

BETWEEN HEGEL AND KIERKEGAARD

Hans L. Martensen's Philosophy of Religion

Translations by
Curtis L. Thompson and David J. Kangas

Between Hegel And Kierkegaard Between Hegel And Kierkegaard

Niels Thulstrup

Between Hegel And Kierkegaard Between Hegel And Kierkegaard:

Between Hegel and Kierkegaard Hans Martensen, Hans L. Martenson, Curtis L. Thompson, David J. Kangas, 1997-01-02 In the late 1830s and early 1840s Hans L. Martensen 1808-1884 helped to introduce the thought of G. W. F. Hegel to the intellectual world of Copenhagen. *Between Hegel and Kierkegaard* offers the first English translations of three important early writings of Martensen in the philosophy of religion. These treatises evidence an original and critical interpretation of Hegel's thought from a speculative theological point of view. The heart of Martensen's philosophy of religion is the idea of freedom or personality grounded in its relation to the divine. These writings exercised an important and formative influence on the young Kierkegaard. Martensen's student even though Kierkegaard later became a formidable opponent and critic of Martensen.

Journeys to Selfhood Mark C. Taylor, 1980 Taylor Humanities and Religion, Williams College, Massachusetts reconsiders the two philosophers based on the notion that all modern philosophy lies between the poles of their thought. He has added a new introduction to the 1980 original edition.

Kierkegaard's Relations to Hegel Reconsidered Jon Stewart, 2007-08-16 Jon Stewart's study is a major re-evaluation of the complex relations between the philosophies of Kierkegaard and Hegel. The standard view on the subject is that Kierkegaard defined himself as explicitly anti-Hegelian; indeed that he viewed Hegel's philosophy with disdain. Jon Stewart shows convincingly that Kierkegaard's criticism was not of Hegel but of a number of contemporary Danish Hegelians. Kierkegaard's own view of Hegel was in fact much more positive to the point where he was directly influenced by some of Hegel's work. Any scholar working in the tradition of Continental philosophy will find this an insightful and provocative book with implications for the subsequent history of philosophy in the twentieth century. The book will also appeal to scholars in religious studies and the history of ideas.

Kierkegaard's Relation to Hegel Niels Thulstrup, 2014-07-14 This book, written by the eminent Kierkegaard scholar Niels Thulstrup, provides the first comprehensive treatment of this issue. Presented here in translation from the Danish, the work makes available materials that heretofore have been nearly inaccessible to most American scholars and to many Europeans as well. Originally published in 1980, The Princeton Legacy Library uses the latest print-on-demand technology to again make available previously out-of-print books from the distinguished backlist of Princeton University Press. These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions. The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905.

Kierkegaard's International Reception Jon Stewart, 2009 Tome I covers the reception of Kierkegaard in Northern and Western Europe. The articles on Denmark, Norway, Sweden, Finland, and Iceland can be said to trace Kierkegaard's influence in its more or less native Nordic Protestant context. Since the authors in these countries, with the exception of Finland, were not dependent on translations or other intermediaries, this represents the earliest tradition of Kierkegaard reception. The early German translations of his works

opened the door for the next phase of the reception which expanded beyond the borders of the Nordic countries. The articles in the section on Western Europe trace his influence in Great Britain, the Netherlands and Flanders, Germany and Austria and France. All of these countries and linguistic groups have their own extensive tradition of Kierkegaard reception.

Kierkegaard, Aesthetics, and Selfhood Peder Jothen, 2016-04-22. In the digital world Kierkegaard's thought is valuable in thinking about aesthetics as a component of human development both including but moving beyond the religious context as its primary center of meaning. Seeing human formation as interrelated with aesthetics makes art a vital dimension of human existence. Contributing to the debate about Kierkegaard's conception of the aesthetic, Kierkegaard Aesthetics and Selfhood argues that Kierkegaard's primary concern is to provocatively explore how a self becomes Christian with aesthetics being a vital dimension for such self-formation. At a broader level, Peder Jothen also focuses on the role, authority and meaning of aesthetic expression within religious thought generally and Christianity in particular. **Volume 19, Tome VI:**

Kierkegaard Bibliography Peter Šajda, Jon Stewart, 2017-03-16. The long tradition of Kierkegaard studies has made it impossible for individual scholars to have a complete overview of the vast field of Kierkegaard research. The large and ever-increasing number of publications on Kierkegaard in the languages of the world can be simply bewildering even for experienced scholars. The present work constitutes a systematic bibliography which aims to help students and researchers navigate the seemingly endless mass of publications. The goal has been to create the most exhaustive bibliography of Kierkegaard literature possible and thus the bibliography is not limited to any specific time period but instead spans the entire history of Kierkegaard studies. **Kierkegaard on the Philosophy of History** G. Patios, 2014-04-17. History doesn't

