Approaches to Teaching Shakespeare's *The Taming of the Shrew* Margaret Dupuis, Grace Tiffany, 2013-01-01 The impetus for this Approaches to Teaching volume on *The Taming of the Shrew* grew from the editors desire to discover why a play notorious for its controversial exploration of conflicts between men and women and the challenges of marriage is enduringly popular in the classroom in the performing arts and in scholarship The result is a volume that offers practical advice to teachers on editions and teaching resources in part 1 Materials while illuminating how the play s subtle and complex arguments regarding not just marriage but a host of other subjects modes of early modern education the uses of clever rhetoric intergenerational and class politics the power of theater are being brought to life in college classrooms The essays in part 2 Approaches are written by English and theater instructors who have taught in a variety of academic settings and cover topics including early modern homilies and music Hollywood versions of *The Taming of the Shrew* and student performances

Shakespeare Michael Dobson, Stanley Wells, Georgina Lucas, 2020 In *Shakespeare A Playgoer s* a fascinating chronology of his life works and legacy and useful suggestions for further reading Book jacket

Shakespeare's Shrews Beatrice Righetti, 2024-12-12 *Shakespeare s Shrews Italian Traditions of Paradoxes and the Woman s Debate* investigates the echoes of two early modern discourses paradoxical writing and the woman s question or querelle des femmes in the representation of the Shakespearean shrew in *The Taming of the Shrew* *Much Ado About Nothing* and *Othello* This comparative cross cultural study explores the English reception of these traditions through the circulation translation and adaptation of Italian works such as Ludovico Ariosto s *Orlando Furioso* Baldassare Castiglione s *Il libro del cortegiano* and Ercole and Torquato Tasso s *Dell ammogliarsi* The enticing interplay of these two discourses is further complicated by their presence in the writing of early modern male and female authors The examination of Shakespeare s adaptation of these traditions in his shrew character highlights two key findings the thematic fragmentation of the woman s question and the evolving role of paradoxes from figures of speech to figures of thought both influenced by the gender of the speaker

Remarks on the Differences in Shakespeare's Verisification in Different Periods of His Life and on the Like Points of Difference in Poetry Generally Charles Bathurst, 1857

Shakespeare and the Versification of English Drama, 1561-1642 Marina Tarlinskaja, 2016-12-05 Surveying the development and varieties of blank verse in the English playhouses this book is a natural history of iambic pentameter in English The main aim of the book is to analyze the evolution of Renaissance dramatic poetry Shakespeare is the central figure of the research but his predecessors contemporaries and followers are also important Shakespeare the author argues can be fully understood and appreciated only against the background of the whole period Tarlinskaja surveys English plays by Elizabethan Jacobean and Caroline playwrights from Norton and Sackville s *Gorboduc* to Sirley s *The Cardinal* Her analysis takes in such topics as what poets

treated as a syllable in the 16th 17th century metrical verse the particulars of stressing in iambic pentameter texts word boundary and syntactic segmentation of verse lines their morphological and syntactic composition syllabic accentual and syntactic features of line endings and the way Elizabethan poets learned to use verse form to enhance meaning She uses statistics to explore the attribution of questionable Elizabethan and Jacobean plays and to examine several still enigmatic texts and collaborations Among these are the poem A Lover's Complaint the anonymous tragedy Arden of Faversham the challenging Sir Thomas More the later Jacobean comedy The Spanish Gypsy as well as a number of Shakespeare's co-authored plays Her analysis of versification offers new ways to think about the dating of plays attribution of anonymous texts and how collaborators divided their task in co-authored dramas

The Shakespeare Game, Or, The Mystery of the Great Phoenix Il'ia Gililov, 2003 Who was Shakespeare In an intellectual sensation that went through three printings in the first year a Moscow scholar presents a solidly documented work showing how and why the 5th Earl of Rutland wrote most of the Shakespeare oeuvre Gililov has studied watermarks and printer's type registration dates and documented biographical details of Shakespeare contemporaries considering the physical evidence as well as the personalities and motives of the suspects

The Shakespearean Myth Appleton Morgan, 2015-01-09 Example in this ebook Mguizot in his History of England states the Shakespearean problem in a few words when he says Let us finally mention the great comedian the great tragedian the great philosopher the great poet who was in his lifetime butcher's apprentice poacher actor theatrical manager and whose name is William Shakespeare In twenty years amid the duties of his profession the care of mounting his pieces of instructing his actors he composed the thirty two tragedies and comedies in verse and prose rich with an incomparable knowledge of human nature and an unequalled power of imagination terrible and comic by turns profound and delicate homely and touching responding to every emotion of the soul divining all that was beyond the range of his experience and for ever remaining the treasure of the age all this being accomplished Shakespeare left the theater and the busy world at the age of forty five to return to Stratford on Avon where lived peacefully in the most modest retirement writing nothing and never returning to the stage ignored and unknown if his works had not forever marked out his place in the world a strange example of an imagination so powerful suddenly ceasing to produce and closing once for all the door to the efforts of genius But M Guizot is very far from suggesting any prima facie inconsistency in this statement as it stands Since every man reads the Shakespearean pages for himself and between the lines much of what we are expected to accept as Shakespearean criticism must fail of universal appreciation and sympathy But none who read the English tongue can well be unconcerned with the question as to who wrote those pages and it would be affectation to deny that the intense realism of our day is offering some startling contributions to the solution of that question For instance the gentlemen of the New Shakespeare Society whom Mr Swinburne rather mercilessly burlesques in his recent Studies of Shakespeare submit these dramas to a quantitative analysis and by deliberately counting the male female weak and stopped endings and the

Alexandrines and catalectics just as a mineralogist counts the degrees and minutes in the angles of his crystals insist on their ability to pronounce didactically and infallibly what was written by William Shakespeare and at what age what was composed by Dekker Fletcher Marlowe or anybody else what was originally theirs touched up by William Shakespeare or vice versa etc It is curious to observe how this process invariably gives all the admirable sentiments to William Shakespeare and all the questionable ones to somebody else but at least these New Shakespearean gentlemen have surrendered somewhat of the cast iron theory of our childhood that every page line and word of the immortal Shakespearean Drama was written by William Shakespeare demi god and by none other perhaps even opened a path through which the unbelievers may become in due time orthodox There are still however a great many persons who are disposed to wave the whole question behind them much as Mr Podsnap disposed of the social evil or a famine in India It is only a Historic Doubt they say and Historic Doubts are not rare are mainly contrived to exhibit syllogistic ingenuity in the teeth of facts etc etc The French they say have the same set of problems about Moli re Was he a lawyer was he a doctor etc and they all find their material in internal evidence e g an accurate handling of the technique of this or that profession or science parallelism practical coincidence or something of that sort To be continue in this ebook
