Beyond Westphalia National Sovereignty And International Intervention

John D. Carlson, Erik C. Owens

Beyond Westphalia National Sovereignty And International Intervention:

Beyond Westphalia? Gene M. Lyons, Michael Mastanduno, 1995-04 Intervention has been a common feature of international politics This text distinguishes between unilateral and international intervention examining whether recent political changes have shifted the balance between the sovereign rights of states and the authority of the international community

State Sovereignty and Intervention Helle Malmvig, 2006-10-03 This new volume shows how state sovereignty is more fluid and contested than is usually appreciated within both conventional and constructivist literature Whereas previous constructivist works have investigated the temporal contingency of state sovereignty the spatial contingency of this concept has been neglected This book tackles this situation showing the reader how the meaning of state sovereignty was constituted differently in the case of the intervention in Kosovo and the case of non intervention in Algeria in the late 1990s This essential study clearly and concisely takes existing constructivist and poststructuralist work on state sovereignty one step further arguing that state sovereignty not only is open to different constructions over time but also across space probes further into the conceptual relationships between sovereignty intervention arguing that legitimations of non intervention also can be analyzed as a practice which gives meaning and content to the concept of state sovereignty contributes to the emerging debate on the importance of methodology in constructivist studies turning the philosophical and meta theoretical assumptions of constructivism and poststructuralism into an informed analytical strategy guiding the book's empirical discourse analysis

International Intervention in the Balkans Since 1995 Peter Siani-Davies, 2004-03 This volume offers an analysis of the activities of the international community in the Balkans since the 1995 Dayton Agreement There has been substantial investment in the region but so far the gains have been limited and doubts remain as to the extent that sustainable security has been enhanced There is a need for serious reassessment of policies and priorities but this depends on a careful analysis of past successes and failures The contributors seek to provide this by examining intervention not just in terms of military action and the activities of major international agencies at state level but also the activities of outside NGOs within the local environment

The Prevention and Intervention of Genocide Samuel Totten, 2011-12-31 Over the last twenty years the world has witnessed four major genocides There was the genocide in Iraq 1988 in Rwanda 1994 in Srebrenica 1995 and in Darfur 2003 and continuing Most observers agree there is an urgent need to assess the international community's efforts to prevent genocide and to intervene once a genocide is under way in an effective and timely manner This volume the latest in a widely respected series on the subject of genocide provides an overview of a host of issues germane to this task The book begins with a cogent discussion of the issues of prevention and intervention during the Cold War years The second chapter discusses the abject failures and moderate though in some cases highly controversial successes at prevention and intervention carried out in the 1990s and early 2000s Further chapters examine latest efforts to develop an effective genocide early warning system and examine the complexity of and barriers to prevention The pros and

cons of sanctions and the problems of enforcement and evaluation their effectiveness are then discussed Conflicts between state sovereignty and the protection of threatened populations are examined both in historical context and by incorporating the latest thinking Later chapters treat the issue of intervention why and how it has met with only limited success Concentrating on Rwanda and Srebrenica chapter 8 discusses various peace operations that were abject failures and those that were moderately successful The concept of an anti genocide regime is examined in terms of progress in developing such a regime as well as what the international community must do in order to implement it Chapters discuss key issues related to post genocidal periods those that need to be addressed in order to establish stability in a wounded land and populace as well as to prevent future genocides The final chapter asks whether bringing perpetrators to justice has any impact in breaking impunity ensuring deterrence and bringing about reconciliation The contributors to the volume are all noted scholars some of whom specialize in the study of genocide and others who specialize in such areas as early warning peacekeeping and sanctions

The Fragility of the 'Failed State' Paradigm Neyire Akpinarli,2010 The absence of effective government one of the most important issues in current international law became prominent with the failed state concept at the beginning of the 1990s Public international law however lacked sufficient legal means to deal with the phenomenon Neither attempts at state reconstruction in countries such as Afghanistan and Somalia on the legal basis of Chapter VII of the UN Charter nor economic liberalisation have addressed fundamental social and economic problems This work investigates the weaknesses of the failed state paradigm as a long term solution for international peace and security arguing that the solution to the absence of effective government can be found only in an economic and social approach and a true universalisation of international law

