Haruki Murakami and the Search for Self-Therapy Jonathan Dil, 2022-02-24 Haruki Murakami a global literary phenomenon has said that he started writing fiction as a means of self therapy What he has not discussed as much is what he needed self therapy for This book argues that by understanding more about why Murakami writes and by linking this with the question of how he writes readers can better understand what he writes Murakami s fiction in other words can be read as a search for self therapy In five chapters which explore Murakami s fourteen novels to date this book argues that there are four prominent therapeutic threads woven through Murakami s fiction that can be traced back to his personal traumas most notably Murakami s falling out with his late father and the death of a former girlfriend and which have also transcended them in significant ways as they have been transformed into literary fiction The first thread looks at the way melancholia must be worked through for mourning to occur and healing to happen the second thread looks at how symbolic acts of sacrifice can help to heal intergenerational trauma the third thread looks at the way people with avoidant attachment styles can begin to open themselves up to love again the fourth thread looks at how individuation can manifest as a response to nihilism Meticulously researched and written with sensitivity the result is a sophisticated exploration of Murakami s published novels as an evolving therapeutic project that will be of great value to all scholars of Japanese literature and culture 1Q84 Haruki Murakami, 2011 An ode to George Orwell s 1984 told in alternating male and female voices relates the stories of Aomame an assassin for a secret organization who discovers that she has been transported to an alternate reality and Tengo a mathematics lecturer and novice writer **Lonely Planet Scandinavia** Anthony Ham, Egill Bjarnason, Sean Connolly, Marc Di Duca, Mark Elliott, Gemma Graham, Anna Kaminski, Paula Hotti, Virginia Maxwell, Adrienne Murray Nielsen, John Noble, Thomas O'Malley, Kevin Raub, Barbara Woolsey, Simon Richmond, Maddy Savage, 2023-10 Provides advice on planning a trip to Scandinavia and highlights the best restaurants accommodations entertainment shopping and cultural attractions the nations have to offer **Literature and Animal Studies** Mario Ortiz-Robles, 2016-06-17 Why do animals talk in literature In this provocative book Mario Ortiz Robles tracks the presence of animals across an expansive literary archive to argue that literature cannot be understood as a human endeavor apart from its capacity to represent animals Focusing on the literary representation of familiar animals including horses dogs cats and songbirds Ortiz Robles examines the various tropes literature has historically employed to give meaning to our fraught relations with other animals Beyond allowing us to imagine the lives of non humans literature can make a lasting contribution to Animal Studies an emerging discipline within the humanities by showing us that there is something fictional about our relation to animals Literature and Animal Studies combines a broad mapping of literary animals with detailed readings of key animal texts to offer a new way of organizing literary history that emphasizes genera over genres and a new way of classifying animals that is premised on tropes rather than taxa The book makes us see animals and our relation to them with fresh eyes and in doing
