gender issues the turn to questions of language and meaning the increasing significance of cultural matters and a new emphasis on regional history The 1990s moreover saw a major movement to internationalize approaches to American history by emphasizing comparisons with other countries and cultures By the end of the twentieth century it was by no means clear whether there was any distinctive American history or if it did exist what its main contours were This book brings together a distinguished international group of scholars in an effort to answer this key question through a sustained interrogation of the periods themes fields problems and perspectives in historical writing on the United States How have the intricate issues surrounding gender race slavery and civil rights been resolved and interpreted in recent American history How have historians dealt with the complexities of events such as the American Revolution the Civil War Reconstruction and the New Deal in developing their historical narratives In what ways have technological developments in industry print and film influenced the questions historians ask The State of U S History offers an exciting introduction to the debates surrounding the major trends in American historical debates and the crucial events and influences that have helped define the American experience

Congress, 1957 Subject Guide to Books in Print , 1971 We Shall Not Be Moved Robert A. Pratt, 2002-12-01 In September 1950 Horace Ward an African American student from La Grange Georgia applied to law school at the University of Georgia Despite his impressive academic record Ward received a reply in reality a bribe from one of the university s top officials offering him financial assistance if he would attend an out of state law school Ward outraged at the unfairness of the proposition and determined to end this unequal treatment sued the state of Georgia with the help of the NAACP becoming the first black student to challenge segregation at the University of Georgia Beginning with Ward s unsuccessful application to the university and equally unsuccessful suit Robert A Pratt offers a rigorously researched account of the tumultuous events surrounding the desegregation of Georgia s flagship institution Relying on archival materials and oral histories Pratt debunks the myths encircling the landmark 1961 decision to accept black students into the university namely the notion that the University of Georgia desegregated with very little violent opposition Pratt shows that when Ward by then a lawyer helped litigate for the acceptance of Hamilton Earl Holmes and Charlayne Alberta Hunter University of Georgia students rather than outsiders carefully planned riots to encourage the expulsion of Holmes and Hunter Pratt also demonstrates how local political leaders throughout the state sympathized with even aided and abetted the student protestors Pratt s provocative story of one civil rights struggle does not stop with the initial legal decision that ended segregation at the university He also examines the

legacy of Horace Ward and other civil rights pioneers involved in the university's desegregation including Donald Hollowell and Constance Baker Motley who continued for a lifetime to break color barriers in the South and beyond *We Shall Not Be Moved* is a testament to Horace Ward Hamilton Holmes Charlayne Hunter Gault and others who bravely challenged years of legalized segregation      Georgia in Black and White John C. Inscoe, 2009-11-01 The eleven essays in this collection explore the variety of ways in which whites and blacks in Georgia interacted from the end of the Civil War to the dawn of the civil rights movement They reveal the extent to which racial matters infused politics religion education gender relationships kinship structure and community dynamics In their focus on a broad range of individuals incidents and locales the essays look beyond the obvious injustices of the color line to examine the intricacies ambiguities contradictions and above all the human dimension that made that line far less rigid or absolute than is often assumed The stories told here offer new insights into and provocative interpretations of the actions and reactions of the men and women black and white engaged on both sides of the struggle for racial justice and reform They provide vivid testimony to the complexity and diversity that have always characterized southern race relations      Beyond Atlanta, Series R. , This series of interviews was conducted by Stephen G N Tuck with various public figures that include civil rights activists politicians and businessmen in the 1990s and their roles and experiences during the civil rights movement in Georgia The interviews focus on several geographic locations of the state
