Between Truth And Fiction A Narrative Reader In Literature And Theology:

Between Truth and Fiction David Jasper, Dean of the Divinity Faculty David Jasper, Smith Allen, 2010 The growth of interest in theological hermeneutics alongside the study of critical and literary theory has given rise to a growing sense among students of the need to address the nature of texts and their textuality and the truth claims which they make **Between Truth and Fiction** begins with an extended introduction to textuality and Christian literature with an overview of hermeneutics and question about reading and reception Issues such as intertextuality the relationship between the Bible and other texts in literature theology as story autobiography as theology poetry and proclamation will be addressed Central to the book is the provision of original texts from fiction poetry drama autobiography etc which the reader will be encouraged on reflect on for him or herself The approach of this book is heuristic Full study notes and questions are provided **Between Truth and Fiction** David Jasper, 2010 These often unexpected texts offer a provocative invitation to the hermeneutical challenges of the ever changing shape of the literature and theology canon Students will be surprised and delighted by these carefully selected and powerful readings George Newlands Professor Emeritus of Divinity University of Glasgow **The Writer and the Cross** Darren J.N. Middleton, 2022-06-27 Spiritually engaged readers commonly look toward fiction to better understand the depth of a faithful life and Christians are no exception Many followers of Jesus value beautifully written deftly characterized and pulse quickening literary art that seems more satisfying than dry tedious doctrinal textbooks This book surveys 12 pieces of historical fiction that feature notable Christian thinkers They include an illustrated children s book about St Irenaeus of Lyons a novel about Martin Luther s Reformation a screenplay focusing on Dietrich Bonhoeffer and even a story about Pope Francis narrated in popular manga style Rather than arcane literary analyses this book provides thoughtful and sometimes painful interviews with the authors of the covered works Most interviewees are little known or emerging writers Some have published their work with a church or denominational press others with a major publishing empire or popular print on demand platforms Storytellers reflect on their literary choices and the contexts of their writing sharing what modern Christians can learn from historical religious fiction **Borges and the Literary Marketplace** Nora C. Benedict, 2021-01-01 A fascinating history of Jorge Luis Borges s efforts to revolutionize and revitalize literature in Latin America Nora Benedict s illuminating book is an essential contribution to the understanding of Borges relationship to the written word The portrait of Borges as writer and reader is now made complete with Benedict s exploration of Borges as editor Alberto Manguel director Center for Research into the History of Reading Jorge Luis Borges 1899 1986 stands out as one of the most widely regarded and inventive authors in world literature Yet the details of his employment history throughout the early part of the twentieth century which foreground his efforts to develop a worldly reading public have received scant critical attention From librarian and cataloguer to editor and publisher this writer emerges as entrenched in the physical minutiae and social implications of the international book world Drawing on years of archival research coupled

with bibliographical analysis Nora C Benedict explains how Borges's more general involvement in the publishing industry influenced not only his formation as a writer but also global book markets and reading practices in world literature In this way she tells the story of Borges's profound efforts to revolutionize and revitalize literature in Latin America through his various jobs in the publishing industry *Theology, University, Humanities* Christopher Craig Brittain, Francesca Aran Murphy, 2011-07-01 This book discusses the relationship between theology and the humanities and their shared significance within contemporary universities Taking up this complex question twelve scholarly authors analyze the connections between theology and philosophy history scholarly literature sociology and law Cumulatively these essays make a case for the importance of reflecting on what binds the humanities and theology together By meditating on ultimate theological questions this book brings the issue of the meaning and purpose of university education into a new light exploring its deep significance for academic pursuits today **The Old Testament: Canon, Literature and Theology** John Barton, 2016-02-17 This

collection of John Barton's work engages with current concern over the biblical canon in both historical and theological aspects with literary reading of the Bible and current literary theory as it bears on biblical studies and with the theological reading and use of the biblical text John Barton's distinctive writing reflects a commitment to a liberal approach to the Bible which places a high value on traditional biblical criticism and also seeks to show how evocative and full of insight the biblical texts are and how they can contribute to modern theological concerns This invaluable selection of published writings by one of the leading authorities on biblical text and canon also includes new essays and editorial introductions from the author

