## **Beyond Glory Medal Of Honor Heroes In Their Own Words:**

**Beyond Glory** Larry Smith, 2003 A stirring oral history of the nation's Medal of Honor winners interviews twenty four men who earned the honor through extraordinary acts of valor on the battlefield 25 000 first printing *Beyond Glory: Medal of Honor Heroes in Their Own Words* Larry Smith, 2004-05-17 Twenty three Medal of Honor recipients from World War II the Korean War and the Vietnam War tell their stories *The Medal of Honor* Dwight S. Mears, 2018-08-22 The Medal of Honor may be America's highest military decoration but all Medals of Honor are not created equal The medal has in fact consisted of several distinct decorations at various times and has involved a number of competing statutes and policies that rewarded different types of heroism In this book the first comprehensive look at the medal's historical legal and policy underpinnings Dwight S Mears charts the complex evolution of these developments and differences over time The Medal of Honor has had different qualification thresholds at different times and indeed three separate versions one for the army and two for the navy existed contemporaneously between World Wars I and II Mears traces these versions back to the medal's inception during the Civil War and continues through the ongoing wars in Iraq and Afghanistan along the way describing representative medal actions for all major conflicts and services as well as legislative and policy changes contemporary to each period He gives particular attention to retroactive army awards for the Civil War World War I legislation that modernized and expanded the army's statutory award authorization the navy's grappling with both a combat and noncombat Medal of Honor through much of the twentieth century the Vietnam era act that ended noncombat awards and largely standardized the Medal of Honor among all services and the perceived decline of Medals of Honor awarded in the ongoing Global War on Terror Mears also explores the tradition of awards via legislative bills of relief extralegislative awards administrative routes to awards through Boards of Correction of Military Records restoration of awards previously revoked by the army in 1917 judicial review of military actions in federal court and legislative actions intended to atone for historical discrimination against ethnic minorities Unprecedented in scope and depth his work is sure to be the definitive resource on America's highest military honor Military Review, 2004 **Annual Report** National Endowment for the Arts, Reports for 1980 19 also include the Annual report of the National Council on the Arts Professional Journal of the United States Army, 2004 **Interior, Environment, and Related Agencies Appropriations for 2006** United States. Congress. House. Committee on Appropriations. Subcommittee on Interior, Environment, and Related Agencies, 2005 **Interior, Environment, and Related Agencies Appropriations For 2006, Part 4, 109-1 Hearings, \***, 2005 **Assembly** West Point Association of Graduates (Organization)., 2007 Air Force Magazine, 2003 **Fly Boy Heroes** James H. Hallas, 2022-04-01 On the morning of December 7 1941 Chief Aviation Ordnanceman John W Finn though suffering multiple wounds continued to man his machine gun against waves of Japanese aircraft attacking the Kaneohe Bay Naval Station during the infamous Pearl Harbor raid Just over three years later as World War II struggled into its final months a B 29

radioman named Red Erwin lingered near death after suffering horrific burns to save his air crew in the skies off Japan. They were the first and last of thirty U S Navy Army and Marine Corps aviation personnel awarded the Medal of Honor for their actions against the Japanese during World War II. They included pilots and crewmen manning fighters and dive bombers and flying boats and bombers. One was a general. Another was a sergeant. Some shot down large numbers of enemy aircraft in aerial combat. Others sacrificed themselves for their friends or risked everything for complete strangers. Who were these now largely forgotten men? Where did they come from? What inspired them to rise above and beyond? What if anything made them different? Virtually all had one thing in common: they always wanted to fly. They came from a generation that revered the aces of World War I like Eddie Rickenbacker, the civilian flyer Charles Lindbergh, and the lost aviator Amelia Earhart, and then they blazed their own trail during World War II.

