The Year Of Ice By Brian Malloy:

The Year of Ice Brian Malloy, 2020-06-30 Brian Malloy's acclaimed debut novel set in Minneapolis in the late 70's. *The Year of Ice* is the story of a painfully revealing year that threatens to shatter the tenuous bonds between a father and his teenage son. It is 1978 in the Twin Cities and Kevin Doyle, a high school senior, is a marginal student in love with Keggi's rock and roll and unbeknownst to anyone else, a boy in his class with thick eyelashes and a bad attitude. His mother Eileen died two years earlier when her car plunged into the icy waters of the Mississippi River, and since then Kevin's relationship with his father Patrick has become increasingly distant. As lonely women vie for his father's attention, Kevin discovers Patrick's own closely guarded secret: he had planned to abandon his family for another woman. More disturbingly, his mother's death may well have been a suicide, not an accident. Complicating the family dynamic is the constant meddling of Kevin's outspoken Aunt Nora, who will never forgive Patrick for Eileen's death, along with Patrick's inability to stay single for very long. His loyalties divided between his father and his aunt, between his internal reality and his public persona, Kevin is forced to accept his gay identity and reevaluate his notions of family and love as painful truths emerge about both.

After Francesco Brian Malloy, 2021-05-25 Like Rebecca Makkai's *The Great Believers*, author activist Malloy's newest novel is a heartrending portrayal of the realities of healing. Oprah Daily Best LGBTQ Books of 2021. Acclaimed author Brian Malloy brings insight, humor, and the authenticity of his own experiences as a member of the AIDS generation to this universal story of love and loss, set in New York City and Minneapolis at the peak of the AIDS crisis. Published on the 40th anniversary of the disease's first reported cases, *After Francesco* is both a tribute to a generation lost to the pandemic as well as a powerful and universal exploration of heartbreak, recovery, and how love can defy grief. The year is 1988, and 28-year-old Kevin Doyle is bone-tired of attending funerals. It's been two years since his partner Francesco died from AIDS, an epidemic ravaging New York City and going largely ignored by the government.

leaving those effected to suffer in silence feeling unjustifiable shame and guilt on top of their loss Some people might insist that Francesco and the other friends he s lost to the disease are in a better place but Kevin definitely isn t Half alive he spends his days at a mind numbing job and nights with the ghost of Francesco drunk and drowning in memories of a man who was too young to die When Kevin hits an all time low he realizes it s time to move back home to Minnesota and figure out how to start living again without Francesco With the help of a surviving partners support group and friends both old and new Kevin slowly starts to do just that But an unthinkable family betrayal and the news that his best friend is fighting for his life in New York will force a reckoning and a defining choice This novel is fresh well observed often funny sometimes angry and always real I can t think of another novel about the AIDS years that captures that difficult messy intense age more accurately or movingly Christopher Bram author of Eminent Outlaws The Gay Writers Who Changed America In this highly recommended novel the pain and rage felt by Kevin and those in the trenches with him is palpable and uncomfortable and real So too is the love and warmth of spirit they manage to nurture in order to survive Library Journal Starred Review