Understanding the War in Kosovo Florian Bieber,Zidas Daskalovski,2004-08-02 The war in Kosovo has been a defining moment in post Cold War Europe Kosovo has great importance beyond the Balkans as the most ambitious attempt of the international community to prevent internal conflicts and rebuild a society destroyed by war and ethnic cleansing As the danger of ethnic conflict prevails in the region and elsewhere around the world the experience of Kosovo offers important lessons This is a comprehensive survey of developments in Kosovo leading up to during and after the war in 1999 providing additionally the international and regional framework to the conflict It examines the underlying causes of the war the attempts by the international community to intervene and the war itself in spring 1999 It critically examines the international administration in Kosovo since June 1999 and contextualizes it within the relations of Kosovo to its neighbours and as part of the larger European strategy in Southeastern Europe with the stability pact It does not seek to promote one interpretation of the conflict and its aftermath but brings together a range of intellectual arguments from some sixteen researchers from the Balkans the rest of Europe and North America Praxis Friedrich Kratochwil,2018-08-16 Presents a shift from the accepted international relations standard of theorizing by analyzing policy decisions made in non ideal conditions within a broader framework of practical choices emphasizing both historicity and contingency as exemplified by changing practices in the

international arena **Critical Reflections on Security and Change** Stuart Croft, Terry Terriff, 2013-02-01 The contributors reflect critically on security studies since the 1980s They conclude that analysts and policy makers have not been able to respond well to the changes that have occurred and that they must revise their approach if they are to meet the challenges of the future **Kant and the Theory and Practice of International Right** Georg Cavallar, 2020-03-01 A similar book is Reidar Maliks Kant s Politics in Context Oxford Oxford University Press 2014 but it does not focus on international law Pauline Kleingeld s Kant and Cosmopolitanism The Philosophical Ideal of World Citizenship Cambridge Cambridge University Press 2012 touches upon international relations but is mainly a book on Kant s cosmopolitanism and a comparison with other 18c thinkers **Collective Conflict Management and Changing World Politics** Joseph Lepgold, Thomas George Weiss, 1998-01-01 For several decades the debate over collective security the idea that alliances are problematic and that all nations should pledge to come to the aid of any nation that is a victim of aggression has been polarized Collective Conflict Management and Changing World Politics probes the international and domestic conditions under which collective security tends to work or not and questions if the end of the Cold War makes success more or less likely than before The contributors conclude that collective conflict management is possible under specific situations as they enumerate various domestic and international requisites that circumscribe such possibilities This is an excellent collection The material is of a uniformly high quality along three dimensions good writing identification of important empirical problems relating to collective security and peacekeeping or using the term the volume authors prefer collective conflict management and good logical reasoning **Concepts at Work** Piki Ish-Shalom, 2021-04-20 Interrogating the language that gives meaning to IR theories and practice **The Kosovo crisis and the evolution of a post-Cold War European security** Martin A Smith, Paul Latawski, 2013-07-19 This electronic version has been made available under a Creative Commons BY NC ND open access license Analyses the international response to the crisis in Kosovo and its broader implications by examining its diplomatic military and humanitarian features Unravelling these implications can be challenging as it remains an event replete with paradoxes the originality of this book s approach lies in its exploration of these paradoxes The crisis in Kosovo has been a headline grabbing event a serious study of the implications of the conflict on wider European security issues and institutions is urgently required **Human Welfare and Public Policy** Tetsuo Ogawa, 2025-06-15 Social trends and public policies are deeply interconnected with individuals quality of life as public policies play a crucial role in expanding people s opportunities and capabilities to pursue and realise their personal goals It is essential to broaden the understanding of public policy both as a general concept and as a practical tool to analyse how contemporary societies and policies influence not only individual well being and the pursuit of a quality life but also the formulation and effectiveness of public policies themselves Therefore this volume considers the conditional factors that shape the overall social quality of life within society This includes integrating both subjective and objective indicators of quality of

