heavily on exploitative labour relations. As we move further into the twenty-first century, the existence of child labour in the world is a reality which must be faced. It is within this context that the present volume takes into consideration the changing global economic conditions and focuses on issues and strategies for the eradication of child labour.

The Principle of Non-Discrimination in International Law Curtis F. J. Doebbler, 2007-05-19 The principle of non

discrimination underlies society's goal of achieving relative equality among all human beings. This book by an internationally acclaimed practitioner provides the materials necessary for understanding how international law protects individuals from the discrimination. It includes treaties, other instruments, cases, and a concise description of the law. ISBN 978 0 9743 5704 1

International Law Reports E. Lauterpacht, 1972. *International Law Reports* is the only publication in the world wholly devoted to the regular and systematic reporting in English of courts and arbitrators as well as judgements of national courts.

Research Handbook on Child Soldiers Mark A. Drumbl, Justine C. Barrett, 2019. Child soldiers remain poorly understood and inadequately protected despite significant media attention and many policy initiatives. This *Research Handbook* aims to redress this troubling gap. It offers a reflective, fresh, and nuanced review of the complex issue of child soldiering. The *Handbook* brings together scholars from six continents, diverse experiences, and a broad range of disciplines. Along the way, it unpacks the life cycle of youth and militarization from recruitment to demobilization to return to civilian life. The overarching aim of the *Handbook* is to render the invisible visible, the contributions map the unmapped, and chart new directions. Challenging prevailing assumptions and conceptions, the *Research Handbook on Child Soldiers* focuses on adversity but also capacity, emphasising the resilience, humanity, and potentiality of children affected rather than afflicted by armed conflict.

Child Labour in a Globalized World Luca Nogler, Marco Pertile, 2016-04-15. This volume examines the legal dimension of the ILO's action in the field of Child Labour. The authors investigate the implementation of the relevant legal instruments and assess the effectiveness of the ILO supervisory system. All relevant instruments are considered while particular attention is given to Convention 182 on the elimination of the worst forms of child labour. *Child Labour in a Globalized World* describes the ILO's activities concerning the eradication of child labour whilst assessing and evaluating the effectiveness of the relevant legal framework and functioning of the supervisory system. This book contextualizes the issue of the eradication of the worst forms of child labour in the recent doctrinal debate on the nature of labour standards and the transformation of the ILO. This important work will be a valuable resource for academics, researchers, and policy makers with an interest in labour law, international law, and children's rights.

Between Soft and Hard Law Frans Pennings, 2006-01-01. Whether or not we ever attain universal social justice, there can be little doubt that the international community has set meaningful standards and that significant progress has been made over the last century. The leading standard setter throughout this period has been the International Labour Organisation (ILO) with its nearly 200 conventions on labour law and social security law. Yet it is often asked how effective are these standards? Do any ILO Member States actually offer to quote the Philadelphia Declaration of the ILO Conference of 1944: social security measures to provide a basic income to all in need of such protection and comprehensive medical care? Perhaps not, but some come close thanks to the application of ILO standards. This much-needed volume is the first detailed analysis of the legal meaning of ILO conventions within the ratifying Member States. In unprecedented depth, a panel of distinguished authorities explores the role of ILO conventions in preparing

and amending national legislation in parliamentary debate and in national case law For comparative purposes five countries the United Kingdom France Germany Spain and the Netherlands are studied in depth Among the points of discussion that arise are the following the social dumping that results from distortion of competition the ILO s supervision procedures protection of international migrant workers temporary exceptions for developing countries and the possibility of modernising texts of older conventions A useful annex reprints the texts of the ILO Constitution and the so called up to date conventions pertaining to social security which are currently being promoted for ratification by the ILO At a time when the very meaning of such terms as work and social security is being challenged by prevailing economic and political forces this full scale reappraisal of a body of international law that although soft has had a pronounced positive effect on the progress of social justice is to be welcomed It is well worth the close attention of government policymakers and regulators company lawyers and interested academics everywhere

The International Law on the Rights of the Child Geraldine van Bueren, 2021-11-01
Only available in paperback version ISBN 90 411 1091 7 This volume draws upon the author s own experience to highlight the complexities behind the global violations of children s rights Analysis and description are interwoven to provide a coherent study of the international status of children and the rights which attach to this status both for those familiar and unfamiliar with international law The author demonstrates the potential of international law in protecting the rights of children even in states which are restructuring their economies To be effective international law cannot be used in isolation and the text seeks to place the rights of the child in their cultural and historical contexts All royalties from *The International Law on the Rights of the Child* are being donated to the International Save the Children Alliance to assist them in their work with children Ms van Bueren combines skilfully an enormous amount of factual material with careful legal analysis and comment this book will rapidly become indispensable to children s rights lawyers C M Chinkin University of Southampton Among numerous publications dealing with the subject of promotion and protection of the rights of the child issued up to date G Van Bueren s *The International Law on the Rights of the Child* is the most serious monograph in the field of international law
