The Healthcare Answer Book Healthcare Intelligence Network, 2006-09. The *Healthcare Answer Book* provides detailed solutions to 323 of the top challenges faced by healthcare executives today. You'll get recommended software and tools, staff ratios, program structures, ROI measurement, and results for various programs protecting patient privacy and security in a number of scenarios answered by some of the nation's leading healthcare experts to help you plan, evaluate, manage, and improve your organization's healthcare initiatives. Compiled from a series of live audio conferences in which these industry experts answered questions from the field, this report delves into a variety of topics including cost containment, disease management, eHealth initiatives, HIPAA security and privacy, healthcare industry trends, and workplace wellness. Indexed by topic and by keyword, this guide will become your indispensable research assistant for questions that challenge you and your staff each day. You'll get the answers you need to such questions as: Cost Containment: What type of software tools are you using for predictive modeling? Which predictive modeling tools are best for the ROI calculation? What level of payment or financial risk is needed to change provider behavior? What is the range of pay for performance paybacks and how often are they calculated? What is the best ROI methodology on P4P programs that you have evaluated and how does it work? Are tiered networks feasible in smaller markets? Industry Trends: Do you have a recommended reading level for translated written materials for preventative services in either low socioeconomic status populations or for children? Also, is there a website or written reference indicating how to do that? In this era of consumer-driven healthcare, what quality-related information helps consumers make informed choices about health plans or providers? eHealth Initiatives: What screening requirements do you use for telemedicine patients? Do you evaluate factors outside disease severity? Can you describe the kind of investment needed to implement eHealth tools? How quickly can you achieve an ROI, and what kind of ROIs can you expect? What criteria are payors and physicians using to determine whether or not an e-visit is billable? Are there clear-cut guidelines? What lessons have you learned through your personal health record rollout process? What advice can you share with other organizations as they implement their own PHRs? HIPAA Security and Privacy: What are the biggest challenges to offering single sign-on? How do you secure eHealth physician-patient communication? Disease Management: How do strategies for asthma disease management differ for community-based health programs that target the underserved? What is your staff-to-patient ratio in
