Between Two Worlds The Art Of Preaching In The Twentieth Century:

Between Two Worlds John R. W. Stott, 1982 Examines the place of preaching in contemporary Christianity and provides practical advice on the preparation of sermons and the encouragement of Bible study **The Reading and Preaching of the Scriptures in the Worship of the Christian Church, Vol. 7** Hughes Oliphant Old, 2010 The Reading and Preaching of the Scriptures in the Worship of the Christian Church is a multivolume study by Hughes Oliphant Old that canvasses the history of preaching from the words of Moses at Mount Sinai through modern times In Volume 1 The Biblical Period Old begins his survey by discussing the roots of the Christian ministry of the Word in the worship of Israel He then examines the preaching of Christ and the Apostles Finally Old looks at the development and practice of Christian preaching in the second and third centuries concluding with the ministry of Origen **The Witness of Preaching, Second Edition** Thomas G.

Long, 2005-10-20 This thorough and detailed revision of The Witness of Preaching is even clearer and more helpful than the first edition Long has updated the language expanded the key chapter on biblical exegesis and included more examples of sermon forms illustrations and conclusions He continues to critically engage the best thinkers in the field of homiletics bringing into the conversation both important new voices and the latest works of those who appeared in the first edition In addition he addresses some of the new forces at work such as the use of video clips and PowerPoint presentations in sermons

The Glory of Preaching Darrell W. Johnson, 2010-01-04 Darrell Johnson's book is for any pastor or student who wants to cultivate a deeper pulpit approach one that participates in the transforming mystery of God working through our less than perfect proclamation Here is a solid foundation for preaching the good news as if God was living Jesus was resurrected and the Holy Spirit was faithfully at work among us **A History of Preaching Volume 1** Rev. O.C. Edwards JR., 2016-04-25 A

History of Preaching brings together narrative history and primary sources to provide the most comprehensive guide available to the story of the church's ministry of proclamation Bringing together an impressive array of familiar and lesser known figures Edwards paints a detailed compelling picture of what it has meant to preach the gospel Pastors scholars and students of homiletics will find here many opportunities to enrich their understanding and practice of preaching Volume 1 contains Edwards's magisterial retelling of the story of Christian preaching's development from its Hellenistic and Jewish roots in the New Testament through the late twentieth century's discontent with outdated forms and emphasis on new modes of preaching such as narrative Along the way the author introduces us to the complexities and contributions of preachers both with whom we are already acquainted and to whom we will be introduced here for the first time Origen Chrysostom Augustine Bernard Aquinas Luther Calvin Wesley Edwards Rauschenbusch Barth all of their distinctive contributions receive careful attention Yet lesser known figures and developments also appear from the ninth century reform of preaching championed by Hrabanus Maurus to the reference books developed in the thirteenth and fourteenth centuries by the mendicant orders to assist their members preaching to Howell Harris and Daniel Rowlands preachers of the eighteenth

