Revolution and Counter Revolution in Germany German Revolution is a book by Friedrich Engels with contributions by Karl Marx Originally a series of articles in the New York Daily Tribune published from 1851 to 1852 under Marx s byline the material was first published in book form under the editorship of Eleanor Marx Aveling in 1896 It was not until 1913 that Engels authorship was publicly known although some new editions continued to appear incorrectly listing Marx as the author as late as 1971 Early in 1851 Charles Dana then an editor of the New York Daily Tribune suggested to Karl Marx that he should contribute topical and historical writings to the newspaper Dana was alerted to the possible availability of Marx by the suggestion of Ferdinand Freiligrath a former associate of Marx on the editorial staff of the Cologne K ln newspaper Neue Rheinische Zeitung Marx was at the time engrossed in economic research and was unable to fulfill the commission but on August 14 1851 we wrote a letter asking his friend and co thinker Frederick Engels to produce a series of articles about Germany from 1848 onwards Engels agreed with this plan and over the next 13 months he went on to produce 19 articles on the 1848 German revolution for the New York press Marx was closely consulted during the writing of this material and read over each manuscript before sending it for publication Even though written by Engels these articles were published under the byline of Karl Marx under the series title Germany Revolution and Counter Revolution Articles were not additionally titled but instead appeared under a Roman numeral individual titles were created in 1896 by editor Eleanor Marx Aveling for the first edition of the material in book form The articles ran from October 25 1851 to October 23 1852 After appearing in the Tribune the material was never published again in the lifetime of Marx and Engels with the exception of the first two pieces which were reprinted in German translation by the New Yorker Abendzeitung late in October 1851 The Revolution and Counter Revolution articles written by Engels were instrumental in establishing Marx with the Tribune and a journalistic relationship began which was to continue for more than a decade Marx began to himself write for the paper in August 1852 when he contributed an article on the elections in England writing first in German and making use of Engels and other friends to assist with the English translation     *Revolution and Counter-revolution* Karl Marx,2018     Revolution and

Counter Revolution in Germany Friedrich Engels, 2015-03-26 THE first act of the revolutionary drama on the continent of Europe has closed The powers that were before the hurricane of 1848 are again the powers that be and the more or less popular rulers of a day provisional governors triumvirs dictators with their tail of representatives civil commissioners military commissioners prefects judges generals officers and soldiers are thrown upon foreign shores and transported beyond the seas to England or America there to form new governments in partibus infidelium European committees central committees national committees and to announce their advent with proclamations quite as solemn as those of any less imaginary potentates A more signal defeat than that undergone by the continental revolutionary party or rather parties upon all points of the line of battle cannot be imagined But what of that Has not the struggle of the British middle classes for their social and political supremacy embraced forty eight that of the French middle classes forty years of unexampled struggles And was their triumph ever nearer than at the very moment when restored monarchy thought itself more firmly settled than ever The times of that superstition which attributed revolutions to the ill will of a few agitators have long passed away Everyone knows nowadays that wherever there is a revolutionary convulsion there must be some social want in the background which is prevented by outworn institutions from satisfying itself The want may not yet be felt as strongly as generally as might ensure immediate success but every attempt at forcible repression will only bring it forth stronger and stronger until it bursts its fetters If then we have been beaten we have nothing else to do but to begin again from the beginning Revolution and Counter-revolution, Karl Marx, 1898 *The German Revolution, 1917-1923* Pierre Broué, 2006 Broué enables us to feel that we are actually living through these epoch making events Do not miss this magnificent work Robert Brenner UCLA A magisterial definitive account of the upheavals in Germany in the wake of the Russian revolution Broué meticulously reconstitutes six decisive years 1917-23 of social struggles in Germany The consequences of the defeat of the German revolution had profound consequences for the world Pierre Broué 1926-2005 was for many years Professor of Contemporary History at the Institut d'études politiques in Grenoble and was a world renowned specialist on the communist and international workers movements *Revolution and counter-revolution; or, Germany in 1848 [articles contrib. to The New York tribune]* by K. Marx [or rather, F. Engels] ed. by E.M. Aveling Friedrich Engels, 1896 Revolution and Counter-Revolution; Or, Germany in 1848 (Hardcover Library Edition) Friedrich Engels, Karl Marx, 2024-10-10 The Mexican Revolution: Counter-revolution and reconstruction Alan Knight, 1990-01-01 Volume 2 of The Mexican Revolution begins with the army counter revolution of 1913 which ended Francisco Madero's liberal experiment and installed Victoriano Huerta's military rule After the overthrow of the brutal Huerta Venustiano Carranza came to the forefront but his provisional government was opposed by Pancho Villa and Emiliano Zapata who come powerfully to life in Alan Knight's book Knight offers a fresh interpretation of the great schism of 1914-15 which divided the revolution in its moment of victory and which led to the final bout of civil war between the forces of Villa and Carranza By the end of this brilliant study of a popular uprising that

deteriorated into political self seeking and vengeance nearly all the leading players have been assassinated In the closing pages Alan Knight ponders the essential question what had the revolution changed His two volume history at once dramatic and scrupulously documented goes against the grain of traditional assessments of the last great revolution *Revolution and Counter-Revolution* Marx, 2019-01-30 The following articles are now after forty five years for the first time collected and printed in book form They are an invaluable pendant to Marx s work on the coup d tat of Napoleon III *Der Achtzehnte Brumaire des Louis Bonaparte* Both works belong to the same period and both are what Engels calls excellent specimens of that marvellous gift of Marx of apprehending clearly the character the significance and the necessary consequences of great historical events at a time when these events are actually in course of taking place or are only just completed The German Revolution of 1918 Ralph H.