life as outlined by the European Union to develop a comprehensive understanding of well being that can inform more effective and responsive policymaking *Beyond Traditional Peacekeeping* Donald C.F. Daniel, Bradd C. Hayes, 2016-07-27 As the UN celebrates its 50th anniversary it is embroiled in controversy sparked by its recent extensive involvement in operations which go beyond traditional peacekeeping This book brings together leading scholars and practitioners who explicate the issues at the heart of the controversy and recommend changes for the organisation and its member states In dedicated analyses as well as in case studies the authors focus on issues of sovereignty and intervention national commitments to non traditional missions and operational efficiency and effectiveness when undertaking such missions

Community, Solidarity and Belonging Andrew Mason, 2000-07-27 Despite the frequency with which the term community is used it is hard to find any comprehensive exploration of the nature and value of community This book tries to remedy this omission whilst taking seriously the idea that community can be of different kinds and can exist at different levels and that these levels and kinds may come into conflict with one another It focuses on the question of what kind of community is valuable at the level of the state It then explores the limits that ideals of political community place upon cultural diversity within the state and the limits that in turn ideals of global community place upon the self determination of political communities This book will be of interest to students of political theory philosophy and international relations

Boundaries and Belonging Joel S. Migdal, 2004-05-03 This interdisciplinary volume maintains the importance of a spatial understanding of society and history but suggests a way of conceiving of borders and space that goes beyond a school map of states Its subject is the struggle among differing spatial logics or mental maps It is concerned with the meaning that state borders hold for people but recognizes that such meaning varies and is contested by other social formations To what degree do state borders encase the mechanisms that make the decisive rules governing people's lives and to what extent do they give way to other rulemakers To what extent do states circumscribe the communities to which people feel attached and to what extent do they intersect with other communities of belonging These essays home in on the struggles and conflicting demands on people given that state borders are not automatically pre eminent and that other spatial logics demand attention

The Iraq Crisis and World Order Ramesh Thakur And Waheguru Pal Singh Sidhu, 2007-09 **Peacebuilding in the African Union** Abou Jeng, 2012-08-02 An extensive analysis of the norms and legal institutions of the African Union and their relevance to Africa's quest for peace **Rafał Lemkin** Agnieszka Bieńczyk-Missala, Sławomir Dębski, 2010 The Sacred and the Sovereign John D. Carlson, Erik C. Owens, 2003-06-11 Until September 11th 2001 few in the West fully appreciated the significance of religion in international politics The terrible events of that day refocused our attention on how thoroughly religion and politics intermingle sometimes with horrific results But must this intermingling always be so deadly The Sacred and the Sovereign brings together leading voices to consider the roles that religion should and should not play in a post Cold War age distinguished by humanitarian intervention terrorism globalization and challenges to state sovereignty But these

challenges to state sovereignty have deep and abiding roots in religion that invite us to revisit just what values we hold sacred Offsetting the commonly shared idea that religion is politics perennial nemesis this volume demonstrates that religious traditions institutions and ideas are essential elements of the political quest for human rights peace order legitimacy and justice The Sacred and the Sovereign brings distinguished scholars of religious studies theology and politics together with ranking members of the military and government to reflect seriously about where and if safe boundaries can be drawn between religion and politics in the international arena