The Oxford Handbook of English Literature and Theology Andrew Hass, David Jasper, Elisabeth Jay, 2007-03-15 A defining volume of essays in which leading international scholars apply an interdisciplinary approach to the long and evolving relationship between English Literature and Theology The Truth-seeker in philosophy, literature, and religion, ed. by F.R. Lees and G.S. Phillips. [Continued as] The Truth-seeker and present age Truth-seeker and present age, 1849 Activism and the Literary Self in 20th- and 21st-Century Literature Dr Jeffrey F. Keuss, 2025-02-06 Exploring how Shusaku Endo Ta Nehisi Coates Thomas Merton Marilynne Robinson Cormac McCarthy and Octavia E Butler engage with social justice and activism this book explores the significant role that literature plays in the formation of justice Jeff Keuss foregrounds literature and the role of poetics as both a method and a frame by which justice can not only be understood but uniquely positioned to transform and redeem the moral call on individuals in ways that some recent philosophical and ethical projects do not He examines how these authors are representative of a theme in literature which is the turn to justice as a literary form and discusses how these authors' engagement with activism challenges isolated and anxious models of contemporary selfhood Demonstrating how these writers utilize fiction across different contexts of race gender culture and theological denominations to present themes of justice in communion with others Keuss provides new insights into communal selfhood and shows how we can use this idea to shape our ideas of ethics morality activism and justice *Novel Theology* Darren J.

N. Middleton, 2000 Literature and theology constantly deconstruct each other Suggesting that this deconstructive assignment is one that cannot but be in process itself Middleton returns to it throughout his study **The Saturday Review of Politics, Literature, Science and Art**, 1864 The Theology of George MacDonald John R. de Jong, 2019-10-08 George MacDonald 1824-1905 was writing at a time of Evangelical unease In a society ravaged by Asiatic cholera numbed by levels of infant mortality and fearful of revolution and the toxicity of industry to name but a few of the many challenges the gospel proclaiming eternal damnation for unbelievers was hardly good news rather Christianity was increasingly viewed as the source of bad news and a tool of state oppression MacDonald agreed in his view the church had become a vampire sucking the blood of her children instead of offering them eucharistic life In contrast like Christ MacDonald brings before us a child Although at first sight a familiar Romantic incarnation in MacDonald's theology the child becomes an unlikely icon challenging the vampire's kingdom a challenge reaching beyond the confines of Evangelicalism confronting the foundations of much of Western theology This meticulously researched study exploring MacDonald's work especially his realist and fantasy novels in the light of its Victorian context is of more than historical interest His incisive critique of church and empire have particular relevance today in light of the growing and troubling alliance between fundamentalist expressions of church and intolerant right wing politics This volume considers MacDonald's radical solution to religious vampirism becoming children *Saturday Review of Politics, Literature, Science and Art*, 1864 **James Baldwin and the Short Story** Benedict Ushedo, 2018-03-21 This book examines the range of issues that echo in James Baldwin's short stories It articulates and defends the claim that the stories in the collection *Going to Meet the Man* are driven by the autobiographical memory of the author To support this line of thought and the related proposition that the stories feed into themes relevant to self knowledge vicarious suffering love and forgiveness their effectiveness as transformative and revelatory texts is highlighted By drawing on contemporary studies and challenging the view that short stories are no more than miniature pieces merely echoing major works of their authors this book demonstrates that the short story genre can be profoundly forceful and effective in the articulation of complex human issues This study shows also that the humanistic import of the Baldwin stories is amplified by their ability to accumulate moral tension as they elicit the participation of the reader in an imaginative quest for a better world The Literary Devices in John's Gospel David W. Wead, 2018-07-18 As an interdisciplinary forerunner of the new literary approaches to gospel narratives over the last four decades in New Testament scholarship the revised and expanded monograph by David Wead makes a timely contribution to the advancement of those studies Rooted in comparative analyses of contemporary Hellenistic and Jewish literary techniques and drawing from the best of Continental scholarship Wead not only points Johannine scholars to relevant ancient resources but his analyses prepare the way for fresh interpretations of John's story of Jesus today Published originally in Switzerland this book was overlooked by many scholars to the detriment of their work However in addressing such themes as John's post resurrection point of view the Johannine

