Yeah, I dance in a club, but that doesn't mean I'm easy. Or a fool. So you're sitting in the back, watching me. I know what you want. You want me. In your bed. Under you. But I say no. It doesn't matter how many presents you give me. I'm not falling for you. I know who you are. But you don't know me. You don't know Austin. This is a CLIFFHANGER. It is a start to the Man Up series about male dancers searching for something more and finding it with the men they love. It leads directly to the next book in the series, Rhoades Undeniable.

The Arrangement Felice Stevens, 2019-05-04. Carter Haywood lives for the weekends, specifically the one weekend every month when he escapes real life with all the pressures of work and caring for his special needs brother to do whatever he wants with whomever he wants. Sex is only a release; he's not looking for love, a relationship, or even a second night with the same man until he walks into a bar and finds someone who makes leaving it all behind impossible. After one incredibly passionate encounter, he breaks his rule and goes back. He needs to see this man again. And again. Damaged goods. That's all Reed Kincaide sees and hears when he looks in the mirror. Anxiety and ADHD define his life, and he's learned to keep people at a distance, never letting them get close enough to know who he really is. When Carter proposes a monthly weekend of sex without strings, it's the ideal arrangement for him. Or so he thinks. Every month, leaving Carter proves to be more and more difficult. It's not only the intensely hot sex they have in their hotel suite; Reed wonders about the secret life Carter refuses to share. As months pass and they grow closer, Reed finds himself falling for

Carter but he needs more than hurried hugs and farewell kisses He wants it all Letting Reed into his carefully constructed family life could upset Carter's whole world but it might be the risk he's finally willing to take if it means keeping Reed Once bodies are engaged the heart is sure to follow and Carter and Reed discover that holding on to each other is the first step in letting go of the past
