Comer, Timothy E. Stephens, 2017-05-15 *Deception at Work* tells you how to recognize and deal with lies in meetings negotiations discussions and in writing It is guaranteed to make you a more effective and confident operator no matter what job you do Simply leaving the book on your desk for others to see will improve your chances of not being deceived The book exposes deception in all of its forms linking the authors 40 years of experience in dealing with fraudsters with the most recent findings on MRI scanning and the human brain It explains how why and in what circumstances both achievement and exculpatory lies are told and how they can be resolved It sets out a low key but effective plan for dealing with liars in all shapes and sizes from confidence tricksters to malingerers and hard nosed fraudsters This ground breaking work includes the most comprehensive summary of the clues to deception of any book currently in print **Everyday Extraordinary** Christopher M. Gemberchak, 2004 The concept of fetishism has long been a window through which philosophers psychoanalysts and cultural anthropologists have looked in order to critically examine the nature of beliefs sexual interests and material values and it remains today a vital interpretive paradigm The enduring interest in fetishism gives testimony to the fact that its status and significance have yet to be fully resolved In the attempt to further clarify this ambiguous and often mystifying phenomenon the contributors to *Everyday Extraordinary Encountering Fetishism* with Marx Freud and Lacan have taken a fresh look at the fundamental dynamic of fetishism through the lenses of its most influential interpreters not only Marx Freud and Lacan but also Derrida Mannoni and Pietz In this collection of essays the philosophical approach joins forces with the psychoanalytic and the psychoanalytic with the aesthetic and mythological often with striking

results Emerging from the essays contained in this volume is a notion of fetishism as a response to a crisis of meaning personal social or religious The fetish mediates the crisis that arises when a system of meaning and identity is confronted with something that threatens it with dissolution whether this threat arises from an excessive and traumatic figure of alterity or from the loss of the ground on which ones certainty had been staked And the stakes of this confrontation are indeed high as the fetish is here seen as an object having a profound influence on the life of desire now leading to a symbolic blossoming of the mundane now into perverse repetition and the refusal of change

Bamba, 2010-02-01 Author s encounters with husbands and wives in different stages of agony and despair while holding matrimonial court led her to reflect deeply on the dynamics of the relationship called marriage Case after case revealed that a lot goes into preparation for rituals and extravaganza associated with marriage But hardly a thought is spared about this delicate relationship Girls and boys are very demanding of their companion but none is ready to pitch in Both want their own way their own space but are reluctant to invest in togetherness The real life stories revealed that you cannot have a perfect twosome when each individual brings his her own imperfections Conflicts would always be there but they can be managed A beginning made with the preamble that marriage has to work can make this bond beautiful To build a pleasant relationship a couple needs to give time to each other to adjust to the new company and to respect each other s way of life Attempt to change the other is surely avoidable Through this book the author shares real life stories of estranged spouses What went wrong in their relationship and where Could the marital relationship in certain situations have been saved Perfect Marriage Not a Mirage also addresses endless doubts which go on in the minds of spouses at the crossroads of their relationship But at the same time it also demonstrates that there is no uniform code which can make a marriage work There cannot be a perfect recipe or a rule book which can guide couples to a successful marriage
