## **Bethlehem Postcard History:**

**Dearborn County, Indiana in Vintage Postcards** Milton A. Masing, 1999 From the 1890s through the 1920s the postcard was an extraordinarily popular means of communication and many of the postcards produced during this golden age can today be considered works of art Postcard photographers traveled the length and breadth of the nation snapping photographs of busy street scenes documenting local landmarks and assembling crowds of local children only too happy to pose for a picture These images printed as postcards and sold in general stores across the country survive as telling reminders of an important era in America s history

**The Bhagavad-Gita, with the commentary of Sri Sankaracharya** Sankaracarya, Alladi Mahadeva Sastri, 1979 The Bhagavad Gita with the commentary of Sri Sankaracharya Minnesota in the Mail Bonnie Wilson, 2004 Wilson highlights both the images and the curious stories behind them Using 185 postcards selected from the extensive collection of the Minnesota Historical Society she helps readers understand the needs and wants of postcard makers and senders at the same time sharing historical details that go beyond the captions and messages The postcards are grouped in four categories towns businesses families and vacations

**Postcards from the Valley** David Giuliano, 2011-10-14 This collection of David Giuliano s previously published articles and more recent writing is both a personal reflection on his own journey toward the heart of God and the journey being made by many mainline churches The personal journey is one made through a valley of shadows carved out by cancer The book invites readers to reflect on fear faith joy and the encounter with the Holy One in their own lives and on the common life of the church The book includes a study guide for personal or group use

Saginaw in Vintage Postcards Roberta Morey, 2004 Because of its excellent river system Saginaw developed from an Indian village into a bustling lumber town In its early days investors came from eastern cities and became wealthy lumber barons They built beautiful mansions hotels and public buildings while they also supported civic projects Before consolidating there were two cities East Saginaw and Saginaw City separated by the Saginaw River Many German societies schools and churches were organized in the area due to the large number of residents with a German heritage The early residents survived fires floods and the end of the lumber boom Other industries developed and the city continued to grow The rare postcards that appear in this book depict many historical buildings the two separate cities the German influence and the philanthropy of the lumber barons Join author Roberta Morey on a journey through Saginaw s rich industrial and cultural history

economic progress takes is not inevitable      Fantastic Water Towers Dennis James De Witt, 2017 This book contains set of fantastic water tower designs and their companion water pumping stations It dates from the era when municipally supplied water was relatively new Boston's first municipal water system had been inaugurated to joyous temperance celebrations just fifty years earlier It was also the era of the City Beautiful Movement the year when the fabulous urban vision of Chicago's Columbian World's Fair drew over 27 million visitors And it was an era when architects could really draw In December of 1889 a relatively new weekly journal The Engineering and Building Record Announced a design competition for Water Towers and pumping stations Its publisher Major Henry C Meyer a Civil War Medal of Honor recipient had hired Charles Frederick Wingate who knew nothing about engineering but was well connected in both literary and social reform circles including with the Association for the Improvement of the Condition of the Poor and Jacob Riis author of How the Other Half Lives In 1879 under Wingate's guidance Major Meyer's journal had initiated a design competition for an improved version of New York's notorious tenement buildings It received over 200 entries and that same year led to the passage of a tenement reform act In 1880 it held a competition for a model school house This also received nearly two hundred submissions which were judged according on convenience of arrangement security against fire and facility of egress lighting heating and ventilation and sanitary appointments Independently honorable mentions were awarded for architectural merit In June 1889 it published a lengthy illustrated article on Boston's Chestnut Hill High Service Pumping Station That December it announced two competitions One offered a prize for essays on road construction and maintenance reflecting the growing Good Roads Movement The other competition arose from the Chestnut Hill article and reflected a City Beautiful sensibility It specifically expressed concern about the appearance of water towers in prominent elevated locations as being potentially offensive to the eyes of this and future generations and noted that the necessary isolation and elevation of these buildings suggested their sites as pleasure grounds Anticipating that many municipal water systems might be privately owned it also suggested that good design could be a requirement for being awarded a franchise There were seventeen winning and honorable mention submissions created at a moment of transition for a new building type that had hardly existed before in the U S First published over the course of several years in Major Meyer's journal in 1893 these designs were published together in book form This volume reassembles those drawings as originally intended together with brief notes on the context of their creation both in the U S and in Europe and touches upon the later careers of their designers some of whom became well known and most of whom were professionally successful      **Along the Allegheny River** Charles E. Williams, 2006-08-30 The Allegheny River of western Pennsylvania and New York rises in Potter County Pennsylvania and flows 320 miles to its confluence with the Monongahela River in Pittsburgh The Allegheny's southern watershed district begins in East Brady Pennsylvania and ends in Pittsburgh and it includes the historic Redbank Creek Mahoning Creek Crooked Creek and Kiskiminetas River valleys Along the Allegheny River The Southern Watershed features over 200 vintage

