Beyond Transnationalism Sonja Levsen, Kiran Klaus Patel, 2023-05-22 This book is a collection of case studies that provides fresh insights into the history of political activism in Europe s long 1970s It covers the full spectrum of such groups from the far left to the neofascist right and from the various parts of Europe including East and West The chapters in this book push the boundaries of our knowledge with regard to transnational spaces For many political activists at the time identifying with a transnational or global protest movement provided both legitimacy for their claims and stood for the promise of sweeping change Existing research has often reproduced such perceptions This book goes beyond such an approach by distinguishing between different forms of transnational spaces More specifically it recognizes important

differences between imagined spaces of solidarity and belonging spaces of knowledge circulation and spaces of social experience and political action Each chapter uses this new framework and analyses the interrelationship and significance of each of these three spaces Beyond Transnationalism will be of particular interest to historians political scientists and educators The chapters in this book were originally published as a special issue of European Review of History Out of the Mist , The Secret Behind the Cross and Crucifix Nwaocha Mind Ogechukwu,2010-07-17 What do you think of when you look at the cross and the crucifix Do they hold sacred and religious value for you After reading this book your perception may change the church s use of these symbols has for centuries concealed facts regarding their true origins The author reveals these findings in this stunning expose His research includes historical accounts of Christianity s conspiracy and divulges the true meaning of the cross as a satanic symbol The author states For centuries after Christ the church and other religions that use cruciform symbols have misrepresented the physical The Celtic Magazine ,1882 *Light Beyond the River* Janis Constable,2022-08-18 Humanity meets Sacred Wisdom meets story A creative nonfiction message in a uniquely fictional setting *Light Beyond the River* is an experiential read and it is deeply contemplative in the same breath Join Lyra nurse by profession and poet by passion on the Spiritual Formation Odyssey of a lifetime Newly retired Lyra goes for a daylong walk to clear her head She hikes in the woods near her home by the river There she meets a motley crew seven Celtic mystical voices animals birds and a fish who teach her seven invaluable life lessons Deeper themes of becoming of shining brightly of encountering the Sacred are artfully braided interlaced and woven The ending the coda is unexpected twisted It will most certainly make you think Come now and live vicariously in Lyra s contemplative life Immerse yourself in the depths of holy wonderment Slowly slowly enter into every word Lose yourself find yourself on a delightful Celtic Christian journey Let curiosity drive you let your faith guide you May you be opened May you be awed into the world of fine contemplative literature Let *Light Beyond the River* nurture the Sacred in you Amen **Beyond Ground Zero Gravity** Michael Cook,2005-09 After the terrorist attacks of September 11 2001 everyone in New York and the world for that matter was deeply affected This was magnified tremendously for those living near the World Trade Center Author Michael Cook lived in the closest residential structure to Ground Zero and this is his survivor s story what it took to clear out tons of toxic debris from his apartment and what it required to move forward in his life after that day Remembering the Past in Nineteenth-Century Scotland James Coleman,2014-07-16 At a time when the Union between Scotland and England is once again under the spotlight *Remembering the Past in Nineteenth Century Scotland* examines the way in which Scotland s national heroes were once remembered as champions of both Scottish and British patriotism Whereas current popular orthodoxy claims that 19th century Scotland was a mire of sentimental Jacobitism and kow towing unionism this book shows that Scotland s national heroes embodied a consistent expressive and robust view of Scottish nationality From the potent legacy of William Wallace and Robert the Bruce through the controversial figure of the reformer John Knox to the largely

neglected religious radicals the Covenanters these heroes once played a vital role in the formation of the virtues that made 19th century Britain great Examined through the prism of commemoration this book uncovers a reading of Scotland s past entirely opposed to the now dominant narratives of medieval proto nationalism and Calvinist misery *Beyond Snakes and Shamrocks* Ross A. Lockhart,2018-07-02 Somewhere in the mists of time between history and hagiography stands the great evangelist and missionary St Patrick Raised a cultural Christian Patrick s encounter with God during captivity in Ireland transformed his life and the history of a people Freedom from slavery and a return home to Britain produced the divine summons Vox Hibernia to return to Ireland and the place of captivity in order to witness to the gospel of Jesus Christ Christian witness in twenty first century Vancouver Seattle or Portland is a world away from fifth century Armagh Slane or Cashel Yet the great evangelist to pre Christian peoples of Hibernia has much to teach us as we seek to engage our secular post Christian context There is wisdom in the missional leadership of the one we call St Patrick that goes well beyond tales of snakes and shamrocks How might Patrick s mission experience with pre Christian peoples direct our contemporary missional encounter with post Christian peoples Come explore the story of the shepherd slave turned shepherd of souls and discover that there is power still in the legacy of Patrick when yoked with the Spirit filled presence and purpose of the risen Christ