have to mean only an effort to know the past. It can be instead, according to Kierkegaard, a willful and personal choice regarding the creation of the future. Kierkegaard offers us an amazing new approach to the problem of what is history and who makes it. **In the Twilight of Christendom** Stephen Crites, 1972. This monograph will be devoted to a cluster of related issues arising between two formidable bodies of work between the philosophical works of G. W. F. Hegel (1770-1831) and the very different flavored writings of Søren Kierkegaard (1813-1855). These two thinkers are commonly regarded as polar opposites. Certainly they thought and wrote in altogether different styles and Kierkegaard frequently gave vent to vigorous anti-Hegelian polemics. Yet ever since I was a graduate student in the late 1950s, Hegel and Kierkegaard have together supplied most of my intellectual nourishment. Superficially the issues between them are obvious. With careful study they become less obvious, much harder to pin down and yet one sense much more important than one had supposed. **Volume 18, Tome IV: Kierkegaard Secondary Literature** Jon Stewart, 2017-02-24. Providing book reviews of some of the leading monographic studies in the Kierkegaard secondary literature, this volume aims to assist the community of scholars in becoming familiar with the works that they have not read for themselves, thus offering them a comprehensive survey of works that have played a more or less significant role in the research. In addition, it tries to make accessible many works in the

Kierkegaard secondary literature that are written in different languages The six tomes of the present volume present reviews of works written in Catalan Chinese Czech Danish Dutch English Finnish French Galician German Greek Hebrew Hungarian Italian Japanese Norwegian Polish Portuguese Romanian Russian Slovak Spanish and Swedish **Volume 6, Tome I: Kierkegaard and His German Contemporaries - Philosophy** Jon Stewart, 2017-05-15 This volume explores in detail Kierkegaard's various relations to his German contemporaries Kierkegaard read German fluently and made extensive use of the writings of German speaking authors Apart from his contemporary Danish sources the German sources were probably the most important in the development of his thought generally This volume represents source work research dedicated to tracing Kierkegaard's readings and use of the various German speaking authors in the different fields in a way that is as clearly documented as possible The volume has been divided into three tomes reflecting Kierkegaard's main areas of interest with regard to the German speaking sources namely philosophy theology and a more loosely conceived category which has here been designated literature and aesthetics This first tome treats the German philosophical influences on Kierkegaard The dependence of Danish philosophy on German philosophy is beyond question In a book review in his Hegelian journal *Perseus* the poet playwright and critic Johan Ludvig Heiberg laments the sad state of philosophy in Denmark while lauding German speculative philosophy Moreover Kierkegaard's lifelong enemy the theologian Hans Lassen Martensen claims without exaggeration that the Danish systems of philosophy can be regarded as the disiecta membra of earlier German systems All of the major German idealist philosophers made an impact in Denmark Kant Fichte Schelling and most significantly Hegel Kierkegaard was widely read in the German philosophical literature which he made use of in countless ways throughout his authorship *Kierkegaard's Critique of Christian Nationalism* Stephen Backhouse, 2011-07-07 Christian nationalism refers to the set of ideas in which belief in the development and superiority of one's national group is combined with or underwritten by Christian theology and practice This study examines Kierkegaard's critique of Christian nationalism in relation to political science theories of religious nationalism **Dialogical Philosophy from Kierkegaard to Buber** Shmuel Hugo Bergman, 2012-02-01 This book introduces American readers to a philosophical and spiritual exemplar of dialogue The author presents a way of thinking about ourselves the world and our relationship to God that is neither dualistic nor monistic The thinkers presented in this book focus on a radical departure from objectivism and subjectivism Kierkegaard Feuerbach Herman Cohen Ferdinand Ebner Eugen Rosenstock Franz Rosenzweig and Martin Buber were all trying to find a way to allow a transaction between self the world and God without foregoing either individuality or the experience of merging Some of the issues covered in the book include the origins of philosophy objective versus existential truth irony truth and faith ethics versus aesthetics ethics versus religion thought and language love of God and neighbor I Thou and I It in Nature with people and with God and redemption in the world [A Companion to Nineteenth-Century Philosophy](#) John Shand, 2019-04-16 Investigate the challenging and nuanced philosophy of the long nineteenth century from Kant to Bergson

Philosophy in the nineteenth century was characterized by new ways of thinking a desperate searching for new truths As science art and religion were transformed by social pressures and changing worldviews old certainties fell away leaving many with a terrifying sense of loss and a realization that our view of things needed to be profoundly rethought The Blackwell Companion to Nineteenth Century Philosophy covers the developments setbacks upsets and evolutions in the varied philosophy of the nineteenth century beginning with an examination of Kant s Transcendental Idealism instrumental in the fundamental philosophical shifts that marked the beginning of this new and radical age in the history of philosophy Guiding readers chronologically and thematically through the progression of nineteenth century thinking this guide emphasizes clear explanation and analysis of the core ideas of nineteenth century philosophy in an historically transitional period It covers the most important philosophers of the era including Hegel Fichte Schopenhauer Mill Kierkegaard Marx Nietzsche Bradley and philosophers whose work manifests the transition from the nineteenth century into the modern era such as Sidgwick Peirce Husserl Frege and Bergson The study of nineteenth century philosophy offers us insight into the origin and creation of the modern era In this volume readers will have access to a thorough and clear understanding of philosophy that shaped our world

