Contested Communities Thomas Miller Klubock, 1998 In *Contested Communities* Thomas Miller Klubock analyzes the experiences of the El Teniente copper miners during the first fifty years of the twentieth century Describing the everyday life and culture of the mining community its impact on Chilean politics and national events and the sense of self and identity working class men and women developed in the foreign owned enclave Klubock provides important insights into the cultural and social history of Chile Klubock shows how a militant working class community was established through the interplay between capitalist development state formation and the ideologies of gender In describing how the North American copper company attempted to reconfigure and reform the work and social cultural lives of men and women who migrated to the mine Klubock demonstrates how struggles between labor and capital took place on a gendered field of power and reconstituted social constructions of masculinity and femininity As a result *Contested Communities* describes more accurately than any previous study the nature of grassroots labor militancy working class culture and everyday politics of gender relations during crucial years of the Chilean Popular Front in the 1930s and 1940s

Hollywood's Others Katherine Fusco, 2025-09-02 We tend to think about movie stars as either glamorous or relatable But in the 1920s and 1930s when the Hollywood star system was taking shape a number of unusual stars appeared on the silver screen representing groups from which the American mainstream typically sought to avert its eyes What did it mean for a white entertainment columnist to empathize with an ambiguously gendered Black child star Or for boys to idolize Lon Chaney famous for portraying characters with disabilities Hollywood's *Others* explores the affective ties between white non disabled audiences and the fascinatingly different stars with whom they identified but only up to a point Katherine Fusco argues that stardom in this era at once offered ways for viewers to connect across group boundaries

while also policing the limits of empathy Examining fan magazines alongside film performances she traces the intense audience attachment to atypical celebrities and the ways the film industry sought to manage it Fusco considers Shirley Temple's career in light of child labor laws and changing notions of childhood shows how white viewers responded to Black music in depictions of the antebellum South and analyzes the gender politics of conspiracy theories around celebrity suicides Shedding light on marginalized stardoms and the anxieties they provoked Hollywood's Others challenges common notions about film's capacity to build empathy

Sacred Memories LaRhonda Courtney, 2022-05-04 Sexual abuse is a nightmare no child or adult should experience However this horror continues to exist and the terrifying part is that the perpetrators are individuals the victims thought they could trust La Rhonda Courtney courageously shares her experiences as a victim of sexual abuse in the hands of those she thought would never hurt her At the age of six she was molested by her then thirteen year old cousin and it happened in a place where she felt safe and secure in a trusted relative's house Enduring the pain alone she was transformed from a bubbly child into a neurotic individual helpless and full of rage But she realized she didn't have to suffer in silence and it was not the end of the world as she found solace in the knowledge that God is always with her Now she makes it her life's mission to aid victims like her to get back on their feet and take control of their life once again