**Air Force and Space Digest**, 2003     *Iwo Jima* Larry Smith, 2015-06-15

A vivid and compelling account by a true master of oral history. General James L. Jones, USMC Ret., Supreme Allied Commander Europe. On February 19, 1945, nearly 70,000 American soldiers invaded a tiny volcanic island in the Pacific. Over the next thirty-five days, approximately 28,000 soldiers died, including nearly 22,000 Japanese and 6,821 Americans, making Iwo Jima one of the costliest battles of World War II. In his most important work to date, best-selling author Larry Smith lets twenty-two veterans of the conflict tell the story of this epic clash in their own words. Many of these soldiers were no more than teenagers when they answered their country's call, and yet the men relate the momentous events of this terrible conflict as if they occurred just last year, instead of more than half a century ago. Describing the initial charge across the treacherous black ash of the landing beach under heavy fire is Chuck Lindberg, the last survivor of the two teams that planted the flags on Mount Suribachi, a moment captured forever in Joe Rosenthal's iconic photograph for the Associated Press. General Fred Haynes recounts his heroic attempts to keep order amid tremendous casualties on the battlefield. Woody Williams and George Wahlen, two of the battle's twenty-six Medal of Honor recipients, tell their unbelievable stories, and Samuel Tso relates his role as one of the famous Navajo code talkers. Though the flags went up just days after the invasion, the fighting wasn't over. Through nearly eight miles of tunnels, thousands of Japanese troops defended the island despite heat, famine, rations, and the overpowering stench of sulfur. To get both sides of the story, Smith interviewed the daughter of Captain Tsunezo Wachi, one of the most prominent Japanese survivors, and presents new evidence about the disappearance of the famed Japanese commander Lieutenant General Tadamichi Kuribayashi, who waged a brilliant defense of the island only to allegedly commit suicide rather than submit to the Americans. Smith also investigates the controversy surrounding Rosenthal's famous photograph of the flag-raising and interviews bomber and fighter crewmen to hear firsthand whether they believed the terrible cost of capturing the island was truly justified by its strategic use as an emergency stop for B-29 Superfortress bombers. Through the story of Navy Cross recipient John Ripley, Smith brings the history of the island up to date from its return to Japan in 1968 to the dramatic discoveries made in the caves of Iwo in the 1980s and the Japanese

American Reunion of Honor now held annually on the island With dozens of photographs and maps Iwo Jima is a stunning history of this emblematic battle but it is also a personal history of the generation of soldiers many now in their final years who waged one of the most important wars in American history The United States and the Second World War G. Kurt Piehler, Sidney Pash, 2010 In this text Piehler and Pash bring together a collection of essays offering an examination of American participation in the Second World War including a long overdue reconsideration of such seminal topics as the forces leading the US to enter World War II the role of the American military in the Allied victory and more *The Last Stand of Fox Company* Bob Drury, Tom Clavin, 2018-11-20 The authors of the bestselling *Halsey's Typhoon* do a fine job recounting one brutal small unit action during the Korean War's darkest moment Publishers Weekly November 1950 the Korean Peninsula After General MacArthur ignores Mao's warnings and pushes his UN forces deeper into North Korea his 10 000 First Division Marines find themselves surrounded and hopelessly outnumbered by 100 000 Chinese soldiers near the Chosin Reservoir Their only chance for survival is to fight their way south through the Toktong Pass a narrow gorge that will need to be held open at all costs The mission is handed to Captain William Barber and the 234 Marines of Fox Company a courageous but undermanned unit of the First Marines Barber and his men climb seven miles of frozen terrain to a rocky promontory overlooking the pass where they will endure four days and five nights of nearly continuous Chinese attempts to take Fox Hill Amid the relentless violence three quarters of Fox's Marines are killed wounded or captured Just when it looks like they will be overrun Lt Colonel Raymond Davis a fearless Marine officer who is fighting south from Chosin volunteers to lead a daring mission that will seek to cut a hole in the Chinese lines and relieve the men of Fox This is a fast paced and gripping account of heroism in the face of impossible odds *Hell's Islands* Stanley Coleman Jersey, 2008 Presents battlefield accounts and first person narratives from over 200 Allied and Japanese veterans of the battle on Guadalcanal Island between August 1942 and February 1943 **Daniel Inouye** Louise Chipley Slavicek, 2007 Daniel K Inouye was born to Japanese immigrant parents in Honolulu in 1924 When Inouye was just 17 years old the Japanese attack on Pearl Harbor swept his nation into war and forever changed the course of his life Inouye's heroic actions on an Italian battlefield during World War II eventually earned him his country's highest military award the Medal of Honor but it also cost him his right arm and his dreams of becoming a surgeon Determined to pursue a career in public service after Hawaii achieved statehood in 1959 Inouye became the first Japanese American to serve in the U S House of Representatives and later the Senate During the 1970s and 80s he attracted national attention for his role in investigating two major political scandals the Watergate scandal and the Iran contra affair **Day of Infamy** Steven Otfinoski, 2015-08 In a narrative nonfiction format follows people who experienced the attack on Pearl Harbor **Charles Lindbergh** Heather Wagner, 2013 In May 1927 Charles Lindbergh flew over the Atlantic Ocean to become the first person to successfully fly from New York to Paris