A Companion to Kierkegaard Jon Stewart, 2015-12-21 A COMPANION TO KIERKEGAARD Companions to important thinkers help readers focus on the main drift of their texts with the help of a dig into their origin and some account of their reception This one digs deeper and over a wider terrain than most But it does more Besides guiding us to the staples of theology and philosophy in Kierkegaard s background it also looks forward to a future as if Kierkegaard too might be taken by the arm and told that here was something that should interest him about politics social life psychology education literary theory deconstruction theatre It is as much a sign of the extraordinary richness of Kierkegaard s literary palette as of the now wide currency of his thought that its elements can become topics in their own right with Kierkegaard their inspiration Jon Stewart and his authors are to be congratulated for bringing this unique thinker into our living presence on such a scale and with so many things to talk about Alastair Hannay Professor Emeritus University of Oslo Born in Copenhagen in 1813 S ren Kierkegaard produced a remarkable amount of work during his fairly short life When he died in 1855 he left behind a complex and interdisciplinary legacy that continues to spark academic debate Edited by one of the world s leading Kierkegaard scholars *A Companion to Kierkegaard* provides the most comprehensive single volume overview of Kierkegaard studies currently available Featuring contributions from an international array of scholars the collection covers all the major topics within the broad field of Kierkegaard research including philosophy theology aesthetics art literary theory social sciences and politics Kierkegaard s contribution to each of these disciplines is illustrated through examination of the sources he drew upon the reception of his ideas and the unique conceptual insights he brought to each topic *A Companion to Kierkegaard* demystifies the complex field of Kierkegaard studies providing the ideal entry point into his writing for readers at all levels This collection will be an essential tool for

students and scholars from across the disciplines who are interested in learning more about this important and influential thinker

Erring Mark C. Taylor, 2013-11-22 Erring is a thoughtful often brilliant attempt to describe and enact what remains of and for theology in the wake of deconstruction Drawing on Hegel Nietzsche Derrida and others Mark Taylor extends and goes well beyond pioneering efforts The result is a major book comprehensive and well informed G Douglas Atkins Philosophy and Literature Many have felt the need for a study which would explicate in coherent and accessible fashion the principal tenets of deconstruction with particular attention to their theological implications This need the author has addressed in a most impressive manner The book s effect upon contemporary discussion is apt to be and deserves to be far reaching Walter Lowe Journal of Religion

Søren Kierkegaard: Philosophy of religion : Kierkegaard contra contemporary Christendom Daniel W. Conway, K. E. Gover, 2002

THE RELATION BETWEEN HEGEL AND KIERKEGAARD WAYMAN B. MACLAUGHLIN, 1978

Kierkegaard's Concepts Steven M. Emmanuel, William McDonald, William David McDonald, Jon Bartley Stewart, 2013 Kierkegaard s Concepts is a comprehensive multi volume survey of the key concepts and categories that inform Kierkegaard s writings Each article is a substantial original piece of scholarship which discusses the etymology and lexical meaning of the relevant Danish term traces the development of the concept over the course of the authorship and explains how it functions in the wider context of Kierkegaard s thought Concepts have been selected on the basis of their importance for Kierkegaard s contributions to philosophy theology the social sciences literature and aesthetics thereby making this volume an ideal reference work for students and scholars in a wide range of disciplines

The Philosophy of Kierkegaard George Pattison, 2015-01-28 Although the ideas of Søren Kierkegaard played a pivotal role in the shaping of mainstream German philosophy and the history of French existentialism the question of how philosophers should read Kierkegaard is a difficult one to settle His intransigent religiosity has led some philosophers to view him as essentially a religious thinker of a singularly anti philosophical attitude who should be left to the theologians In this major new survey of Kierkegaard s thought George Pattison addresses this question head on and shows that although it would be difficult to claim a philosophy of Kierkegaard as one could a philosophy of Kant or of Hegel there are nevertheless significant points of common interest between Kierkegaard s central thinking and the questions that concern philosophers today The challenge of self knowledge in an age of moral and intellectual uncertainty that lies at the heart of Kierkegaard s writings remains as important today as it did in the culture of post Enlightenment modernity

Between Hegel And Kierkegaard Between Hegel And Kierkegaard Book Review: Unveiling the Magic of Language

In an electronic digital era where connections and knowledge reign supreme, the enchanting power of language has become apparent than ever. Its capability to stir emotions, provoke thought, and instigate transformation is really remarkable.
