Immigration Regulation in Federal States Sasha Baglay, Delphine Nakache, 2014-03-18 The book examines the phenomenon of immigration federalism its main characteristics why and how it has developed its implications for immigration systems in general and non citizens rights in particular The book introduces the reader to theoretical perspectives on immigration federalism through three sets of literature federalism governance and non citizens rights that provide a necessary framework for understanding immigration federalism s multiple facets and impacts It also offers an analysis of immigration federalism through case studies of six jurisdictions Australia Canada Germany Switzerland the EU and the US Despite increased sub national activity in immigration regulation in several federal states very little research has been dedicated so far to comparing how federal states deal with immigration federalism Comparative studies on the human rights implications of immigration federalism have received even less attention This book seeks to fill the gap in this area and is an important contribution to the field providing the reader with a better understanding of the complex issues surrounding immigration federalism and its impact on non citizens

Latino Politics and Arizona's Immigration Law SB 1070 Lisa Magaña, Erik Lee, 2013-03-25 Arizona has one of the fastest growing communities of Latino immigrants in the United States In response to accusations that the Federal government was hampering the immigration enforcement actions of Arizona police state Senator Russell Pearce introduced the Support Our Law Enforcement and Safe Neighborhoods Act Better known as SB 1070 the policy allows police officers in Arizona to arrest unauthorized immigrants under the state s trespassing law The law also gives officers the latitude to question and detain those that may appear suspicious which may simply mean that they appear Latino Under the State s statute immigrants can also be criminalized for their mere presence in Arizona The bill was signed into law on April 23 2010 which generated a number of immensely complex issues at the local national and international level The measure has affected an already problematic U S Mexico bi national relationship at a time of increased security cooperation between the two countries Furthermore former the President of Mexico has criticized the law issuing travel advisories and as a sanction trade between Arizona and Mexico has been reduced Elected officials across the country called for a variety of economic boycotts and campaigns that would discourage the full implementation of the law Over fifteen major cities have ended business contracts with Arizona The State tourism industry has lost almost one billion dollars in less than six months as a result of this policy This book examines a variety of issues and consequences of SB 1070 at the local national and international level It provides timely research and analysis on a topic not previously examined and from a variety of inter disciplinary approaches making it