century Welsh revival to Helen Kenyon speaking as a layperson at the 1950 Yale Beecher lectures about the view of preaching from the pew Volume 2 available separately as 9781501833786 contains primary source material on preaching drawn from the entire scope of the church's twenty centuries The author has written an introduction to each selection placing it in its historical context and pointing to its particular contribution Each chapter in Volume 2 is geared to its companion chapter in Volume 1's narrative history Ecumenical in scope fair minded in presentation appreciative of the contributions that all the branches of the church have made to the story of what it means to develop deliver and listen to a sermon A History of Preaching will be the definitive resource for anyone who wishes to preach or to understand preaching's role in living out the gospel This work is expected to be the standard text on preaching for the next 30 years says Ann K Riggs who staffs the NCC's Faith and Order Commission Author Edwards former professor of preaching at Seabury Western Theological Seminary is co-moderator of the commission which studies church uniting and church dividing issues A History of Preaching is ecumenical in scope and will be relevant in all our churches we all participate in this field says Riggs from EcuLink Number 65 Winter 2004 2005 published by the National Council of Churches *Culture Shift* David W. Henderson, 1998-11-01 A map of today's cultural landscape guiding Christians toward more effective communication with the postmodern world Lectionary Preaching Workbook John R. Brokhoff, 1993 *Preaching Hebrews* Douglas D. Webster, 2017-10-09 Hebrews is a powerful meditation on the gospel It is a sixty minute sermon delivered to a worshipping congregation The spiraling impact of theological exposition and pastoral exhortation is impressive Hebrews weans us away from our preoccupation with the start of the Christian life and focuses our attention on the perseverance of faith Life is not a sprint it's a marathon Faithfulness to the end affirms faith from the beginning If we let the word of God have its way with us Hebrews will deepen our faith in Christ and strengthen our faithfulness Like Jesus in the Gospels Hebrews sees the fundamental difference between apostasy and faithfulness as the difference between a religion about God and a Christ centered relationship with God Any form of Christianity that competes like other religions for the attention of its adherents through its rituals practices pastors traditions and sacred spaces has fallen back into an obsolete and worldly strategy The pastor calls for a decisive end to religion even the best religion ever conceived The flow of reasoned argument for Christ and against religion along with the pulsating emotional intensity of ultimate issues laid bare and heart felt warnings against complacency and unbelief deliver a powerful and timely message How to Preach the Prophets for All Their Worth Andrew G. M. Hamilton, 2022-05-24 The Old Testament prophetic books play a key role in revealing God's plan of salvation They occupy a significant portion of the biblical canon similar in size to the entire New Testament Yet most believers stay clear of this part of Scripture They avoid traveling through this forest of oracles and visions Many preachers also struggle to navigate this unfamiliar territory Preachers feel much more at ease unpacking the intricate arguments of the Pauline epistles or following the thrilling adventures of biblical narratives rather than exploring the prophetic books The church however needs

to hear and respond to the beauty depth and relevance of the prophetic message This book not only provides convincing reasons for preaching the prophets today but also offers concrete guidelines to empower preachers small group leaders youth workers etc to communicate the message of the prophets with hermeneutical precision theological depth genre sensitivity and pastoral pulse This book motivates and equips preachers to travel with confidence through this uncharted territory and to help God s people enjoy the scenery of this part of God s word *Text-Driven Preaching* Daniel L.

Bernardino, **Christ-Centered Preaching** Bryan Chapell,2005-03-01 This complete guide to expository preaching teaches the basics of preparation organization and delivery the trademarks of great preaching With the help of charts and creative learning exercises Chapell shows how expository preaching can reveal the redemptive aims of Scripture and offers a comprehensive approach to the theory and practice of preaching He also provides help for special preaching situations The second edition contains updates and clarifications allowing this classic to continue to serve the needs of budding preachers Numerous appendixes address many practical issues **Preaching Jesus Christ Today** Annette Brownlee,2018-05-15 This

book approaches preaching as a theological practice and a spiritual discipline in a way that is engaging straightforward and highly usable for busy preachers Bringing to bear almost three decades of practical experience in the pulpit and the classroom Annette Brownlee explores six questions to help preachers listen to Scripture move from text to interpretation for weekly sermon preparation and understand the theological significance of the sermon Each chapter explains one of the Six Questions of Sermon Preparation provides numerous examples and illustrations and contains theological reflections The final chapter includes sample sermons which put the Six Question method into practice **Applying the Sermon** Daniel

Overdorf,2009-08-28 Finally a tool to help Pastors shape applications that so many congregations have long desired Even the most seasoned homileticians balk at sermon application Why Because application requires preachers to toss a grenade like thus saith the Lord into people s lives and to do so repeatedly From the introduction Despite the concern many pastors feel when it comes to sermon application most homiletics texts devote little more than a chapter if that to this vital topic Daniel Overdorf has filled this glaring gap with *Applying the Sermon* This book equips preachers to develop sermon application that grows from the biblical text and addresses the needs of contemporary congregations Each chapter includes snippets of

interviews with five of today's most respected homiletics Haddon Robinson Will Willimon Tom Long Vic Pentz and Bob Russell A great addition to any pastoral library and a valuable resource for Bible college and seminary courses Overdorf's Applying the Sermon also includes an extensive bibliography and a sermon application worksheet to give pastors a chance to acquire hands on experience with these techniques **Secrets of the Prince of Expositors** Michael Hawk

