Journeys of Lifelong Learning in Music Rineke Smilde,2021-07-31 Who am I as a musician and how can I contribute to society It is the key question in this reflective handbook on Lifelong Learning in Music in which Rineke Smilde reflects on today s musicians emerging identity and its relationship with their professional performance For many years she has been leading the research group Lifelong Learning in Music of Prince Claus Conservatoire Hanze University Groningen examining questions about the relationship between musicians and society What for example does engagement with new audiences mean for the different roles learning and leadership of musicians And how could we consider musicians learning environments During the research into their learning processes further questions were raised and possible answers examined In this reflective handbook fundamental concepts of Lifelong Learning in Music are clarified and discussed through examples of research projects which were explorative and innovative A fair amount was learnt Several key themes are identified such as reflective practice artistry excellence reciprocity and artistic response In particular the multilayered roles of biographical learning and improvisation emerge in these examples Special attention is given to the notion of the reflexive conservatoire which is rooted within the framework of lifelong learning and includes attention to tacit knowing artistic excellence and the crucial connection to the outside world In the end the author makes a strong case for all musicians developing an informed social role that reflects their own identity and underpins their professional performance There is an emphasis on eliminating the false dichotomy between artistic practices as l art pour l art or social work This can only be achieved through convincing examples of artistic practices in social contexts which inform musicians artistic growth and strengthen their personal and professional development and sense of identity Here there is no either or on the contrary tradition and innovation are married and strengthen each other by being complementary

The 21st-century Singer Susan Mohini Kane,2015 The vast majority of singers with a degree in performance are un or under employed in their field Despite the fact that talented

singers are discovered every day there are far too few jobs in the field of classical music to accommodate all of them a problem evidenced by regular reports of opera companies and symphony orchestras closing their doors Young classical singers particularly recent graduates of music programs need not only artistic ability but also intelligence and an acute business sense to navigate the world of professional singing In *The 21st Century Singer Making the Leap from the University into the World* author Susan Mohini Kane has created a user friendly guide for these recent graduates Kane combines the benefits of an instructional manual with those of a self reflective workbook to provide emerging classical singers with both practical and inspirational advice She begins with a section on self evaluation allowing readers to define what motivates their desire to sing professionally and reflect on their passions before moving on to career advice In the sections that follow Kane presents a variety of career paths such as singing teaching and consulting realistic alternatives to the rise to stardom as an overnight sensation that so few will experience and provides the reader with the tools to develop a concrete plan for whichever path they decide to pursue Other sections offer instruction on how to develop support systems train oneself holistically and take advantage of the newest technological resources available for professional self promotion With its dual emphasis on artistic motivation and modern day business sense *The 21st Century Singer* will prove an essential text for anyone pursuing a professional singing career

teacher musicians Whether serving on the faculty at a university maintaining a class of private students or fulfilling an
invitation as guest artist in a master class series virtually all musicians will teach during their careers *From the Stage to the
Studio* speaks directly to the performing musician highlighting the significant advantages of becoming distinguished both as
a performer and a pedagogue Drawing on over sixty years of combined experience authors Cornelia Watkins and Laurie Scott
provide the guidance and information necessary for any musician to translate their individual approach into productive and
rewarding teacher student interactions Premised on the synergistic relationship between teaching and performing this book
provides a structure for clarifying the essential elements of musical artistry and connects them to such tangible situations as
setting up a studio teaching a master class interviewing for a job judging competitions and recruiting students *From the
Stage to the Studio* serves as an essential resource for university studio faculty music pedagogy teachers college music
majors and professionals looking to add effective teaching to their artistic repertoire This second edition provides readers
useful tools for understanding current and ever changing neurological and behavioral studies of music practice This edition
also features best practice recommendations for online teaching in both individual and ensemble settings as well as new
sections featuring financial advice for independent musicians and self employed studio teachers Beyond this the authors have
added practical tips on essential writing and language skills for teaching planning self promotion job applications and
advocacy They have also revised the book's discussion of additional training and certification requirements for teaching
positions and provided updated information on professional music teaching associations Bringing it all together is the second
edition's larger format ideal for including readers' written responses plus a new user friendly worksheet style grid for cross
referencing sequenced instruction with a variety of learning approaches **Bourdieu and the Sociology of Music**

Education Pamela Burnard, Ylva Hofvander Trulsson, 2016-04-15 Pierre Bourdieu has been an extraordinarily influential
figure in the sociology of music For over four decades his concepts have helped to generate both empirical and theoretical
interventions in the field of musical study His impact on the sociology of music taste in particular has been profound his ideas
directly informing our understandings of how musical preferences reflect and reproduce inequalities between social classes
ethnic groups and men and women *Bourdieu and the Sociology of Music Education* draws together a group of international
researchers academics and artist practitioners who offer a critical introduction and exploration of Pierre Bourdieu's rich
generative conceptual tools for advancing sociological views of music education By employing perspectives from Bourdieu's
work on distinction and judgement and his conceptualisation of fields habitus and capitals in relation to music education
contributing authors explore the ways in which Bourdieu's work can be applied to music education as a means of linking
school institutional habitus and learning and curriculum and family class habitus The volume includes research perspectives

and studies of how Bourdieu's tools have been applied in industry and educational contexts including the primary secondary and higher music education sectors The volume begins with an introduction to Bourdieu's contribution to theory and methodology and then goes on to deal in detail with illustrative substantive studies The concluding chapter is an extended essay that reflects on and critiques the application of Bourdieu's work and examines the ways in which the studies contained in the volume advance understanding The book contributes new perspectives to our understanding of Bourdieu's tools across diverse settings and practices of music education *College Music Curricula for a New Century* Robin D. Moore, 2017

College Music Curricula for a New Century considers what a more inclusive and socially engaged curriculum of musical study might look like in universities Its goal is to create dialogue about how to transition to new paradigms and how they might be implemented in practical terms based on existing experiments taking place nationally and internationally

Collaborative Learning in Higher Music Education Helena Gaunt, Heidi Westerlund, 2016-05-23 In higher music education learning in social settings orchestras choirs bands chamber music and so on is prevalent yet understanding of such learning rests heavily on the transmission of knowledge and skill from master to apprentice This narrow view of learning trajectories pervades in both one to one and one to many contexts This is surprising given the growing body of knowledge about the power of collaborative learning in general underpinned by theoretical developments in educational psychology the social dimensions of learning situational learning and concepts of communities of learners Collaborative Learning in Higher Music Education seeks to respond to the challenge of becoming more conscious of the creative and multiple dimensions of social interaction in learning music in contexts ranging from interdisciplinary projects to one to one tuition and not least in the contemporary context of rapid change in the cultural industries and higher education as a whole It brings together theoretical papers and case studies of practice Themes covered include collaborative creativity communities of practice peer learning co teaching as co learning assessment and curriculum structures Chapters illuminate reasons for enabling collaborative learning and provide exemplars of innovative practice and designs for collaborative learning environments in higher music education A central purpose of the book is to scaffold change to help in meeting the rapid changes in society and to find constructive stepping stones or signposts for teachers and students **Artist Management for the Music**
