Surrendered: Promise and Process from Three Works Ronald Bakker, 2016-07-09 The Promise and Process of Surrender from Three Authors ANDREW MURRAY Absolute Surrender JAMES McCONKEY The Surrendered Life by CHARLES TRUMBULL Victory in Christ **When the Eternal Can Be Met** Corey Latta, 2014-04-14 When the Eternal Can Be Met excavates the philosophy behind the theology of the twentieth century s most prominent Christian writers C S Lewis T S Eliot and W H Auden These three literary giants converted to Christianity within little more than a decade of one another and interestingly all three theological authors turned to the theme of time All three authors also came to remarkably similar conclusions about time positing that the temporal present moment allowed one to meet the eternal Decades before Lewis Eliot and Auden sought to creatively construct a fictive or poetic theology of time the prominent philosopher Henri Bergson wrote about time s power to transform an individual s emotional and spiritual state a theory well known by Lewis Eliot and Auden When the Eternal Can Be Met argues that one cannot fully understand Lewis Eliot and Auden s theology of time without understanding Bergson s theories From the secular philosophy of Bergson dawned the most important works of literary theology and treatments of time of the twentieth century and in the Bergson influenced literary constructs of Lewis Eliot and Auden a common theological articulation sounds out time present is where humans meet God **Stellar Transformations** Steven Rybin, 2022-01-14 Stellar Transformations Movie Stars of the 2010s circles around questions of stardom performance and their cultural contexts in ways that remind us of the alluring magic of stars while also bringing to

the fore the changing ways in which viewers engaged with them during the last decade A salient idea that guides much of the collection is the one of transformation expressed in these pages as the way in which post millennial movie stars are in one way or another reshaping ideas of performance and star presence either through the self conscious revision of aspects of their own personas or in redirecting or progressing some earlier aspect of the culture Including a diverse lineup of stars such as Oscar Isaac Kristen Stewart Tilda Swinton and Tyler Perry the chapters in *Stellar Transformations* paint the portrait of the meaning of star images during the complex decade of the 2010s and in doing so will offer useful case studies for scholars and students engaged in the study of stardom celebrity and performance in cinema

Transforming Ethnohistories Sebastian Felix Braun, 2013-08-26 Anthropologists need history to understand how the past has shaped the present Historians need anthropology to help them interpret the past Where anthropologists and historians needs intersect is ethnohistory The contributors to this volume have been inspired in large part by the teaching and writing of distinguished ethnohistorian Raymond J DeMallie whose exemplary combination of ethnographic and archival research demonstrates the ways anthropology and history can work together to create an understanding of the past and the present Transforming Ethnohistories comprises ten new avenues of ethnohistorical research ranging in topic from fiddling performances to environmental disturbance and spanning places from North Carolina to the Yukon The authors seek to understand communities by finding and interpreting their stories in a variety of different texts some of which lie outside academic understanding and research methodology It is exactly those stories conventionally labeled myths or oral tradition that ethnohistorians demand we pay attention to Although historians cannot see or talk to their informants as anthropologists do both anthropologists and historians can listen to oral histories and written documents for the essential stories they contain The essays assembled here use DeMallie s approach to contribute to the history and anthropology of Native North America and address issues of literary criticism and contexts sociolinguistics performance theory identity and historical change historical and anthropological methods and theory and the interpretation of histories cultures and stories Debates over the legitimacy of ethnohistory as a specialization have led some scholars to declare its decline This volume shows ethnohistory to be alive and well and continuing to attract young scholars