Mills,2025-04-25 Crowds thronged to hear Alexander Maclaren Some tried to bribe the doormen for a seat and extra chairs often had to be placed on stage next to the pulpit What drew so many to travel to Manchester England to hear a preacher Maclaren knew how to apply the text to real life His dedication to expository preaching was unique in his day and even surpassed that of his friend Charles Haddon Spurgeon His ministry remains as a needed model for today because countless congregants still see the Bible as stories with little or no relevance to their daily duties Every Sunday people go to a Bible study listen to a sermon or read Scripture and they leave without transforming any part of their lives Despite consistently studying the Bible some people show little difference between the way they act now and the way they acted years ago This problem partially comes down to a lack of good biblical application coming from preachers and teachers of Scripture Maclaren's sermons as well as his essay An Old Preacher on Preaching teach expositors today how to make the Bible's truths come alive and be applicable **The Gendered Pulpit** Roxanne Mountford,2003 In this feminist investigation into the art of preaching one of the oldest and least studied rhetorical traditions Roxanne Mountford explores the relationship between bodies space race and gender in rhetorical performance and American Protestant culture Refiguring delivery and physicality as significant components of the rhetorical situation The Gendered Pulpit Preaching in American Protestant Spaces examines the strategies of three contemporary women preachers who have transgressed traditions rearranged rhetorical space and conquered gender bias to establish greater intimacy with their congregations Mountford's examinations of the rhetoric inherent in preaching manuals from 1850 to the present provide insight into how manliness has remained a central concept in American preaching since the mid nineteenth century The manuals illustrate that the character style method of delivery and theological purpose of preachers focused on white men and their cultural standing leaving contemporary women preachers searching for ways to accommodate themselves to the physicality of preaching Three case studies of women preachers who have succeeded or failed in rearranging rhetorical space provide the foundation for the volume These contemporary examples have important implications for feminist theology and also reveal the importance of gender space and bodies to studies of rhetoric in general Mountford explores the geographies of St John's Lutheran Church and the preaching of Rev Patricia O Connor who reformed rhetorical space through the delivery of her sermons At Eastside United Church of Christ Mountford shows Rev Barbara Hill employed narrative style and prophetic utterance in the tradition of black preaching to address gender bias and institute change in her congregation The final case study details the experiences of Pastor Janet Moore and her struggles at Victory Hills United Methodist Church where the fractured congregation could

not be united even with Pastor Moore's focus on theological purpose and invention strategies Publisher description *Text to Praxis* Abraham Kuruvilla, 2019-09-19 A fundamental issue for preachers of the Bible has always been achieving an approach that is both faithful to the textual intention as well as fitting for the listening audience What is historical and distant the text is in preaching made contemporary and near praxis Particularly pertinent is how this transaction may be conducted with respect to the self-contained and well-defined quantum of the scriptural text that is regularly employed in liturgical contexts the pericope This book answers the question In a sermon intending to proclaim application from a pericope what is the hermeneutical basis for moving validly from text to praxis i e with authority and relevance The concept of theology as a bridge between text and praxis has not been specifically researched or rigorously substantiated Kuruvilla seeks to do both utilizing as entrées language philosophy literary criticism and a thorough understanding of ordinary language Drawing from a variety of hermeneutical resources he establishes pericopal theology as the intermediary between text and praxis How this theology is discerned from the text and how application may be determined therefrom form the crux of this book This novel approach lends validity to the movement from text to praxis and promises to be useful for any approach to the biblical text intended to culminate in application Kuruvilla's approach provides a substantial technical basis for such an operation Thus the preacher must be a theologian homiletician It is the working out of this nomenclature especially the theologian half of the appellation that is the essence of this work uniting as it does in one portfolio the responsibility of negotiating the demands of both hermeneutics and homiletics **Biblical Greek Exegesis** George H.