Beyond Westphalia National Sovereignty And International Intervention: Bestsellers in 2023 The year 2023 has witnessed a remarkable surge in literary brilliance, with numerous engrossing novels captivating the hearts of readers worldwide. Lets delve into the realm of top-selling books, exploring the fascinating narratives that have charmed audiences this year. Beyond Westphalia National Sovereignty And International Intervention : Colleen Hoovers "It Ends with Us" This heartfelt tale of love, loss, and resilience has captivated readers with its raw and emotional exploration of domestic abuse. Hoover skillfully weaves a story of hope and healing, reminding us that even in the darkest of times, the human spirit can prevail. Uncover the Best : Taylor Jenkins Reids "The Seven Husbands of Evelyn Hugo" This spellbinding historical fiction novel unravels the life of Evelyn Hugo, a Hollywood icon who defies expectations and societal norms to pursue her dreams. Reids absorbing storytelling and compelling characters transport readers to a bygone era, immersing them in a world of glamour, ambition, and self-discovery. Beyond Westphalia National Sovereignty And International Intervention : Delia Owens "Where the Crawdads Sing" This evocative coming-of-age story follows Kya Clark, a young woman who grows up alone in the marshes of North Carolina. Owens crafts a tale of resilience, survival, and the transformative power of nature, entrancing readers with its evocative prose and mesmerizing setting. These bestselling novels represent just a fraction of the literary treasures that have emerged in 2023. Whether you seek tales of romance, adventure, or personal growth, the world of literature offers an abundance of captivating stories waiting to be discovered. The novel begins with Richard Papen, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a brilliant and thrilling novel that will keep you guessing until the very end. The novel is a warning tale about the dangers of obsession and the power of evil.

While this might not be the Beyond Westphalia National Sovereignty And International Intervention full book , it can give you a taste of the authors writing style. Subscription Services Platforms like Kindle Unlimited or Scribd offer subscription-based access to a wide range of Beyond Westphalia National Sovereignty And International Intervention eBooks, including some popular titles.

FAQs About Beyond Westphalia National Sovereignty And International Intervention Books

What is a Beyond Westphalia National Sovereignty And International Intervention PDF? A PDF (Portable Document Format) is a file format developed by Adobe that preserves the layout and formatting of a document, regardless of the software, hardware, or operating system used to view or print it. **How do I create a Beyond Westphalia National**

Sovereignty And International Intervention PDF? There are several ways to create a PDF: Use software like Adobe Acrobat, Microsoft Word, or Google Docs, which often have built-in PDF creation tools. Print to PDF: Many applications and operating systems have a "Print to PDF" option that allows you to save a document as a PDF file instead of printing it on paper. Online converters: There are various online tools that can convert different file types to PDF. **How do I edit a Beyond Westphalia National Sovereignty And International Intervention PDF?** Editing a PDF can be done with software like Adobe Acrobat, which allows direct editing of text, images, and other elements within the PDF. Some free tools, like PDFescape or Smallpdf, also offer basic editing capabilities. **How do I convert a Beyond Westphalia National Sovereignty And International Intervention PDF to another file format?** There are multiple ways to convert a PDF to another format: Use online converters like Smallpdf, Zamzar, or Adobe Acrobats export feature to convert PDFs to formats like Word, Excel, JPEG, etc. Software like Adobe Acrobat, Microsoft Word, or other PDF editors may have options to export or save PDFs in different formats. **How do I password-protect a Beyond Westphalia National Sovereignty And International Intervention PDF?** Most PDF editing software allows you to add password protection. In Adobe Acrobat, for instance, you can go to "File" -> "Properties" -> "Security" to set a password to restrict access or editing capabilities. Are there any free alternatives to Adobe Acrobat for working with PDFs? Yes, there are many free alternatives for working with PDFs, such as: LibreOffice: Offers PDF editing features. PDFsam: Allows splitting, merging, and editing PDFs. Foxit Reader: Provides basic PDF viewing and editing capabilities. How do I compress a PDF file? You can use online tools like Smallpdf, ILovePDF, or desktop software like Adobe Acrobat to compress PDF files without significant quality loss. Compression reduces the file size, making it easier to share and download. Can I fill out forms in a PDF file? Yes, most PDF viewers/editors like Adobe Acrobat, Preview (on Mac), or various online tools allow you to fill out forms in PDF files by selecting text fields and entering information. Are there any restrictions when working with PDFs? Some PDFs might have restrictions set by their creator, such as password protection, editing restrictions, or print restrictions. Breaking these restrictions might require specific software or tools, which may or may not be legal depending on the circumstances and local laws.
