Beyond Life and Death Paramahansa Nithyananda, 2006 *Life After Death* Dinesh D'Souza, 2009-11-02 Unlike many books about the afterlife Life after Death makes no appeal to religious faith divine revelation or sacred texts Drawing on some of the most powerful theories and trends in physics evolutionary biology science philosophy and psychology D Souza shows why the atheist critique of immortality is irrational It is not only reasonable to believe in life after death it is also beneficial Such a belief gives depth and significance to this life a path to happiness and reason for hope

Life After Death And The Heavens Beyond Model: Understanding Spirituality Using Modern Science Yousuf Tahir Ali, *Beyond Death* Gary R. Habermas, J. P. Moreland, 2004-01-29 Death and what lies beyond is not something you consider every day But the thought of it raises some intriguing questions Are there good reasons for believing in life after death What is the afterlife like How valid are the reports of near death experiences Do heaven and hell exist And if so how can hell be reconciled with a loving God By sharing the very latest scientific philosophical anthropological ethical and theological evidence on life after death noted Christian scholars Habermas and Moreland present a strong case for immortality with this book They begin by taking up the question of whether life after death is real and what evidence supports its reality They then explore what the afterlife is like and go on to show how having this reality in your future should affect the way you live here and now This book will reassure you that there s no need to fear death as long as you re prepared eternity that follows It s also a great aid in developing a serious biblical rational and even scientific defense for the belief in life beyond the grave