postcards of the landscapes people industries and events that shaped the history of the southern Allegheny River Valley and of the nation These absorbing images chronicle over 200 years of history from the frontier wars of the 18th century to the rise and growth of the Industrial Revolution in the late 19th and early 20th centuries *Postcards from God* Joe Dervin,2010-08-24 [Postcards from Auschwitz](#) Daniel P Reynolds,2018-04-17 The uneasy link between tourism and collective memory at Holocaust museums and memorials Each year millions of people visit Holocaust memorials and museums with the number of tourists steadily on the rise What lies behind the phenomenon of Holocaust tourism and what role do its participants play in shaping how we remember and think about the Holocaust In *Postcards from Auschwitz* Daniel P Reynolds argues that tourism to former concentration camps ghettos and other places associated with the Nazi genocide of European Jewry has become an increasingly vital component in the evolving collective remembrance of the Holocaust Responding to the tendency to dismiss tourism as commercial superficial or voyeuristic Reynolds insists that we take a closer look at a phenomenon that has global reach takes many forms and serves many interests The book focuses on some of the most prominent sites of mass murder in Europe and then expands outward to more recent memorial museums Reynolds provides a historically informed account of the different forces that have shaped Holocaust tourism since 1945 including Cold War politics the sudden emergence of the memory boom beginning in the 1980s and the awareness that eyewitnesses to the Holocaust are passing away Based on his on site explorations the contributions from researchers in Holocaust studies and tourism studies and the observations of tourists themselves this book reveals how tourism is an important part of efforts to understand and remember the Holocaust an event that continues to challenge ideals about humanity and our capacity to learn from the past **New Philadelphia in Vintage Postcards** Erin L. VanFossen,2004 In 1772 Native Americans granted land in the Tuscarawas Valley to Moravian missionary David Zeisberger and he established the Christian community of Schoenbrunn Village which remained until 1777 when members were forced to relocate Then in late 1804 John Knisely his family and other pioneers braved the western frontier and settled on the Tuscarawas River near the Schoenbrunn Village site On October 23 1804 John Knisely founded the town of New Philadelphia He was a great philanthropist donating land to the city for future public buildings guaranteeing its selection as the Tuscarawas County Seat In Schoenbrunn Village which has been partially excavated and rebuilt as a historic site in New Philadelphia missionaries lived in harmony with Native Americans and so it seems fitting that New Philadelphia through the influence of John Knisely s generosity has maintained its image as the new city of brotherly love Two hundred years later the city strives to keep Knisely s dream alive with its generous allocation of resources and commitment to those in need **Postcards from Absurdistan** Derek Sayer,2022-11-01 A sweeping history of a twentieth century Prague torn between fascism communism and democracy with lessons for a world again threatened by dictatorship *Postcards from Absurdistan* is a cultural history of Prague from 1938 when the Nazis destroyed Czechoslovakia s artistically vibrant liberal democracy to 1989 when the country s socialist regime

collapsed after more than four decades of communist party rule Derek Sayer shows that Prague's twentieth century far from being a story of inexorable progress toward some end of history whether fascist communist or democratic was a tragicomedy of recurring nightmares played out in a land Czech dissidents dubbed Absurdistan Situated in the eye of the storms that shaped the modern world Prague holds up an unsettling mirror to the absurdities and dangers of our own times In a brilliant narrative Sayer weaves a vivid montage of the lives of individual Praguers poets and politicians architects and athletes journalists and filmmakers artists musicians and comedians caught up in the crosscurrents of the turbulent half century following the Nazi invasion This is the territory of the ideologist the collaborator the informer the apparatchik the dissident the outsider the torturer and the refugee not to mention the innocent bystander who is always looking the other way and Vclav Havel's greengrocer whose knowing complicity allows the show to go on Over and over Prague exposes modernity's dreamworlds of progress as confections of kitsch In a time when democracy is once again under global assault *Postcards from Absurdistan* is an unforgettable portrait of a city that illuminates the predicaments of the modern world *Wilmington in Vintage Postcards* Marjorie G. McNinch, 2000 Situated strategically in the midst of such large urban centers as Washington D C Baltimore Philadelphia and New York City the city of Wilmington Delaware boasts its own unique character as well as a fascinating and continuously evolving history that has spanned more than 350 years Officially chartered in 1832 this determined community has steadily developed a prosperous business economy fueled in earlier times by the demands of war and more recently by a liberal tax structure as well as a dynamic residential life for the thousands who make Wilmington home **Postcards from the Río Bravo Border** Daniel D. Arreola, 2013-08-01 A history in postcards of Mexican tourist towns in the first half of the twentieth century with nearly two hundred illustrations Between 1900 and the late 1950s Mexican border towns came of age both as tourist destinations in some cases by luring Americans who wanted to escape Prohibition and as emerging cities Commercial photographers produced thousands of images of their streets plazas historic architecture and tourist attractions which were reproduced as photo postcards Daniel Arreola has amassed one of the largest collections of these border town postcards and in this book he uses this amazing visual archive to offer a new way of understanding how the border towns grew and transformed themselves in the first half of the twentieth century as well as how they were pictured to attract American tourists *Postcards from the Río Bravo Border* presents nearly two hundred images of five towns on the lower Río Bravo Matamoros Reynosa Nuevo Laredo Piedras Negras and Villa Acuña Using multiple images of sites within each city Arreola tracks changes both within the cities as places and in the ways in which they've been pictured for tourist consumption He also shows how postcard images when systematically and chronologically arranged can tell us a great deal about how Mexican border towns have been viewed over time This innovative visual approach demonstrates that historical imagery no less than text or maps can be assembled to tell a fascinating geographical story This is masterful cultural geography with rich visual materials delivered in a unique and compelling fashion *Journal of*