sign the Johannine double meaning irony in the Fourth Gospel and metaphor in the Fourth Gospel Wead's work is now available to new generations of scholars who will find his work both instructive and provocative This newly revised and expanded edition edited by Paul Anderson and Alan Culpepper not only includes a new epilogue by David Wead featuring new reflections and insights but it also includes an expansive overview of the literature before and after Wead's work including a helpful assessment of Wead's monograph in service to ongoing Johannine scholarship No serious study of Gospel literary features devices and strategies can afford to overlook this important book Poetry, Practical Theology and Reflective Practice Mark Pryce, 2019-03-13 This groundbreaking study offers an innovative critical analysis of poetry as a resource for reflective practice in the context of continuing professional development In the contemporary drive in all professions for greater rigour in education training and development little attention is paid to the inner shape of learning and meaning making for individuals and groups especially ways in which individuals are formed for the task of their work Building on empirical research into the author's professional practice the book takes the use of poetry in clergy continuing ministerial development as a case study to examine the value of poetry in professional learning Setting out the advantages and limitations of poetry as a stimulant for imaginative critical reflexivity and formation within professional reflective practice the study develops a practical model for group reflection around poetry distilling pedagogical approaches for working effectively with poetry in continuing professional development Drawing together a number of strands of thinking about poetry Practical Theology and reflective practice into a tightly argued study the book is an important methodological resource It makes available a range of primary and secondary sources offering researchers into professional practice a model of ethnographic research in Practical Theology which embraces innovative methods for reflexivity and theological reflection including the value of auto ethnographic poetry *Religion, Literature, and Scholarship: The Sumerian Composition Nanše and the Birds* Niek Veldhuis, 2021-10-11 This book uses insights from religious studies literary theory and the history of science for understanding the Sumerian composition Nan e and the Birds in the context of the Old Babylonian scribal school The discussions of Babylonian religion literature and scholarship focus on the usefulness and relevance of these modern concepts for categorizing the ancient text The volume presents the first critical edition of Nan e and the Birds as well as editions of the hymn Nan e B and all third millennium and Old Babylonian lexical lists of birds It includes 37 plates with photographs and line drawings including many previously unpublished tablets The final chapter discusses the identity and orthography of all Sumerian bird names in literary administrative and lexical texts *Providence and Narrative in the Theology of John Chrysostom* Robert Edwards, 2022-12-15 This book is the first major study of providence in the thought of John Chrysostom a popular preacher in Syrian Antioch and later archbishop of Constantinople ca 350 to 407 CE While Chrysostom is often considered a moralist and exegete this study explores how his theology of providence profoundly affected his larger ethical and exegetical thought Robert Edwards argues that Chrysostom considers biblical narratives as

vehicles of a doctrine of providence in which God is above all loving towards humankind Narratives of God's providence thus function as sources of consolation for Chrysostom's suffering audiences and may even lead them now amid suffering to the resurrection life the life of the angels In the course of surveying Chrysostom's theology of providence and his use of scriptural narratives for consolation Edwards also positions Chrysostom's theology and exegesis which often defy categorization within the preacher's immediate Antiochene and Nicene contexts

Biblical Narrative in the Philosophy of Paul Ricoeur Kevin J. Vanhoozer, 1990-04-27 A critical account of Ricoeur's theory of narrative interpretation and its contribution to theology

Canaan and Israel in Antiquity: A Textbook on History and Religion K. L. Noll, 2013-03-14 This comprehensive classic textbook represents the most recent approaches to the biblical world by surveying Palestine's social political economic religious and ecological changes from Palaeolithic to Roman eras Designed for beginners with little knowledge of the ancient world and with copious illustrations and charts it explains how and why academic study of the past is undertaken as well as the differences between historical and theological scholarship and the differences between ancient and modern genres of history writing Classroom tested chapters emphasize the authenticity of the Bible as a product of an ancient culture and the many problems with the biblical narrative as a historical source Neither maximalist nor minimalist it is sufficiently general to avoid confusion and to allow the assignment of supplementary readings such as biblical narratives and ancient Near Eastern texts This new edition has been fully revised incorporating new graphics and English translations of Near Eastern inscriptions New material on the religiously diverse environment of Ancient Israel taking into account the latest archaeological discussions brings this book right up to date

Adopting the Beat of Term: An Emotional Symphony within **Between Truth And Fiction A Narrative Reader In Literature And Theology**

In a global eaten by displays and the ceaseless chatter of instant interaction, the melodic elegance and psychological symphony created by the written term often diminish into the back ground, eclipsed by the relentless noise and distractions that permeate our lives. However, set within the pages of **Between Truth And Fiction A Narrative Reader In Literature And Theology** a wonderful fictional value filled with fresh feelings, lies an immersive symphony waiting to be embraced. Crafted by an outstanding composer of language, this charming masterpiece conducts readers on a mental trip, well unraveling the hidden melodies and profound affect resonating within each carefully constructed phrase. Within the depths with this emotional analysis, we will examine the book is main harmonies, analyze its enthralling writing model, and surrender ourselves to the profound resonance that echoes in the depths of readers souls.
