Beware of Heroes Peter Shankland,1975 *The Great Conspiracy* Carlos de la Huerta,2016-07-15 Discover the underground war waged between Britain and Revolutionary France The Forgotten War Against Napoleon Gareth Glover,2017-06-30 A comprehensive look at the Mediterranean and adjacent territories a largely forgotten theatre of the very long Anglo French war New York Military Affairs Symposium The campaigns fought against Napoleon in the Iberian Peninsula in France Germany Italy and Russia and across the rest of Europe have been described and analyzed in exhaustive detail yet the history of the fighting in the Mediterranean has rarely been studied as a separate theater of the conflict Gareth Glover sets this right with a compelling account of the struggle on land and at sea for control of a region that was critical for the outcome of the Napoleonic Wars The story of this twenty year conflict is illustrated with numerous quotes from a large number of primary sources many of which are published here for the first time This is a well researched and well written account of the most complex long term military commitment for Britain during the Napoleonic Wars involving multiple theatres spread out over a large area cooperation between the Navy and the Army an ever changing cast of senior officers opponents and allies often made more complex by the time taken to get messages from London to the officers in the field History of War *British Victory in Egypt, 1801* Dr Piers Mackesy,Piers Mackesy,2013-03-07 In 1800 the British Army was the laughing stock of Europe A year later after forty years of failure its honour and reputation had been redeemed British Victory in Egypt 1801 recounts and analyses the story of the expeditionary force that ejected Bonaparte s crack troops from Egypt Piers Mackesy shows how the future of the British Empire depended on the dislodging of the Napoleonic force in the Middle East Outlining the daring assault and the masterly planning and discipline that brought victory against the odds this book also reveals how vital Sir Ralph Abercromby an elderly Scot and leader of the army was to the final success of the venture The part played in the victory by the Highland regiments is still celebrated in Scotland British Victory In Egypt 1801 charts a critical episode in European and military history It also reveals the training tactics and strategy of a unique campaign and its executors The Seaforth Bibliography Eugene Rasor,2009-04-17 This remarkable work is a comprehensive historiographical and bibliographical survey of the most important scholarly and printed materials about the naval and maritime history of England and Great Britain from the earliest times to 1815 More than 4 000 popular standard and official histories important articles in journals and periodicals anthologies conference symposium and seminar papers guides documents and doctoral theses are covered so that the emphasis is the broadest possible But the work is far far more than a listing The works are all evaluated assessed and analysed and then integrated into an historical narrative that makes the book a hugely useful reference work for student scholar and enthusiast alike It is divided into twenty one chapters which cover resource centres significant naval writers pre eminent and general histories the chronological periods from Julius Caesar through the Vikings Tudors and Stuarts to Nelson and Bligh major naval personalities warships piracy strategy and

tactics exploration discovery and navigation archaeology and even naval fiction Quite simply no one with an interest and enthusiasm for naval history can afford to be without this book at their side
