Managerial Economics of Non-Profit Organizations Marc Jegers, 2008-02-14 The first book to bring together microeconomic insights on the functioning of non profit organizations this volume complements the wide range of books on

the management of non profit organizations by focusing on both theoretical and empirical work **Comparative Corporate Governance of Non-Profit Organizations** Klaus J. Hopt,Thomas Von Hippel,2010-04-22 The economic importance of the non profit sector is growing rapidly in the USA and Europe However the law has not kept abreast with its development The European Court of Justice has extended certain freedoms of the EC Treaty to non profit organisations and more case law is expected to follow in the near future but the observations theories solutions and legal and non legal rules in this field are manifold The chances of harmonising the law on a European level are slim Despite these differences a common core of international corporate governance problems and regulatory solutions can be seen This volume of essays brings together a variety of international experts from both corporate governance and governance of non profit organisations to compare the two areas and explore the lessons that can be learned regarding comparative corporate governance for non profit organisations **Research Handbook on Nonprofit Accounting** Daniel Tinkelman,Linda M. Parsons,2023-08-14 Bringing together a diverse team of renowned accounting scholars this incisive Research Handbook presents a comprehensive evaluation of current research on nonprofit accounting noting its major accomplishments and outlining opportunities for future study *Performance Measurement in Non-Profit Organizations* Patrizia Gazzola,Stefano Amelio,2022-09-26 Performance Measurement in Non Profit Organizations The Road to Integrated Reporting addresses the issue of performance measurement in nonprofit companies with the aim of defining a system of useful measures to understand manage and improve the performance of such companies by employing systems theory to examine their conditions of existence and manifestations of life From the proposed company model follows that the system of performance measures should make it possible to keep under control both the productive transformation with the physical technical efficiency indicators and the economic transformation with the economic efficiency indicators and the financial transformation with the financial efficiency indicators and finally the managerial transformation with the effectiveness indicators taking into account the degree of satisfaction of the expectations of the main categories of company stakeholders Readers will understand that economic analysis alone is not sufficient to assess the performance of such organizations but it is necessary to unite it with the analysis of sustainability dimensions It would therefore be appropriate to draw up an integrated report that combines the economic and financial dimensions with the pillars of sustainability as in the case of companies in the second sector There is a gap in the literature in this area that this book aims to fill making it a valuable resource to researchers academics and advanced students interested in performance evaluation of NPOs *Wiley Not-for-Profit GAAP 2010* Richard F.
