Beyond Contempt The Inside Story Of The Phone Hacking Trial:

Beyond Contempt Peter Jukes,2014 Beyond Contempt Peter Jukes,2015-02-20 A factual account of the trial of Rupert Murdoch's newspaper journalists for phone hacking corruption of officials and conspiracy to pervert the course of justice His favourite executive Rebekah Brooks editor of the News of the World and The Sun was acquitted and her friend and colleague Andy Coulson jailed This book covers every twist and turn of the case which took place at the Old Bailey in London in 2013 and 2014 It includes a list of the charges defendants and their counsel and previously unreported material McNae's Essential Law for Journalists Mike Dodd,Mark Hanna,2018 The definitive media law guide for journalists and students alike The only media law text endorsed by the NCTJ McNae's offers unrivalled practical guidance on a wide range of reporting situations an invaluable tool throughout your journalism career *Fake News vs Media Studies* Julian McDougall,2019-12-01 This book explores the place of Media Studies in the age of fake news analysing the calls for a curriculum of critical news literacy as part of a cyclical policy debate With the need for young people in democracies to understand mainstream news agendas and take a critical perspective on social media news including so called fake news this book argues for Media Studies as a mandatory subject However fake news is not presented in the book as a stable neutral term with a clear definition but is instead defined as an idea that risks obscuring the key critical and political premise of Media Studies All media representation requires critical deconstruction therefore any distinction between real and fake media is a false binary The author draws together two narrative strands one analysing contemporary news and journalism featuring interviews with journalists and news commentators and the other re appraising the discipline of Media Studies itself This bold and innovative book will appeal to all those interested in the nebulous and often confusing media landscape as well as students and practitioners of Media Studies **Abuse of Trust** Paul Gosling,Mark D'Arcy,2016-08-12 Frank Beck sexually and physically abused more than 200 looked after children while working as a residential care home manager for Leicestershire County Council This book shows how he got away with it after gulling social workers and council managers It is a new edition of a paperback originally published in 1998 with an additional new chapter on Greville Janner MP Janner a lawyer backbencher and influential figure in Labour avoided prosecution for his involvement in the Leicestershire care scandal despite being named as an abuser during the criminal case against Beck In an epilogue to this new enlarged edition of this acclaimed book on the scandal Paul Gosling deals with Janner's dominance of the local Labour Party his influence within the wider parliamentary party and the failed police investigations into him Detectives carrying out the latest investigation into Janner are working on the theory that he abused children with Beck Abuse of Trust first published in 1998 has long been viewed by social work professionals as an important audit of this case Gosling and the BBC journalist Mark D Arcy his co author investigate how Beck and his cronies came to rampage through children's homes in Leicestershire for more than a decade Despite complaints from children they continued their reign of terror for 13 years aided by at best

incompetence at Leicestershire County Council Leicestershire Police and the Crown Prosecution Service Hundreds of children in the care of the local authority were damaged and some tragically died One is suspected now of being murdered At the time Beck was brought to justice for the scandal allegations that the local MP Greville Janner was also involved were roundly dismissed in the House of Commons where Janner was supported by his fellow Leicestershire MPs REVIEWS Today when the pendulum seems to swinging again to start disbelieving claims by survivors that they were sexually abused the republication of a book examining one of the first major child sex scandals is a timely reminder of what victims faced in the 1970s and 1980s Abuse of Trust looks at the case of the long dead Frank Beck a charismatic social worker who got away with abusing possibly up to 200 children for two decades before finally being caught and convicted It is particularly relevant as Alexis Jay s child sex abuse inquiry is planning to resurrect the dire situation in Leicestershire social services at the time with an examination of the role of the then local MP Greville Janner who was facing multiple charges of child sexual abuse at the time of his death last year The book written by two diligent journalists Mark D Arcy a BBC Parliament correspondent and Paul Gosling an ex Leicester councillor and an experienced freelance journalist I would recommend this book to anyone who wants to remind themselves about the sheer nastiness brutality and cover ups that seem to dog this area David Hencke investigative journalist DavidHencke.com An important and in depth analysis of one case among the many involving members of the establishment where child victims of sexual crime adult survivors and those professionals supporting them have been silenced and denied justice Dr Liz Davies Emeritus Reader in Child Protection London Metropolitan University Few books have managed to get to the heart of a story of abuse as thoroughly and accurately as Abuse of Trust Chilling Christian Wolmar Journalist and author **Badgered to Death** Dominic Dyer,Chris Packham,2016-08-18 Dominic Dyer exposes the cruelty and cynicism behind Britain s most controversial wildlife policy and exonerates badgers for rising levels of TB in cattle in a fast paced and accessible narrative Introduction by the BBC TV presenter Chris Packham REVIEWS A thriller whodunnit and impassioned polemic this is the inside story of the badger cull A vital must read for anyone concerned about the badger s enduring place in the British countryside Patrick Barkham nature writer for The Guardian It should be read by all those battling against government policies that put money ahead of science and the environment Our natural world is too important to be over ridden in this way Dyer pays tribute to the Badger Army those many individuals from all walks of life who turned out to protest and importantly once culling started to protect the badgers out in the field Badgered to Death is for them because it tells them just why they must keep fighting the culls It will convince any reader how very wrong and ineffective the culls will prove to be Lesley Docksey The Ecologist I enjoyed reading this book and I strongly recommend it to you If you sign up to the main message of the book that these culls are a waste of money a waste of Badgers and at best a partial and inefficient way to reduce bovine TB then you will be hopping mad right now and reading this book won t calm you down it will energise you Mark Avery MarkAvery.info **McNae's Essential Law for Journalists** Mark Hanna, Mike

Dodd,2016-06-30 Precise and lucid in its treatment of practical detail McNae's Essential Law for Journalists is the unrivalled handbook for students of journalism and professionals Including pithy summaries clear cross references and hands on practical advice McNae's meets the needs of busy journalists who need quick and reliable answers to the questions they face in their day to day work while also providing students with authoritative coverage of key media law topics Published in partnership with the National Council for the Training of Journalists as the elemental text for students and widely used in newsrooms across the UK McNae's continues to successfully distil the law and make it manageable A comprehensive website www.mcnaes.com accompanies the text providing a range of resources including regular updates from the authors to keep you abreast of the law whether on the job or in exams
