Beyond Reason 11 Dark Stories Of Human Discovery:

Beyond Reason E. A. Salisbury, 2004-07 Beyond Reason consists of eleven stories of discovery from within the imperfections of the human mind Like us its characters search the dark places of dreams for the key to meaning but find themselves running from faceless monsters in the dark Perhaps the monsters are the key Like us they search in art They try to squeeze inside the suffering of others hoping that what they seek might be found within the maze that makes up the mind of a tormented kindred soul To their dismay the mutterings of other madmen simply compound the questions in their heads Perhaps the mutterings of other madmen are the questions they need ask Like us some turn to the world within to reason In reason they finally think they've found truth but are soon disappointed to find that reason is fallible They find that reason is the enemy causing human beings nothing but horror and distress Under the influence of reason a child vanishes into the recesses of seizure a young girl learns an unpleasant truth about angels and gods and a man discovers that his only happy memory is someone else's fantasy From beyond the clutches of reason the amorous gifts of concepts are considered and hope is born monthly in demonic form Perhaps it is in the very fallibility of reason that truth exists The Mammoth Book of Best

Problem of Black Skin DeWayne R. Stallworth, 2025-03-31 The Problem of Black Skin is addressed via a historical context patiently explaining why it has long been a weighted mark of experience identity and value within society The emphasis is on black skin as a cultural and social construct but its spiritual significance and psychological ramifications are also evident from start to finish Carefully researched richly organized and beautifully written this book reminds us that as long as skin color matters race will matter and vice versa thus rendering impossible any easy path toward the ideal of a truly integrated society and world Moreover readers of The Problem of Black Skin are exposed to complex and challenging intersections of thought from ancient history spirituality religion and physics Still if read prudently one also finds in this fantastic work practical guidance for overcoming the standard view of skin color as the source and rationale of othering Thus it addresses what really matters as it relates to black progression worldwide In the final analysis one discovers that racism is a byproduct of something far more sinister At this intersection the proverbial rubber meets the road and the reader is challenged to consider avenues of thought that run counter to what has been traditionally deemed intellectually acceptable **Educart**

An Exposition of All the Books of the Old and New Testaments Matthew Henry, 1806 Capitalism Reconnected Jan Peter Balkenende, Govert Buijs, 2025-10-01 Capitalism has gone astray Today we face ecological exhaustion persistent inequality financialization stress on communities short termism and new power concentrations An avalanche of new economic thinking and a reorientation of European values show the way toward a different economy A new perspective is necessary if we want to implement the Sustainable Development Goals and if we consider our planet as Our Common Home for present and future generations This book argues that European economies should be the initiators of a global transition toward a sustainable and inclusive world economy Together amid severe geopolitical and geoeconomic challenges they need to develop their own perspective on what a good economy really is in distinction to Chinese state capitalism and American big business capitalism Crucially this requires the rediscovery of key European values a coherent view on responsible capitalism and a new self awareness as a global player for the Common Good in today s and tomorrow s world Understanding Our Story Rebecca Letterman, Susan Muto, 2017-02-28 Understanding Our Story presents a concise introduction to the original transformative thinking of Adrian van Kaam CSSp PhD 1920 2007 While many books are available on spiritual formation and Christian disciplines no other author of our time has offered such a holistic and comprehensive explanation of Christian formation and its relationship to the human spirituality of all persons Understanding our Story culls the most seminal ideas and vocabulary from van Kaam s eleven volumes on formation science formation anthropology and formation theology and provides examples of his theoretical practical research drawn from everyday life Scripture Christian writers and van Kaam s life story itself In doing so it makes his extensive work available to scholars in the field of spiritual formation and gives all readers the opportunity to utilize his insightful thinking to more fully understand the myriad ways in which God reforms and transforms lives into the image of Christ In the pluritraditional world in which we live where so many faith and formation traditions demand our attention van Kaam s formative spirituality provides a means of respectful dialogue with formationally relevant truths from others and of wise appraisal of ideas that are and are not conducive to and compatible with the Christian revelation
